

ES

The Pursuit of Perfection  LEXUS

2011 LEXUS

the 2011 ES

Since our inception more than 20 years ago, our pursuit of perfection has led to craftsmanship, innovation and ownership experiences that set a new standard for the industry. Now, with the exquisite ES, we've used state-of-the-art technology to create a driving experience unlike any you've known before.

unparalleled,
uncompromising.

in other words, a Lexus.

Sensors. Sound dampeners. Integrated systems. While all highly innovative, they're anything but technology for technology's sake. Rather, they are evidence of an approach to engineering so singularly focused on taking each detail to the nth degree that what is ultimately created for you is not simply a vehicle, but an experience. One whose goal is simple: for every moment you spend inside the 2011 ES to be as remarkable as the first.

ES 350
3.5-liter V6
dual Variable Valve Timing with intelligence (VVT-i),
six-speed sequential-shift automatic transmission

The image shows the front interior of a car. The seats are upholstered in a light beige or cream-colored leather with a perforated texture. The dashboard, center console, and door panels feature dark wood trim. A large infotainment screen is visible in the center console area, displaying a navigation map. The steering wheel is also visible, featuring wood trim and the car's logo. The overall atmosphere is one of luxury and comfort.

an entire world to
discover before you
even leave the car.

Most of us have a sense of adventure. Yet, not everyone is satisfied by simply exploring the many luxurious and useful features of their vehicle. First, consider the wood used to create the paneling throughout the cabin of the ES. It's hand-selected to ensure consistency of grain, color and shade. Of course, when you consider this attention to detail, it's no wonder the interior is also thoughtfully appointed with available heated and ventilated semi-aniline leather-trimmed seats with 10 individual settings, eight of which can be recalled at the push of a button. Also keeping your cabin luxurious is a dual-zone climate-control system that has an automatic smog-sensing function to help prevent smog-forming compounds from entering the vehicle.

that feeling of the world
revolving around you? it's
actually a satellite.

VOICE COMMAND

Designed around the way people naturally speak, available voice command offers an experience catered to the driver. It enables you to place Bluetooth® enabled* phone calls and control climate, audio and select navigation functions. Learn more at lexus.com/ES/voicecommand.

LEXUS ENFORM^{2,3}

Offering the ultimate in convenience for the driver, the available Lexus Enform^{2,3} system features two services: eDestination and Destination Assist. The first allows you to save up to 200 points of interest from your computer and upload them to your ES. The latter connects you to a live agent, available 24/7, who can help you find destinations while driving and automatically upload them to your available Navigation System.⁴ Learn more at lexus.com/ES/enform.

MARK LEVINSON⁵ AUDIO

Offering fully discrete 5.1-channel playback in a 7.1-channel architecture, the available Mark Levinson Premium Surround Sound System⁵ in the ES uses 14 strategically placed speakers to create a "sweet spot" of sound that envelops the entire cabin. The result is a listening experience virtually unrivaled by other vehicles in its class. For more information, please visit lexus.com/ES/levinson.

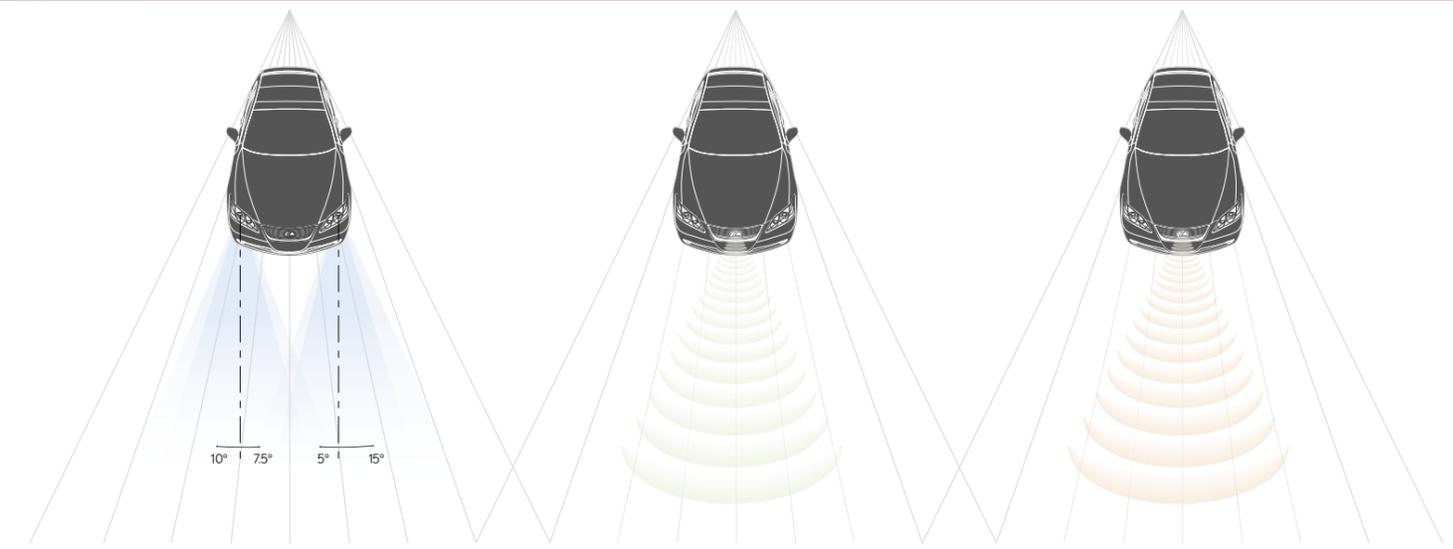

We've gone to great lengths—and heights—to provide a driving experience that feels personal. Lexus Enform^{2,3} is an available GPS-enabled service that features a live response center available 24/7 to assist with everything from turn-by-turn directions to restaurant suggestions. There's an available voice command that eliminates the need for robotic catchphrases and will raise the temperature setting by 4 degrees if you simply state, "It's too cold." And when you're not talking to your car, you'll find listening to the available Mark Levinson Premium Surround Sound Audio System,⁵ with its 14 speakers, is like enjoying a concert created just for you.

An available **Dual-swivel Adaptive Front Lighting System (AFS)**⁶ can help illuminate curves by rotating the right or left headlamp up to 15 degrees into a turn at speeds below 19 mph and both headlamps together at speeds above 19 mph.

The sensor in the available **Dynamic Radar Cruise Control**⁷ uses radar technology to help you maintain a pre-set following distance from a car traveling in front of you, reducing the throttle and applying the brakes if necessary.

An available **Pre-Collision System (PCS)**⁸ is designed to help detect when a frontal collision is unavoidable and automatically retract the front seatbelts to prepare for impact while simultaneously delivering the maximum braking force once you press the brake pedal.

as attentive to
its surroundings
as it is to you.

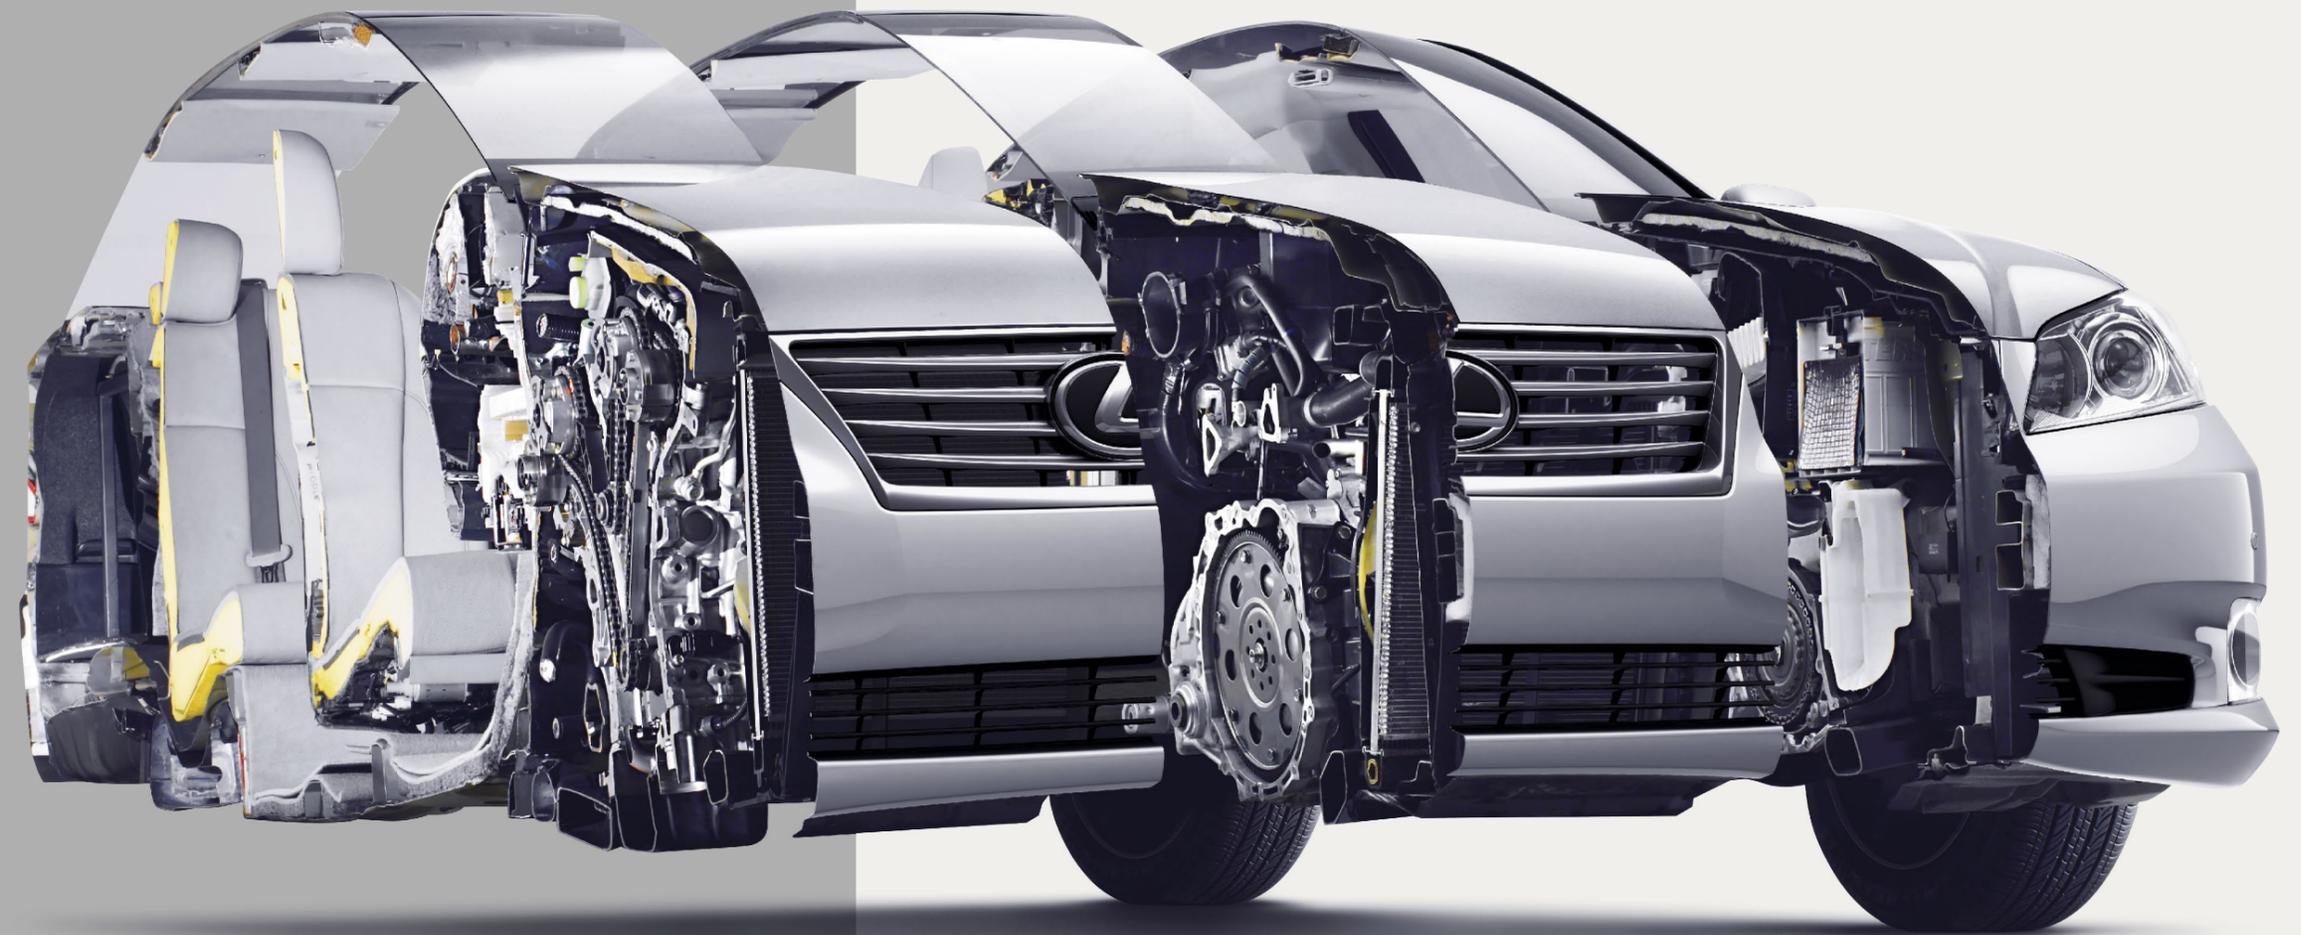

In creating some of the most advanced safety technology on the road today, what is outside your vehicle is just as important as what's inside. Curves, for example. To help you see them more clearly there's an available lighting system that can rotate in either direction to better illuminate more of the road. And to help you stay keenly aware of other vehicles, we've created the available Dynamic Radar Cruise Control⁷ that helps you maintain a safe following distance and our available Pre-Collision System⁸, which helps to better prepare you for impact should a frontal collision be unavoidable.

We all love the visceral feeling of an engine that can perform. However, we've designed ours to be admired just as much for its brains. Take the innovative system known as dual Variable Valve Timing with intelligence (VVT-i). To ensure that power is there when you demand it, it automatically monitors the engine's speed and load and adjusts the timing of the intake and exhaust valves accordingly. There's also the computer-controlled engine mount that can detect the frequency of the engine's vibration and counter it with the opposite frequency, negating the effect.

an engine as
powerful as it is
thoughtful.

behind every detail,
a detail.

The average person will spend more than 40,000 hours behind the wheel over their lifetime. To ensure this is time well spent, we engineer the ES down to the finest detail. First, consider the 114 points of sound dampening, like the thin layer of film that's been placed within the windshield or the wheel wells lined with Thinsulate.™ There are also the 43 sensors for comfort,⁹ 23 for safety and, since one can never be too meticulous, 7 more sensors to monitor the sensors. What are we trying to prove? Simply that we are Lexus, and this is what we do.

114 points of sound dampening
88 measures taken to prevent vibrations
43 sensors for comfort⁹
23 sensors for safety
7 sensors to monitor the sensors

option packages*

NAVIGATION SYSTEM/MARK LEVINSON PREMIUM AUDIO SYSTEM PACKAGE

HDD Navigation System⁴ including voice command, color LCD display with integrated backup camera¹⁰ and Enhanced *Bluetooth* technology¹; XM NavTraffic^{®4,11} XM NavWeather^{™4,11} and XM Sports and Stocks^{4,11} Subscription required. 90-day trial subscription included

Lexus Enform^{2,3} with Safety Connect^{™2,12} offers Destination Assist, eDestination, Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance¹³ services. Subscription required. One-year trial subscription included

Mark Levinson 14-speaker 300-watt @ less than 0.1% THD, 20-20,000 Hz¹⁴ Premium Surround Sound Audio System⁵ with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

NAVIGATION SYSTEM PACKAGE

HDD Navigation System⁴ including voice command, color LCD display with integrated backup camera¹⁰ and Enhanced *Bluetooth* technology¹

XM NavTraffic^{4,11} XM NavWeather^{4,11} and XM Sports and Stocks^{4,11} Subscription required. 90-day trial subscription included

Lexus Enform^{2,3} with Safety Connect^{2,12} offers Destination Assist, eDestination, Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance¹³ services. Subscription required. One-year trial subscription included

ULTRA LUXURY PACKAGE

Semi-aniline perforated leather-trimmed interior with double-contrast stitching

Wood- and leather-trimmed steering wheel and shift knob

Heated and ventilated front seats

Driver's-seat power cushion extender

Lexus Memory System for front passenger's seat

Electrochromic (auto-dimming) outside mirrors with tilt-down in reverse

Panorama glass roof

Power rear sunshade

High-Intensity Discharge (HID) headlamps

Dual-swivel Adaptive Front Lighting System (AFS)⁶

17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels¹⁵

Full-size spare tire with matching 17-in alloy wheel¹⁵

Wood- and leather-trimmed steering wheel and shift knob

Voice-activated HDD Navigation System⁴ with backup camera¹⁰ and Enhanced *Bluetooth* technology¹

options and accessories*

Power rear sunshade

Intuitive Parking Assist

Pre-Collision System (PCS)⁸ and Dynamic Radar Cruise Control⁷

Heated and ventilated front seats

Wood- and leather-trimmed steering wheel and shift knob

High-Intensity Discharge (HID) headlamps and Dual-swivel Adaptive Front Lighting System (AFS)⁶

Full-size spare tire with matching 17-in alloy wheel¹⁵

Body side moldings

Car cover

Cargo net - envelope

Carpet cargo mat

First aid kit

Paint protection film¹⁶

Rear bumper appliqué

Rear spoiler

Wheel locks

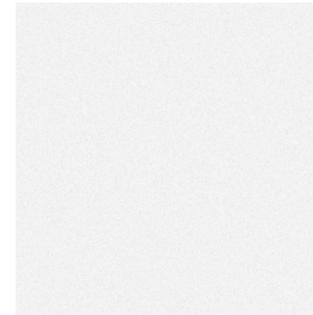

For details on accessories available through your Lexus dealer, please visit lexus.com/ES/accessories.

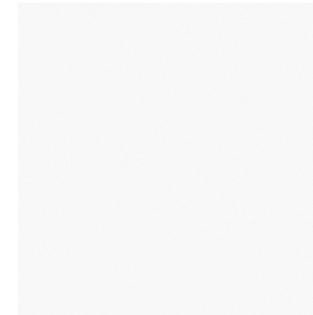

High-Intensity Discharge (HID) headlamps

AERODYNAMIC DRAG COEFFICIENT	0.28
TURNING CIRCLE	36.7 ft

chassis

VEHICLE STABILITY CONTROL (VSC)¹⁹	Electronic system that monitors and helps control loss of traction in a turn by using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist ²⁰ and Traction Control (TRAC)
SUSPENSION	Front: Independent, MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar Rear: Independent, dual-link MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
STEERING	Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock
BRAKES	Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist ²⁰ 11.6-in ventilated front, 11.0-in solid rear discs
WHEELS AND TIRES	17 x 7.0-in five-split-spoke alloy wheels with 215/55R17 all-season tires ¹⁵ Available full-size spare tire on alloy wheel Optional wheels and tires: 17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels with 215/55R17 all-season tires ¹⁵

*Please see inside back cover for more information regarding options/packages.

standard luxury features

LUXURY AND CONVENIENCE

SmartAccess^{21,22} with push-button Start/Stop

Remote keyless entry-linked memory

Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode

Power tilt-and-telescopic steering column

Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade

Power windows with one-touch auto open/close feature

Exterior glass with UV reduction

Remote-linked window and moonroof opening

Retained accessory power for moonroof and windows

Electrochromic (auto-dimming) inside rearview mirror with compass

Power door locks

Cruise control

Center console with storage bin and accessory power outlet

Dual cupholders, front and rear

Illuminated entry system

HomeLink[®] universal transceiver to operate compatible garage, gate, home lighting and home security systems

Lexus Personalized Settings (LPS)²³ to customize select electronic functions

SEATING AND TRIM

Leather-trimmed interior

10-way driver's and front passenger's (including lumbar) power seats

Lexus Memory System to control power driver's seat (except lumbar) outside mirrors and steering wheel

Height-adjustable headrests for all seats

Brown walnut or espresso bird's-eye maple interior trim

COMMUNICATION, AUDIO AND NAVIGATION

Lexus eight-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer

XM Radio^{4,11} Subscription required. 90-day trial subscription included

USB and auxiliary iPod^{®24}/MP3/Windows Media[®] Audio (WMA) port

Bluetooth technology¹

Bluetooth audio²⁵ profile for wireless integration of compatible music players with in-vehicle audio system

In-glass antenna with FM-diversity system

Shark-fin antenna

INSTRUMENTATION AND CONTROLS

Steering-wheel-mounted audio and display controls

Liquid-crystal multi-information console display

Electroluminescent instrumentation

ECO Driving indicator

Automatic on/off projector-beam headlamps with auto-off delay

Illuminated interior electronic trunk-lid and fuel-filler door releases

Outside temperature gauge

standard safety and security features

ACTIVE SAFETY

Vehicle Stability Control (VSC)¹⁹ with cutoff switch

Traction Control (TRAC)

Four-wheel power-assisted disc brakes with front ventilated discs

Four-sensor, four-channel Anti-lock Braking System (ABS)

Brake Assist²⁰

Electronic Brakeforce Distribution (EBD)

Direct Tire Pressure Monitor System²⁶

Water-repellent front-door glass

Daytime running lights

Integrated foglamps

Rain-sensing intermittent windshield wipers with mist cycle

Rear-window defogger with auto-off timer

Power-adjustable outside mirrors with turn indicators, defoggers and puddle lamps

PASSIVE SAFETY

Driver's and front passenger's advanced airbag system (SRS)²⁷ with front passenger's twin-chamber airbag (SRS)²⁷

Front and rear seat-mounted side airbags (SRS)²⁷

Driver's and front passenger's knee airbags (SRS)²⁷

Front and rear side curtain airbags (SRS)²⁷

Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front and outboard rear seats

Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver's seat

Height-adjustable front shoulder belt anchors

Child Restraint Seat (CRS) tether anchor brackets for all rear seating positions

Highly rigid body structure with front and rear crumple zones

Side-impact door beams

Reinforcements in pillars and door sills

Impact-dissipating upper interior trim

Collapsible steering column

SECURITY

Safety Connect^{2,12} features Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance¹³ services. Subscription required. One-year trial subscription included

Vehicle theft-deterrent and engine-immobilizer system²²

Emergency interior trunk release

First aid kit

Tool kit

the pursuit continues.

One more way we pursue perfection is by working to reduce our environmental impact. The paper used for the pages of this brochure, referred to in the printing industry as “Lexus Pursuit 30,” is composed of 30% post-consumer waste.²⁸ It's also manufactured with 100% certified renewable energy sources and has garnered just about every environmentally responsible acronym you can imagine. Including FSC, SFI and PEFC certifications and ECF and pH-neutral designations.

warranty

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the *ES Warranty and Services Guide* at your Lexus dealer for details.

1. The *Bluetooth* technology phones listed on [lexus.com](#) have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. **2.** Lexus Enform and Safety Connect are available. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being in operative condition, cellular reception, which can limit the ability to reach the response center or receive emergency support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Lexus Enform-and Safety Connect-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. **3.** Lexus Enform premium services Destination Assist and eDestination will function in the contiguous United States. These services may also function in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. **5.** Mark Levinson is a registered trademark of Harman International Industries, Inc. **4.** Availability and accuracy of the information provided by the Navigation System or any XM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic Navigation updates available at additional cost. Please see your *Navigation System Owner's Manual* or contact XM for details. **6.** The Adaptive Front Lighting System can help improve vision at night. However, conditions such as dirty windshield, rapidly changing light conditions or hilly terrain will limit effectiveness so that the driver may need to manually change the high beams from on to off. Please see your *Owner's Manual* for details. **7.** Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your *Owner's Manual* for important instructions and cautions. **8.** The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your *Owner's Manual* for further information. **9.** Comfort sensors include relays and receivers. **10.** The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. **11.** XM services require a subscription after trial period. Subscriptions governed by XM Customer Agreement available at [xmradio.com](#). **If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-800-967-2346 to cancel.** Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. **12.** The Safety Connect services Automatic Collision Notification, Emergency Assistance and Stolen Vehicle Location will function in the United States, including Hawaii and Alaska, and in Canada; Enhanced Roadside Assistance will function in the United States (except for Hawaii) and in Canada. No Safety Connect services will function outside of the United States in countries other than Canada. **13.** Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. **14.** Continuous average power, all channels driven, at less than 0.1% THD; 20–20,000. **15.** 17-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles, depending on driving conditions. **16.** Currently only available pre-installed on select vehicles. Ask your Dealer Sales Consultant for vehicle application. **17.** Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. **18.** 2011 EPA-estimated mileage. Actual mileage will vary. **19.** Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your *Owner's Manual* for further details. **20.** Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. **21.** The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. **22.** The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key or SmartAccess fob matches the code in the vehicle's immobilizer. Because the transponder chip is embedded in the key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local *Yellow Pages* or by contacting [www.aloa.org](#). **23.** For vehicles without available Navigation System, the Lexus Personalized Settings (LPS) Program is a one-time, complimentary offer for new vehicles for the first 12 months from the date the vehicle is sold. Please see your Lexus dealer for more information. **24.** iPod is a registered trademark of Apple Inc. All rights reserved. **25.** *Bluetooth* audio device must be enabled with A2DP and AVRCP. **26.** The Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your *Owner's Manual* for details. **27.** All the airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your *Owner's Manual* for further information/warnings. **28.** Cover stock is composed of 10% post-consumer waste.

*Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See [lexus.com](#) for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with available equipment. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (872-5398) or visit [lexus.com](#). To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
