

RIDGELINE

2017

THE ALL-NEW 2017 RIDGELINE:

A TRUCKLOAD OF INGENUITY

We didn't set out to build a typical pickup truck. The world is filled with those already. Instead, we created a capable pickup with unique features that could only come from Honda. Like a dual-action tailgate, lockable In-Bed Trunk® and the only available Truck-Bed Audio System.* A pickup with a roomy cabin that seats five comfortably and has the most passenger volume in its class. The stylish yet smart all-new Ridgeline. It's the Honda of trucks.

Honda reminds you to properly secure cargo items. *As compared to currently available new 2016 and 2017 trucks.

PERFORMANCE:

HIT THE GROUND RUNNING

With its impressive performance, the temptation to hit the road has never been more powerful. So start planning your next adventure, because the Ridgeline is raring to go.

Ridgeline RTL-E shown in Modern Steel Metallic.

Ridgeline AWD RTL-T shown in Lunar Silver Metallic with accessory roof rails and running boards.

POWER PLAY

Whether you're traveling up a mountain road or heading down a dirt path, the powerful 3.5-liter, i-VTEC® V-6 engine with direct injection and 6-speed automatic transmission deliver the performance you need for the journey. Producing 280 hp* and 262 lb-ft of torque†; the Ridgeline still received a remarkable 25-mpg highway rating‡

Honda reminds you to properly secure cargo items. *SAE net. †18 city/25 highway/21 combined mpg rating for AWD models. Based on 2017 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

RIDE AND HANDLING:

TAKE IT AWAY

Wherever you venture, the Ridgeline deftly delivers a smooth ride and handling that's vastly superior to other pickups. And since it has a spacious cargo bed, you can take your toys with you.

UNIBODY DESIGN

Unlike its competitors, the Ridgeline has a unibody design, so the body panels and chassis are a single molded unit. This superior design uses different strengths of steel throughout, giving it an extremely rigid structure coupled with lighter weight for impressive fuel efficiency.*

MULTI-LINK REAR SUSPENSION

Why rough it? The Ridgeline has a sophisticated, fully independent suspension that provides a remarkable ride quality, wherever the road, or lack thereof, takes you.

i-VTM4™ AWD SYSTEM

The available intelligent Variable Torque Management™ AWD system continuously monitors the wheel speed of each individual tire. Torque vectoring delivers improved all-weather stability allowing you to conquer virtually any road.

ROOMY CARGO BED

The cargo bed is more than four feet wide and almost seven feet long with the tailgate down. It's also dent- and scratch-resistant and has eight 350-pound tie-down cleats, so go ahead and stow your stuff.

Ridgeline AWD RTL-T shown in Lunar Silver Metallic with accessory roof rails and running boards.

Honda reminds you to properly secure cargo items. *19 city/26 highway/22 combined mpg rating for 2WD models. 18 city/25 highway/21 combined mpg rating for AWD models. Based on 2017 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

OFF-ROAD CAPABILITY:

ROLL WITH IT

Driving up a snowy mountain pass. Ascending a sandy hill. Navigating a rain-soaked dirt road. Neither snow nor sand nor mud shall intimidate the Ridgeline driver, because this super-capable truck has available technology that lets you tackle virtually any terrain with confidence.

INTELLIGENT TRACTION MANAGEMENT

Simply push a button and select the mode that matches your driving conditions and the Ridgeline will optimize power output for that particular surface.*

*Snow mode only on 2WD models. Snow, Mud and Sand modes on AWD models.

Ridgeline AWD RTL T shown in Lunar Silver Metallic with accessory roof rails and running boards.

INNOVATIVE FEATURES:

LOADED WITH SMART THINKING

IN-BED TRUNK

The Ridgeline is the only pickup with a lockable trunk. This revolutionary feature provides 7.3 cubic feet of secure, versatile storage space¹ with no compromise to bed utility. It has a drain for quick water removal and easy cleaning so you can use it as a cooler or a place to stow your dirty gear.

DUAL-ACTION TAILGATE

Want easy access to the In-Bed Trunk? Swing the tailgate to the side and you can reach right in. Have something large to load? Just lower the tailgate. And the over-four-foot-wide bed, with no protruding wheelwells, lets you easily haul large, flat items such as sheets of plywood¹.

TRUCK-BED AUDIO SYSTEM

This available feature turns the entire bed into a premium audio system. Six exciters use the walls of the truck bed to pump out 540 watts of sound. Since it can be operated via Bluetooth[®],² you can control music with your smartphone from a distance.*

EXTRA-VERSATILE SEATING

The 60/40 split lift-up rear seat with underseat storage provides the ultimate in versatility. Fold the rear seat up for an ample amount of space that accommodates items four feet tall. And thanks to the flat floor, you can stow bulky cargo, like camping gear, under the seat and still have plenty of room for rear-seat passengers!¹

Honda reminds you to properly secure cargo items. *Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

INTERIOR FEATURES:

AN INTUITIVE INTERIOR

Upscale amenities abound in the spacious, comfortable cabin. You'll have an array of available technology at your fingertips, including the controls to the exclusive Truck-Bed Audio System.

Apple CarPlay™³

The available Apple CarPlay feature gives you access to several iPhone® features on the Display Audio touch-screen.

ANDROID AUTO™⁴

Android smartphone users can access Google Maps,™ Google Now,™ messages, music and other popular apps with the available Android Auto feature.

REMOTE ENGINE START

Available remote engine start lets you pre-heat or cool your Ridgeline, so you're ready to go when you reach the door.

TRI-ZONE CLIMATE CONTROL

The driver, front passenger and rear passengers can enjoy the temperature they prefer (RTS and above).

HEATED STEERING WHEEL

Want toasty fingertips? A switch on the lower left of the steering wheel activates the heating element (RTL-E, Black Edition).

BLACK EDITION:

TOP OF THE 'LINE

What happens when you take a sophisticated new pickup and give it special features and finishing touches? You get the super-sleek Ridgeline Black Edition. It just might be the most refined pickup ever.

EXCLUSIVE BLACK AND RED INTERIOR
Seats are black perforated with a red under-fabric while red stitching throughout completes the look.

GLOSS BLACK HIGHLIGHTS
The wheels, window trim and grille all receive a sharp, gloss black finish.

INTERIOR AMBIENT LIGHTING
Subtle red LED lighting illuminates the footwells, door pulls and the center front beverage holders.

DISPLAY AUDIO TOUCH-SCREEN
Red illuminates the Display Audio touch-screen for an extra-sophisticated feel.

Ridgeline RTL-T shown in Deep Scarlet Pearl.

COLLISION MITIGATION BRAKING SYSTEM™⁵
This innovative offering can help bring your Ridgeline to a stop by automatically applying brake pressure when the system determines that a frontal collision is unavoidable.*

ROAD DEPARTURE MITIGATION SYSTEM⁶
This system can determine if you cross over detected lanes without signaling, can provide steering assistance to help you stay in your lane or provide braking to keep from leaving the roadway entirely.*

LANE DEPARTURE WARNING⁷
If you make an unindicated and possibly unintentional departure from a detected lane, you'll be alerted by warnings both visual and audible.*

LANE KEEPING ASSIST SYSTEM (LKAS)⁸
With your hands on the steering wheel, long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Ridgeline centered in a detected lane.*

FORWARD COLLISION WARNING⁹
Audible and visual alerts will warn you if this system determines you're at risk of colliding with a vehicle it detects in front of you.*

ADAPTIVE CRUISE CONTROL (ACC)¹⁰
ACC helps you maintain a set following interval behind detected vehicles for highway driving. If the detected vehicle slows to a stop, ACC is designed to slow and stop your vehicle as well.

AUTO HIGH-BEAM HEADLIGHTS
For improved nighttime visibility, a camera detects other vehicles and automatically turns on and off the high beams.*

MULTI-ANGLE REARVIEW CAMERA¹¹
Back up with confidence thanks to the multi-angle rearview camera with guidelines, standard on every Ridgeline.

*RTL-E, Black Edition.

SAFETY/DRIVER-ASSISTIVE:

WE'VE GOT YOUR BACK

The new Ridgeline features a full suite of available safety and driver-assistive technologies to help protect you and your passengers.

- 280-hp,¹² 3.5-liter i-VTEC® V-6 engine with direct injection
- 6-speed automatic transmission
- Heavy-duty transmission cooler (available)
- Intelligent Variable Torque Management™ (i-VTM4™) AWD system (available)
- Intelligent Traction Management
- 18-inch alloy wheels
- Security system
- Multi-angle rearview camera¹¹ with guidelines
- Dual-action tailgate
- In-Bed Trunk®
- Integrated trailer hitch
- Truck-bed lights
- Push button start
- Capless fuel filler
- 60/40 split lift-up rear seat with underseat storage
- 200-watt audio system with 7 speakers, including subwoofer
- USB Audio Interface¹³ (1.0-amp charging port in center console)
- 4.2-inch Multi-Information Display

RTS

adds to or replaces RT features

- Remote engine start
- 18-inch machine-finished alloy wheels
- Smart Entry
- Fog lights
- Exterior temperature indicator
- Tri-zone automatic climate control system with humidity control and air filtration
- HomeLink®¹⁴ remote system
- Driver's and front passenger's seatback pockets

RTL

adds to or replaces RTS features

- Acoustic windshield
- Leather-wrapped steering wheel
- Heated side mirrors (AWD models)
- Driver's seat with 10-way power adjustment, including power lumbar support
- Front passenger's seat with 4-way power adjustment
- Leather-trimmed interior
- Heated front seats

SPORT

adds to or replaces RTS features

- Crystal Black Pearl paint
- 18-inch dark gray-painted alloy wheels
- Sport badging

RTL-T

adds to or replaces RTL features

- LED Daytime Running Lights (DRL)
- Honda LaneWatch™¹⁵
- USB Audio Interface¹³ (1.5-amp charging port in front / 1.0-amp charging port in center console)
- 8-inch Display Audio with high-resolution touch-screen and customizable feature settings
- Apple CarPlay™³
- Android Auto™⁴
- HondaLink®¹⁶
- SMS text message function¹⁷
- SiriusXM® Radio¹⁸
- HD Radio™¹⁹
- Pandora®²⁰ compatibility
- Honda Satellite-Linked Navigation System™²¹ with voice recognition and Honda HD Digital Traffic
- USB charging ports in second row (2)
- Compass

RTL-E

adds to or replaces RTL-T features

- Standard intelligent Variable Torque Management (i-VTM4) AWD system
- Honda Sensing™ suite of safety and driver-assistive features
- Exclusive 18-inch machine-finished alloy wheels
- Blind spot information system (BSI)²² with cross traffic monitor
- One-touch power moonroof with tilt feature
- Power sliding rear window
- LED headlights with auto-on/off & auto high-beam
- 150-watt / 400-watt truck-bed power outlet
- Body-colored parking sensors (front and rear)
- Heated steering wheel
- Blue ambient LED lighting
- Driver's seat with two-position memory
- 540-watt premium audio system with 8 speakers, including subwoofer
- Truck-Bed Audio System

BLACK EDITION

adds to or replaces RTL-E features

- Crystal Black Pearl paint
- Exclusive 18-inch black-painted alloy wheels
- Perforated black leather seats with red under-fabric and red stitching
- Gloss black door handles
- Red ambient LED lighting
- Black Edition badging

¹ Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Follow applicable load limits and loading guidelines. ² The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ³ Apple CarPlay is a trademark of Apple Inc. ⁴ Android and Android Auto are trademarks of Google Inc. ⁵ Depending on the circumstances, CMBS may not go through all the alert stages before initiating the last stage (of collision mitigation). CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁶ Road Departure Mitigation (RDM) only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁷ Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁸ LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁹ Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. ¹⁰ ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function; driver remains responsible for slowing or stopping the vehicle to avoid a collision. ¹¹ Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. ¹² 280 hp @ 6000 rpm (SAE net). ¹³ The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your Honda dealer for details. ¹⁴ HomeLink® is a registered trademark of Gentex Corporation. ¹⁵ Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ¹⁶ Check the HondaLink® website for smartphone compatibility. ¹⁷ Compatible with select phones with Bluetooth®. Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. ¹⁸ SiriusXM services require a subscription after a trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com. Fees and programming subject to change.
