

## 2007 PONTIAC SOLSTICE

---

Every line an outpouring of roadster essence. Every detail focused on performance. An eager, responsive engine. Short-throw shifts. Balanced rear-wheel drive. With its 18-inch aluminum wheels and wide, athletic stance, Solstice is designed to run, stop, and turn as effortlessly as it turns heads. And now, for those who lust after power, for the ultimate in life experiences, we've made a GXP version. A primal-scream of a turbo built to push to extremes - 260 hp and sub-5.5 zero-60.

Solstice GXP (available fall 2006) shown in Mean (extra-cost color) with optional equipment.
