BENEFITS OF ORDERING FORD POLICE PREP PACKAGES

ENGINEERED BY FORD

Model-specific equipment that is developed to fit your 2007 Police Interceptor. Ensures compatibility in advance of your vehicle being delivered.

FORD-APPROVED POLICE EQUIPMENT

Validated through extensive testing, including Crash Testing, Long-Term Durability Performance Standards, Cycle Testing, Vibration, EMC Compatibility, Severe Temperature, Humidity, and Water & Salt.

THE HIGHEST STANDARDS

Validated to vehicle manufacturer safety standards, such as Federal Motor Vehicle Safety Standards (FMVSS), Society of Automotive Engineers (SAE) standards and, most importantly, Ford standards, which often exceed those other standards.

UNPARALLELED QUALITY AND DURABILITY

The benefit of taking police equipment to the manufacturer's level is that components and installation are verified as a part of the Ford quality system.

REDUCES DAMAGE

Helps eliminate damage from interior disassembly and reassembly. These often occur twice: when upfitting to put into service and decommissioning for out-of-service.

ORDERED UP FRONT WITH YOUR VEHICLE ORDER

Frees up other maintenance, outfitting and repair budgets.

MODIFICATION CENTER

Options installed in a Ford-approved facility where vehicle turnaround is often under 24 hours. There are no lengthy delays and options appear at your dealership seamlessly.

STANDARDIZATION

Standardize with a quality system and your troubleshooting becomes much easier.

SAVES TIME

Saves administration, shop time, vehicle downtime and reduces upfitting time from weeks to days.

COMPATIBILITY

Our packages are compatible with the Ford Trunk Pack™ and the Fire Suppression System. Some aftermarket police equipment may not be compatible with other Ford options.

OWNER'S MANUAL

Each vehicle comes with an Owner's Manual, which explains all of the options and quick-reference schematics. The current and past model year Owner's Manuals are available online at www.crown-na.com.

UNIQUE OPTIONS

Different option levels to satisfy the needs of varied fleets, from those that do their own upfitting to those that are seeking a complete turnkey solution.

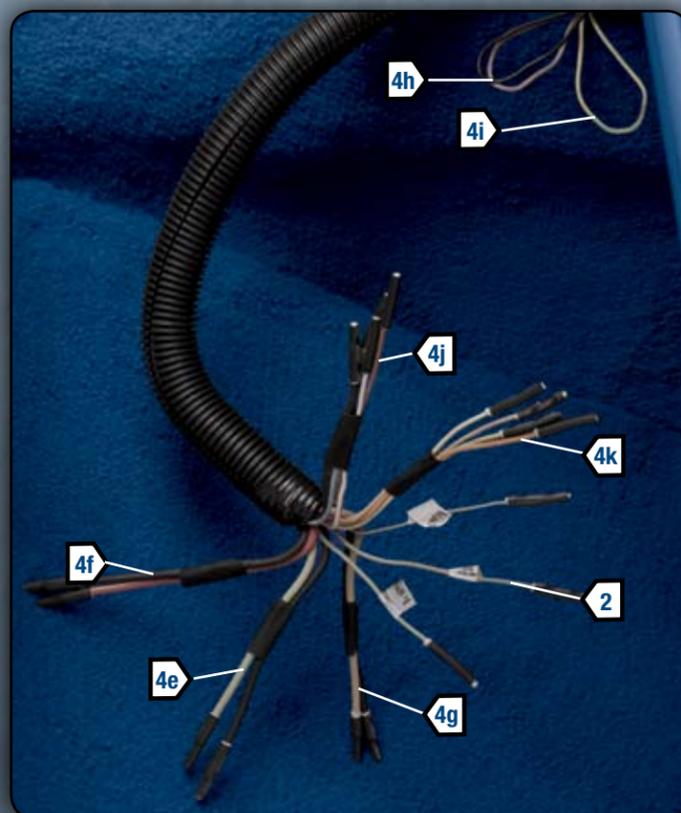

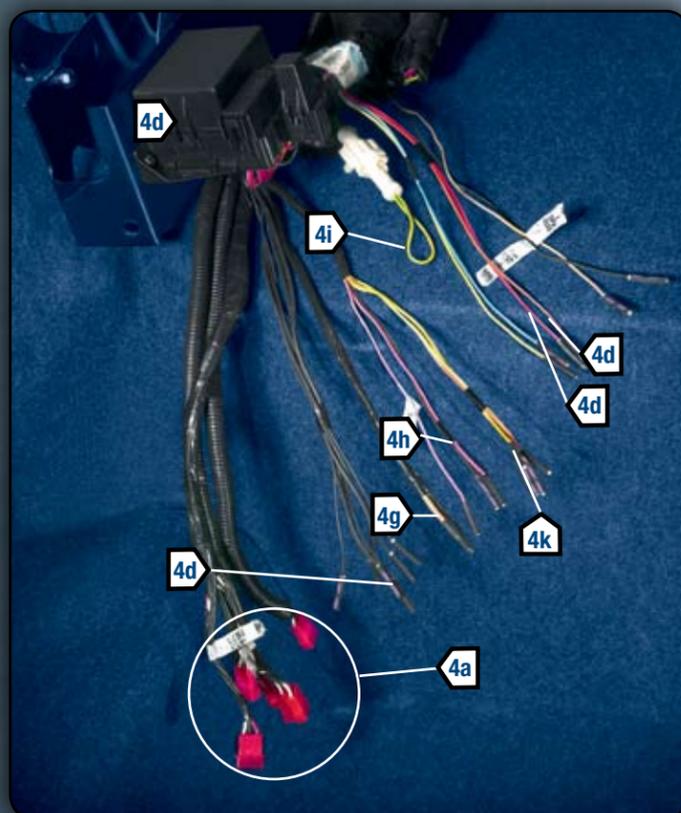

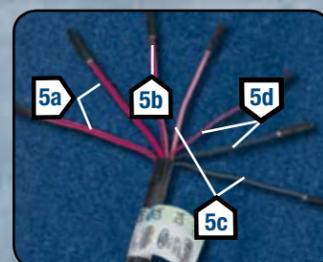

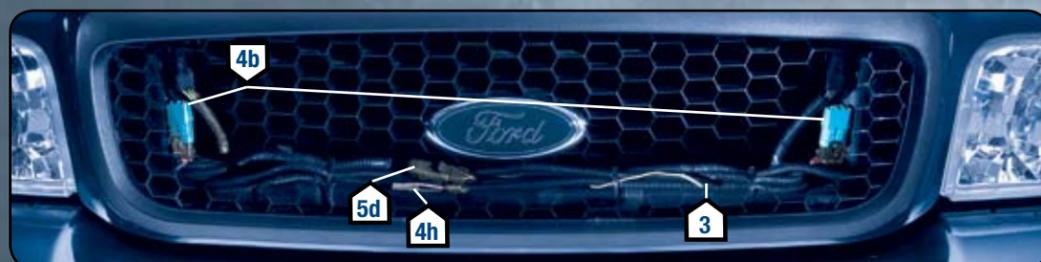

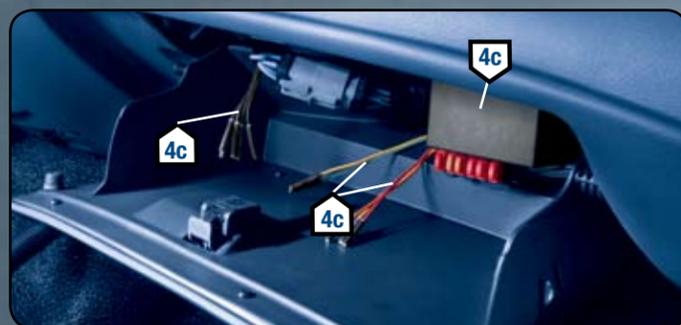

FORD WARRANTY

Backed by Ford Dealers and authorized Fleet Maintenance facilities that perform their own warranty work for 3 years or 36,000 miles.*
