*WHEN DESIGN REVEALS CHARACTER*

Let your eyes wander across the shapes and surfaces of Encore and study its details: The tailored creases in the hood that highlight Encore's refinement. The blue-accented projector-beam headlamps that give Encore its expressive look. And the chrome portholes and waterfall grille that are signatures of Buick design. It's all a reflection of character.

## WHEN YOU'RE IN THE MOMENT

Inside Encore, seamlessly flowing lines, highlighted by ice-blue ambient lighting, create a relaxed yet spacious environment. The instrument panel's "low and away" design gives a feeling of openness, while soft-to-the-touch materials like a leather-wrapped steering wheel and available leather-appointed heated front seats add to your comfort.

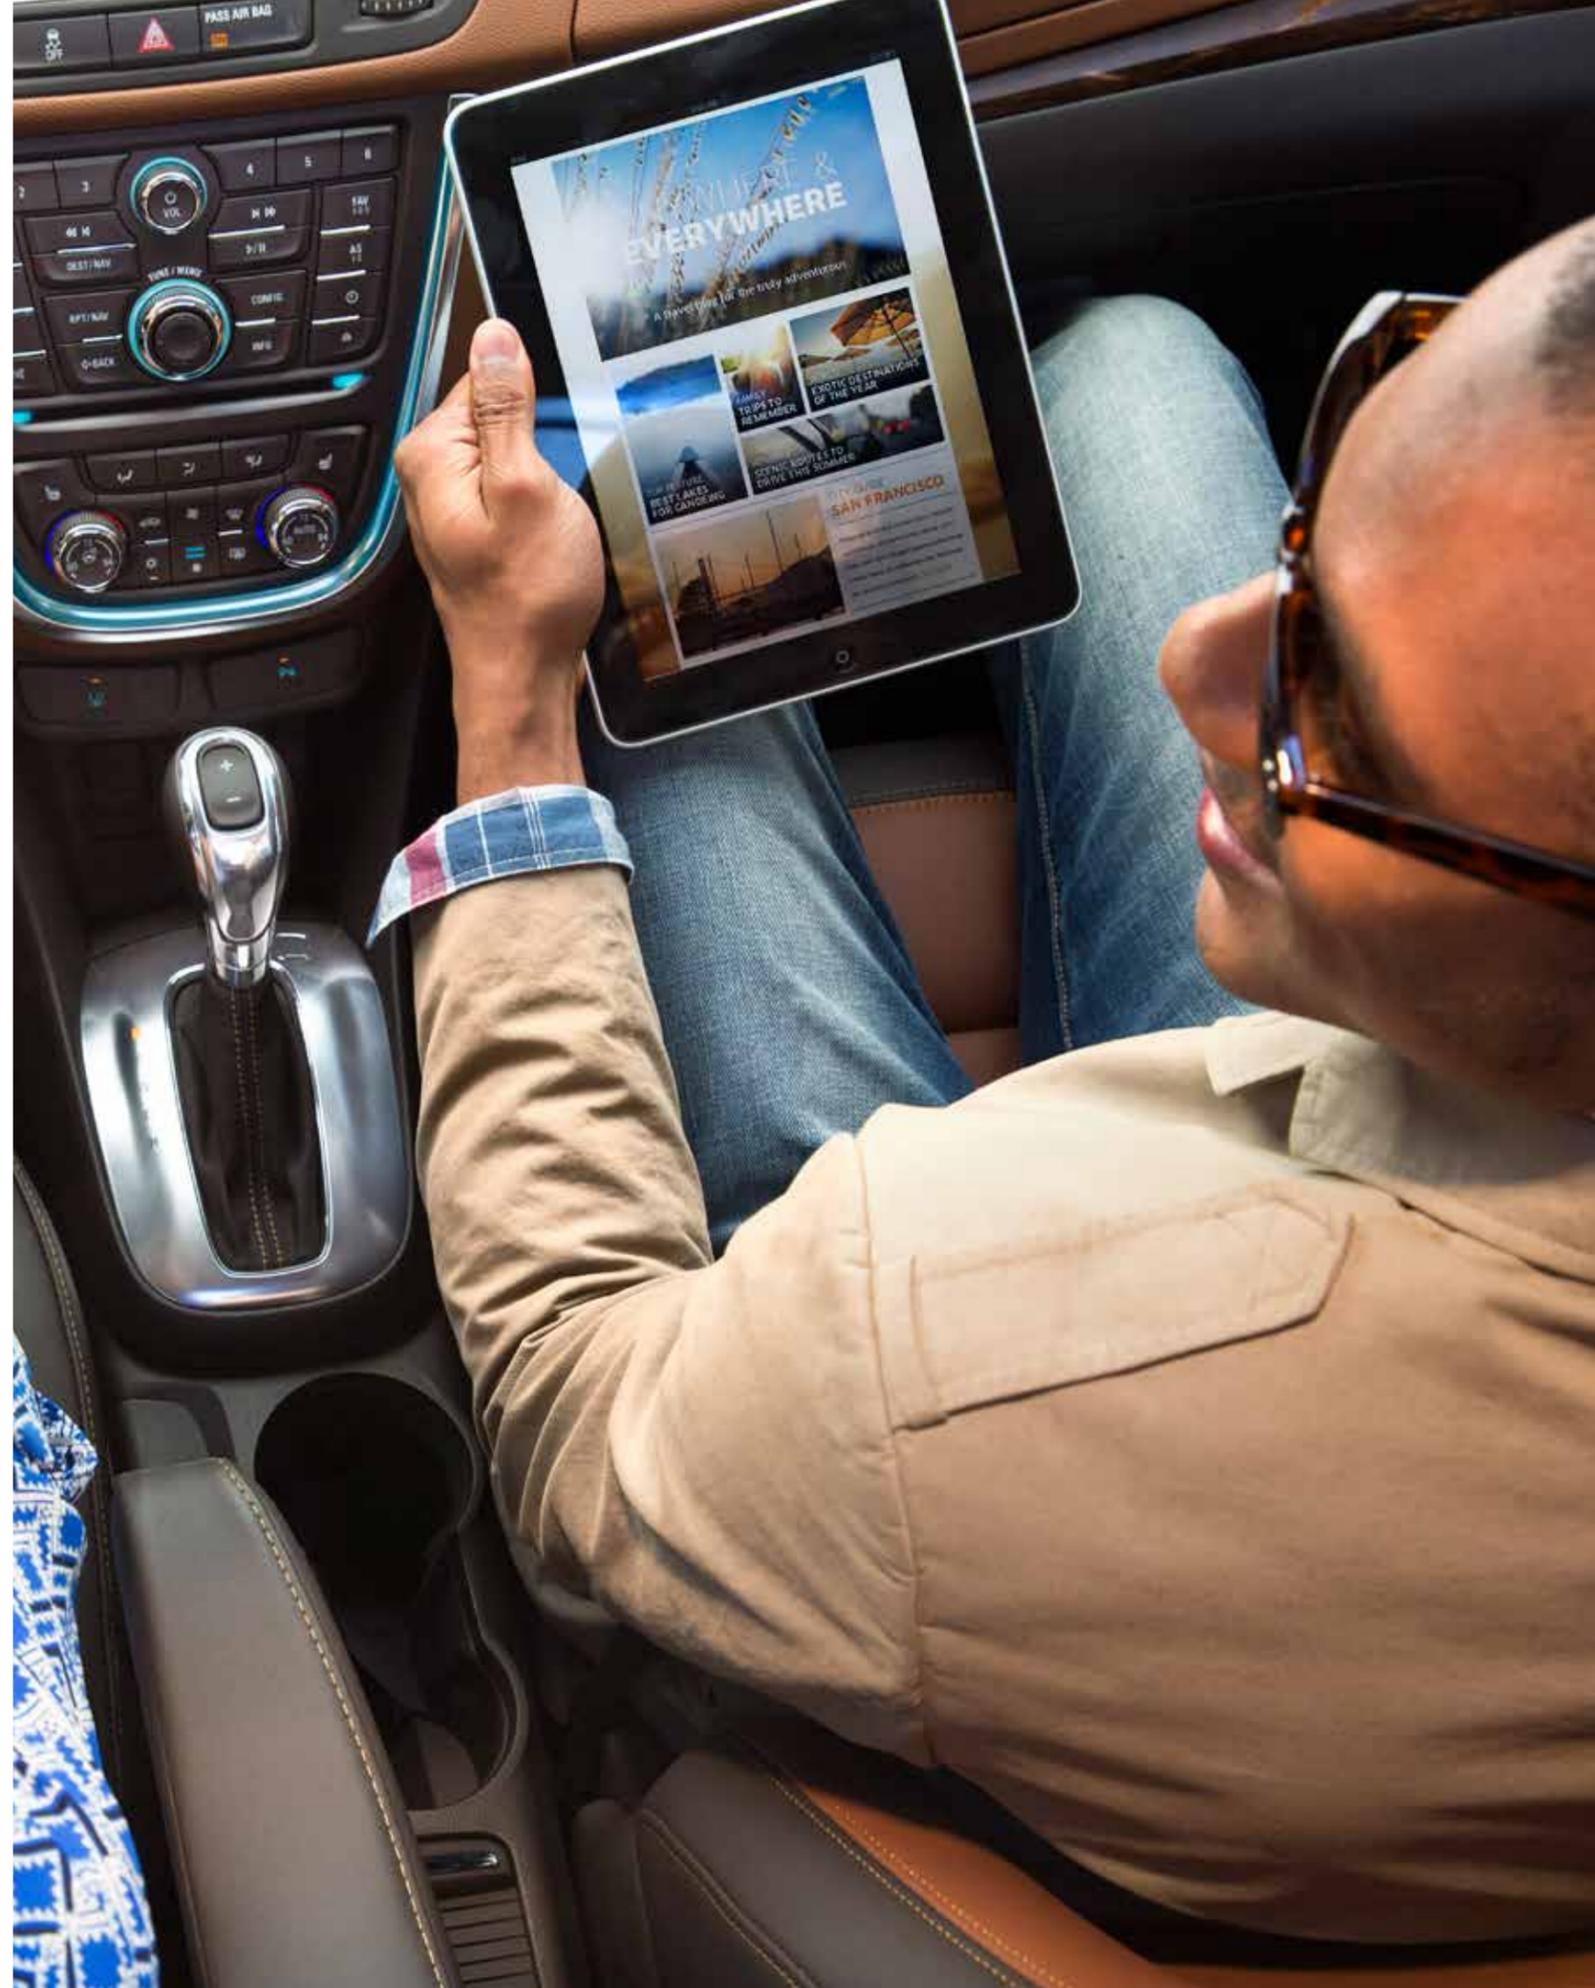

WHEN CONFIDENCE  
IS QUIET

QuietTuning is Buick's way to reduce, block and absorb noise — helping to keep the quiet in and the noise out. In Encore, a laminated windshield, triple door seals and tight body panel tolerances make it all possible. But we didn't stop there. Bose® Active Noise Cancellation is standard. Unwanted sounds fade into the background, thanks to technology also found in noise-cancelling headphones. This way you can hear yourself think, chat and, of course, enjoy the available Bose premium seven-speaker audio system.

# WHEN TECHNOLOGY CONNECTS YOU

With Encore, the world really does revolve around you. Use your voice to play your favorite music or make hands-free calls on the Buick IntelliLink<sup>1</sup> system. Enjoy fuller sound with the optional Bose premium seven-speaker audio system. Available OnStar with 4G LTE<sup>2</sup> keeps you connected to your world. Enjoy available built-in Wi-Fi and relax in confidence with a suite of innovative available safety features. Looking for a ride as tech-savvy as you are? Look no further.

<sup>1</sup>Full functionality requires compatible Bluetooth® and smartphone. Some devices require USB connectivity. <sup>2</sup>Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit [onstar.com](http://onstar.com) for details and system limitations.

ALL-NEW. BUILT-IN

# WIFI

The next generation of OnStar brings you 4G LTE! The all-new available technology provides your Encore with a fast, reliable available Wi-Fi hotspot. Passengers can tap into available high-speed wireless Internet and connect up to seven mobile devices to browse Web sites, stream movies, send e-mails and more. OnStar with 4G LTE and a built-in Wi-Fi hotspot turn your vehicle into a reliable mobile hub, with great signal quality and bandwidth.

\*Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit [onstar.com](http://onstar.com) for details and system limitations.

# WHEN LIFE IS SEAMLESS

Use your voice to control the Buick IntelliLink<sup>1</sup> interactive audio system or have the optional Navigation System<sup>2</sup> guide you to what you're looking for. Your compatible smartphone connects via Bluetooth<sup>3</sup> to Encore's high-resolution, 7-inch diagonal LCD screen. With the ease of advanced voice recognition (or steering-wheel-mounted controls), you have access to available audio apps on your phone such as Pandora<sup>®</sup> internet radio or Stitcher<sup>™</sup> SmartRadio and SiriusXM Satellite Radio (with 3-month trial).<sup>4</sup> IntelliLink also automatically stores your phone contacts for quick access. There's even a USB port<sup>5</sup> and an available 120-volt outlet to connect your other electronic devices. You're doing all of this while keeping your hands on the wheel and eyes squarely on the road.

<sup>1</sup>Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data plan rates apply. <sup>2</sup>Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico, Canada and Mexico. <sup>3</sup>Go to [gmtotalconnect.com](http://gmtotalconnect.com) to find out which phones are compatible with the vehicle. <sup>4</sup>If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms at [siriusxm.com](http://siriusxm.com). Other fees and taxes will apply. All fees and programming subject to change. <sup>5</sup>Not compatible with all devices.

# WHEN YOU FEEL SECURE

Encore's available FORWARD COLLISION ALERT and available LANE DEPARTURE WARNING use digital imaging to help you avoid trouble before it happens. Forward Collision Alert provides audible and visual cues if you're quickly approaching another vehicle and the system senses a collision may occur. Lane Departure Warning lets you know if you wander from your lane without using your turn signal. Available SIDE BLIND ZONE ALERT warns you when a vehicle is in your side-mirror blind spot.

We also gave Encore 10 standard air bags,<sup>1</sup> including dual front, head curtain side, front and outboard-mounted rear-seat side-impact air bags and even driver and front-passenger knee bags. Safety features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Read the vehicle Owner's Manual for more important safety information.

<sup>1</sup>Always use safety belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information.

## WHEN TECHNOLOGY GUIDES YOU

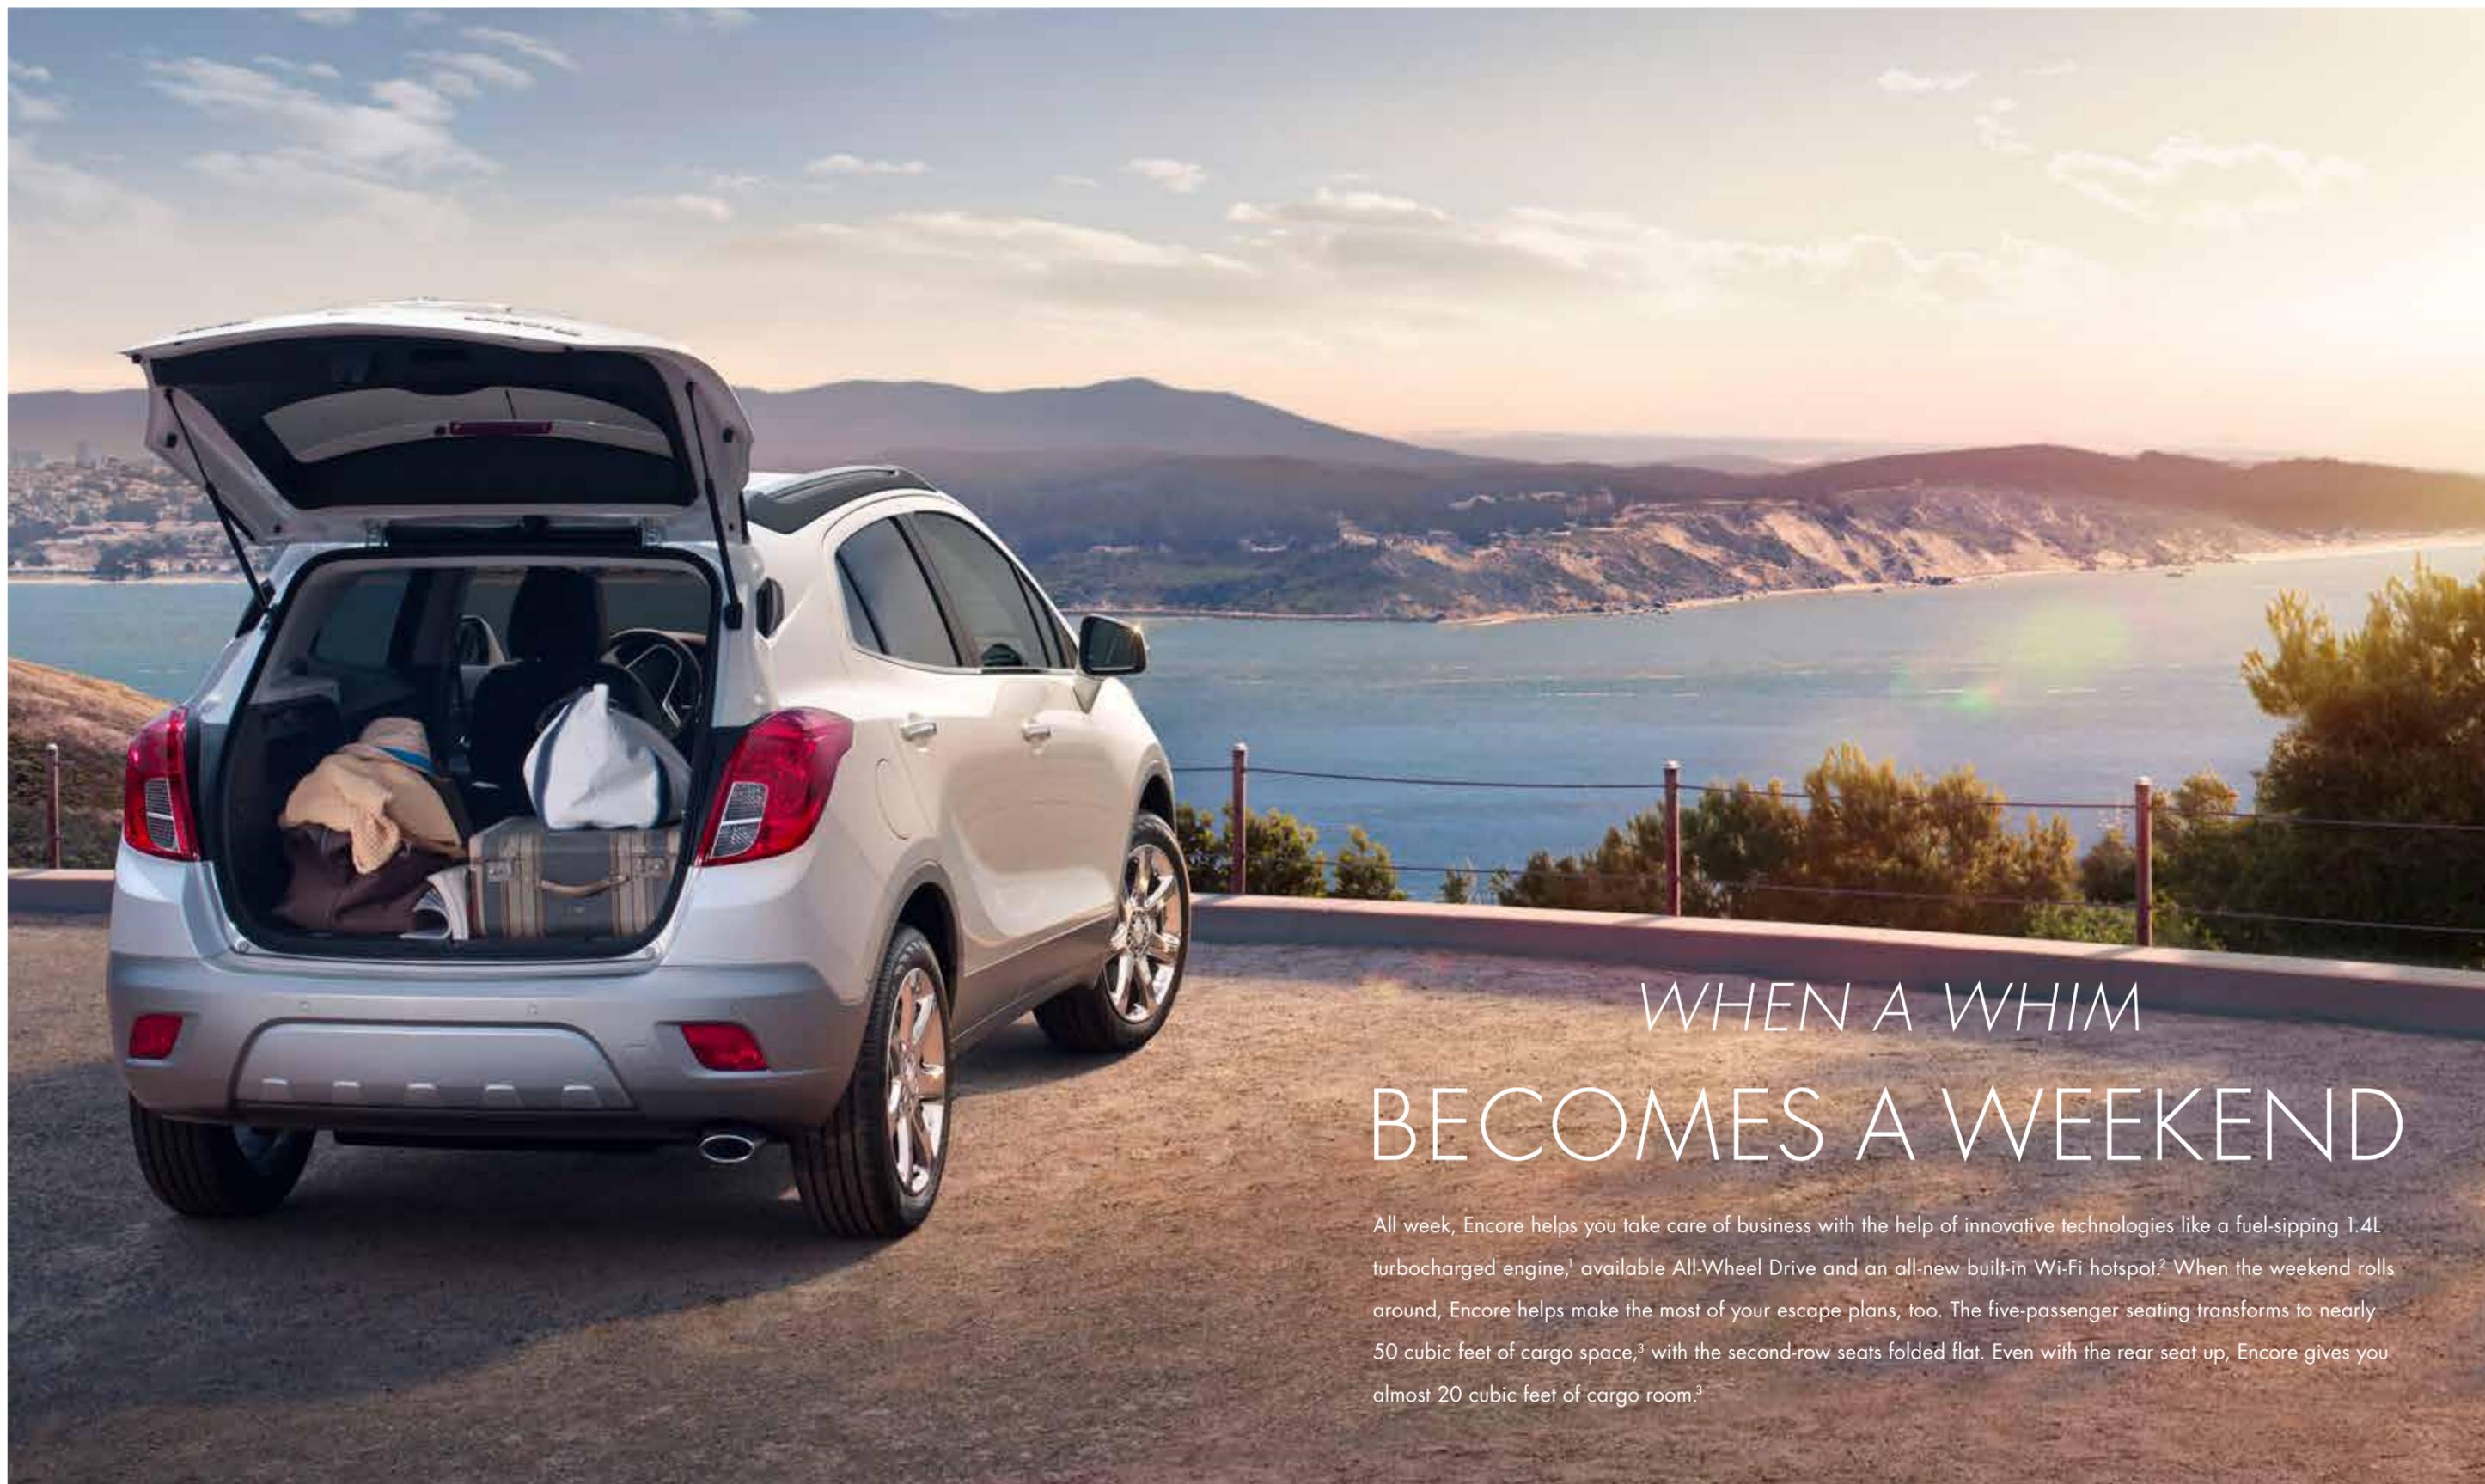

REAR VISION CAMERA helps you see objects while in reverse, while available REAR CROSS TRAFFIC ALERT makes you aware of approaching traffic when backing up. Available FRONT AND REAR PARK ASSIST is designed to help the driver park and avoid obstacles while maneuvering. Ultrasonic sensors detect objects in front of and behind the vehicle. When the system detects an object, it provides audible alerts through Encore's speakers. Low-toned beeps from the rear speakers indicate an object at the rear; high-toned beeps from the front speakers indicate an object in front of Encore. The faster the beeps, the closer the object.

## ONSTAR SERVICES

The 2015 Encore comes with a 5-year OnStar Basic Plan! This standard plan gives you access to the RemoteLink Key Fob Services,<sup>2</sup> which let you lock and unlock your car doors, activate the horn and lights and even start your Encore remotely from your smartphone or tablet (requires factory-installed Remote Vehicle Start). Plus, get OnStar Vehicle Diagnostics and Dealer Maintenance Notification to make service scheduling simple. You will also receive a 6-month trial of the Directions & Connections Plan<sup>3</sup> that includes Automatic Crash Response, Emergency Services, Turn-by-Turn Navigation, Stolen Vehicle Assistance, Live Advisor Assistance and more.

<sup>1</sup>Access is available for 5 years from the date of vehicle delivery and is transferable. Does not include any emergency services or other OnStar services. To cancel OnStar RemoteLink Key Fob Services, or if your vehicle is sold, it is important to contact an OnStar Advisor. See [onstar.com/mobile](http://onstar.com/mobile) for full details and system limitations. <sup>2</sup>Requires active OnStar subscription, which is standard for 6 months and compatible Android™, Apple®, BlackBerry® or Windows® platform. <sup>3</sup>Visit [onstar.com](http://onstar.com) for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

## WHEN A WHIM BECOMES A WEEKEND

All week, Encore helps you take care of business with the help of innovative technologies like a fuel-sipping 1.4L turbocharged engine,<sup>1</sup> available All-Wheel Drive and an all-new built-in Wi-Fi hotspot.<sup>2</sup> When the weekend rolls around, Encore helps make the most of your escape plans, too. The five-passenger seating transforms to nearly 50 cubic feet of cargo space,<sup>3</sup> with the second-row seats folded flat. Even with the rear seat up, Encore gives you almost 20 cubic feet of cargo room.<sup>3</sup>

<sup>1</sup>EPA-estimated 25 city/33 highway mpg (FWD); 23 city/30 highway mpg (AWD). <sup>2</sup>Devices must be WPA2 compliant with active OnStar service and data plan. Wi-Fi devices manufactured prior to 2006 may not be compatible. Please consult your device manufacturer for information regarding the WPA2 security protocol and Wi-Fi device compatibility. Vehicle must be started or in accessory mode to access Wi-Fi. Visit [onstar.com](http://onstar.com) for details and system limitations. <sup>3</sup>Cargo and load capacity limited by weight and distribution.

WHEN ROOM IS  
**EASILY MADE**

All that space inside Encore is yours to use however you see fit. A day at the beach? Load up the blankets, chairs and coolers. A trip to the farmers market, then to the nursery for gardening supplies? Quickly lower the second-row seats to create a flat surface ideal for the errand. Driving friends to dinner? Raise the rear seats with ease to welcome them to sit surrounded by spacious comfort. And for maximum cargo capacity, the front passenger seat folds flat to create room for long objects.
