CHEVROLET

2500HD Crew Cab Standard Box
LTZ 4x4 in Cajun Red Tintcoat
(extra-cost color) with available
Duramax 6.6L Turbo-Diesel V8
engine, Z71 Off-Road Package
and dealer-installed 6-inch
Rectangular Chrome Assist Steps
from Chevrolet Accessories.

CONFIDENCE YOU CAN DEPEND ON.

Heavy-duty towing confidence is built on the backbone of massive torque and horsepower numbers plus legendary transmissions and advanced trailering technology. The 2019 Silverado HD delivers as only a Chevy truck can.

Pair the available Duramax® 6.6L Turbo-Diesel V8 engine – creating an incredible 910 lb.-ft. of torque plus 445 horsepower – with the Allison® transmission and Silverado HD Crew Cab models can haul heavy trailers all day.

Mile after mile and year after year, Silverado HD capability and confidence are there for the long haul. That's exactly what you've come to expect from the most dependable, longest-lasting full-size pickups on the road!

FIND NEW ROADS™

¹ Dependability based on longevity: 1987–July 2017 full-size pickup registrations.

HIGH COUNTRY

3500HD Crew Cab Long Box
High Country DRW in Black
with available Duramax 6.6L
Turbo-Diesel V8 engine.

AN ELEVATED EXTERIOR. Body-color front and rear bumpers plus chrome 6-inch assist steps, mirror caps, door handles and grille inserts guarantee High Country always makes a strong design statement.

CAPABILITY WORTHY OF SILVERADO HD. High Country has all the utility you expect, with a Trailering Package, cargo tie-downs, a spray-on bedliner, an integrated trailer brake controller and Digital Steering Assist.

WHEN LIFE CALLS FOR BOTH STRENGTH AND STYLE.

High Country interior in Jet Black with perforated leather appointments and Ash Gray accents.

RUGGED GOOD LOOKS ARE STANDARD.

The Saddle or Jet Black leather-trimmed interior heightens High Country comfort. Heated and vented perforated leather-appointed front bucket seats with embroidered head restraints come equipped with 12-way power adjustment.

A 7-speaker Bose® premium sound system, Chevrolet Infotainment System¹ with Navigation and 8-inch diagonal color touch-screen, remote vehicle starter system, wireless charging pad² and full-feature floor-mounted console are the foundation of this ultimate interior.

UPGRADE YOUR EXPERIENCE. A heated leather-wrapped steering wheel, power-adjustable pedals and the Driver Alert Package³ with Front and Rear Park Assist, Lane Departure Warning, Forward Collision Alert and Safety Alert Seat for driver are all standard.

¹ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ² The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ³ Read the vehicle Owner's Manual for important feature limitations and information.

SPECIAL EDITIONS

Available Midnight Edition, which includes the Z71 Off-Road Package. Shown on 2500HD Crew Cab Standard Box LT 4x4 in Black with available Duramax 6.6L Turbo-Diesel V8 engine.

¹ Read the vehicle Owner's Manual for important feature limitations and information.

Silverado HD offers a number of special editions, including the Midnight Edition shown on the opposite page. It includes the Z71 Off-Road Package, Black 18-inch wheels, Goodyear Wrangler DuraTrac[®] off-road tires, Black bumpers and grille, Black Chevy bowtie emblems, a bigger, bolder Z71 door emblem, a spray-on bedliner and more. Available on 2500HD Crew Cab LT and LTZ.

1. CUSTOM SPORT EDITION. Available on 2500HD and 3500HD Crew Cab LT and LTZ, the Custom Sport Edition includes polished-aluminum wheels, Front and Rear Park Assist¹, a spray-on bedliner, a body-color grille and bumpers, and chrome door handles, mirror caps and bodyside moldings. Available in Black or Summit White.

2. TRIBUTE EDITION. Let them know where you stand. The Tribute Edition includes flag-inspired color-keyed graphics, a Z71 front door badge, a classic grille, Black Chevy bowtie emblems and a chrome lower skid plate. Available on 2500HD and 3500HD Crew Cab LTZ 4x4 SRV models with available Z71 Off-Road Package.

POWERTRAINS

V8 engine, dealer-installed 6-inch
Rectangular Chrome Assist Steps
from Chevrolet Accessories and
other available features.

1,910 lb.-ft. of torque @ 1600 rpm with available Duramax 6.6L Turbo-Diesel V8 engine.

BECAUSE EVERY DAY IS A WORK DAY.

DURAMAX POWER. There are more than 1 million Duramax Diesel engines with Allison® transmissions on the road today with over 100 billion miles of experience. We've taken that proven power and perfected it in an available engine that churns out an earthshaking 910 lb.-ft. of torque¹; 445 horsepower and all the towing confidence you need.

INNER STRENGTH. To create a 19% increase in max torque over the previous generation, we rethought nearly everything. Cylinder heads are stronger and stiffer, and our taller engine block allows for a more robust piston design. The crankshaft has larger connecting rod journals, and an active drain crankcase oil separator allows for better operation when you're pulling big loads.

HIGH-INTAKE INDUCTION SYSTEM. The patented induction system in the Duramax Diesel uses two air inlets – through the hood scoop and near the fender – to satisfy the intake needs of this powerful engine, improve performance, and help make water and debris intake a nonissue, even in extreme conditions.

KEEP THE NOISE DOWN. The added horsepower and torque are benefits you can feel. But we didn't stop there. This engine also boasts reduced noise at idle over the previous generation with acoustic rocker covers, isolated injectors and a full-length acoustic lower oil pan.

EXTREME TEMPS? BRING THEM ON. Duramax glow plugs heat up rapidly and, together with Direct Injection, can help your Silverado HD start quickly in extreme cold temperatures. At the other end of the spectrum, the engine oil cooler, transmission cooler and turbo intercooler will give you confidence when climbing steep grades in the hottest conditions.

LEGENDARY ALLISON TRANSMISSION. To handle the 910 lb.-ft. of torque¹ generated by the Duramax Diesel, Chevy engineers chose Allison, maker of military tank transmissions, to design and build ours.

VORTEC™ 6.0L V8 ENGINE. This powerplant, with a cast iron cylinder block, deep-skirt design and cross-bolted main bearing caps, has been a dependable workhorse for millions of Chevy truck owners.

TOWING

3500HD Crew Cab Standard Box
LT 4x4 in Cajun Red Tintcoat
(extra-cost color) with available
Duramax 6.6L Turbo-Diesel V8
engine, LT Convenience Package
and dealer-installed 4-inch Round
Chrome Tubular Assist Steps
from Chevrolet Accessories.

**IN THE TOWING WORLD, CONFIDENCE
MAKES ALL THE DIFFERENCE.**

Silverado HD has the horsepower, torque and transmission necessary to pull a fishing boat, a front-end loader or just about anything else you need to tow. But it doesn't end there. We've equipped it with features that give you the ability to accelerate smoothly while pulling the heaviest trailers as well as to help control and stop them.

FIFTH-WHEEL/GOOSENECK PREP PACKAGE. The biggest trailers require the best equipment. That's where the Fifth-Wheel/Gooseneck Prep Package¹ comes in. Available across the model lineup, this package includes a hitch platform ready to accept a gooseneck ball or fifth-wheel hitch, a box-mounted trailer harness, a spray-on bedliner, and all the necessary box and bedliner holes drilled and capped.

DIGITAL STEERING ASSIST. Delivering enhanced control on the highway and in the parking lot, this advanced technology provides ease of handling, stability at high speeds, maneuverability at low speeds, and excellent feel and response. Standard on Crew Cab LT, LTZ and High Country models.

3500HD Crew Cab Long Box LTZ
4x4 DRW in Silver Ice Metallic with
available Duramax 6.6L Turbo-Diesel
V8 engine, factory-installed
Fifth-Wheel/Gooseneck Prep
Package and dealer-installed 6-inch
Rectangular Chrome Assist Steps
from Chevrolet Accessories.

¹ Requires available Trailing Package and spray-on bedliner. Not available with drop-in bed mat, drop-in bedliner or bed rug.

1. REAR VISION CAMERA! The standard rear vision camera's dynamic guiding lines help provide peace of mind when hitching a trailer. With available Rear Park Assist¹, a visual warning on the screen will alert you if an object is too close.

2. DIESEL EXHAUST BRAKE SYSTEM² This driver-selectable feature uses the turbocharger to create back pressure to help slow the vehicle on downhill grades.

3. TRAILER BRAKE CONTROLLER. Utilize your trailer brakes with an integrated trailer brake controller. The level of brake force or "gain" is displayed in the Driver Information Center. Standard on 2500HD 4-door Double Cab and 3500HD and available on 2500HD Crew Cab.

4. FIFTH-WHEEL TRAILERING HITCH FROM CHEVROLET ACCESSORIES. When you need to handle the biggest trailers, it all starts with a durable fifth-wheel hitch. These available dealer-installed hitches³ feature an easy drop-in design and standard receivers that fit most ball mount assemblies.

¹ Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle Owner's Manual for more important feature limitations and information. ² Requires available Duramax 6.6L Turbo-Diesel V8 engine. ³ Non-GM warranty. CURT™ provides a 10-year limited manufacturer's warranty (limited lifetime warranty on selected products). For details on the warranty provided by CURT Manufacturing, please call (877) 287-8634.

Trailer Camera System home screen shown. This available accessory allows you to view multiple angles of your trailer on your Silverado HD touch-screen.

TRAILERING CAMERA SYSTEM FROM CHEVROLET ACCESSORIES.

This available system from EchoMaster® helps with blind spots, enhances your ability to line up your trailer and hitch when backing up, and can even let you keep an eye on important cargo such as horses or livestock in the trailer.

EchoMaster provides a 3-year/36,000-mile manufacturer's warranty!¹

TOW UP TO 23,100 LBS^{2,3} Silverado 3500HD has the brute strength to tow massive loads – up to 23,100 lbs.^{2,3} of fifth-wheel trailering and up to 20,000 lbs.^{3,4} of conventional towing.

HILL START ASSIST. To give you extra time to switch from the brake pedal to the accelerator without rolling back, under certain conditions Hill Start Assist holds the brakes momentarily or until you press the accelerator.

STABILITRAK WITH TRAILER SWAY CONTROL. To help keep your truck and your trailer heading in the same direction, StabiliTrak® with Trailer Sway Control automatically detects a swaying trailer and applies both the vehicle and the trailer brakes (if properly equipped) to help bring it back in line.

¹ Whichever comes first. See dealer for details. Not covered under the GM New Vehicle Limited Warranty. ² Requires 3500HD 2WD DRW with available fifth-wheel hitch and Duramax 6.6L Turbo-Diesel V8 engine. ³ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁴ Requires 3500HD DRW when properly equipped with available Duramax 6.6L Turbo-Diesel V8 engine.

PAYLOAD

PILE IT ON. SILVERADO HD CAN TAKE IT. This truck has broad shoulders. Silverado HD provides a roll-formed steel pickup box along with big payload numbers across the entire lineup. Head to the specs section at the back of this catalog for all the details.

EZ LIFT & LOWER TAILGATE. Dampened by a torsion spring, the EZ Lift & Lower tailgate is standard on 2500HD 4-Door Double Cab and all Crew Cab LT, LTZ and High Country models. It opens smoothly with no thud and can be closed with one hand, so you can load and unload cargo easily.

CONVENIENT CARGO BED LAMPS. Available LED lamps under the bed rails illuminate the bed – perfect for those times when the work day turns to work night or when the tonneau cover is on.

1. A HELPING HAND. Pocket hand grips built into the top of the side rails provide a boost into the bed.

2. STEP ON IT. The large CornerStep rear bumper with nonslip treads also makes it easy to reach the cargo you're carrying.

3. THE TIES THAT BIND. Four standard lower tie-downs and available upper tie-downs can be positioned in numerous locations to help secure cargo.

4. PROTECT YOUR PAYLOAD. Standard bed rail protectors and an available factory-installed spray-on bedliner help prevent scratches and dings.

ENGINEERING

2500HD 4-door Double Cab WT in Summit White with available Alaskan Edition and other features and snow plow upfit from an independent supplier.³

SNOW DOESN'T STAND A CHANCE.

¹ Requires 3500HD Crew Cab 2WD DRW with Vortec 6.0L V8 engine. These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver door jamb. ² Requires available Snow Plow Prep Package. ³ Equipment from independent suppliers is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of independent supplier alterations.

FULLY BOXED FRAME. The HD frame uses high-strength steel for the fully boxed frame rails. Cross members provide lateral support. The front frame segments are hydroformed, a process that minimizes weight without sacrificing strength. Three-inch-wide leaf springs are mounted to the rear frame to help achieve a maximum payload rating of 6,112 lbs! on the 3500HD Crew Cab model. The torsion bar front suspension helps shoulder Front Gross Axle Weight Ratings of up to 6,000 lbs.²

HIGH-STRENGTH STEEL. The frame is precisely tuned to help squelch vibration for a smoother ride and confident handling. And to help create a quiet cab, nearly two-thirds of the HD cab structure is made with high-strength steel, including the pillars, roof rails and rocker panels.

ROLLED, NOT STAMPED. The HD pickup bed benefits from high-strength steel too. HD features a roll-formed steel pickup box floor, which is lighter, stronger and more durable than traditional stamped-steel boxes used by competitors.

CORROSION-RESISTANT DURALIFE™ BRAKE ROTORS. Chevy engineers used patented ferritic nitrocarburizing (FNC) technology to help resist rust and increase rotor life.

Z71 OFF-ROAD PACKAGE. This available package includes Rancho® twin-tube shocks, an underbody Skid Plate Package, Hill Descent Control and all-terrain tires, giving you everything you need to take your Silverado off-road.

SNOW PLOW PREP PACKAGE. With this available package, Silverado HD 4x4 is ready for the big drifts with a beefed-up Front Gross Axle Weight Rating, powerful alternator, forward lamp wiring harness, Skid Plate Package and more.

ALASKAN EDITION. The Silverado HD Alaskan Edition includes the Snow Plow Prep Package, 18-inch Black aluminum wheels, Goodyear Wrangler® all-terrain tires, Smoked Amber roof marker lights and beacon, Alaskan Bear graphics and a spray-on bedliner. Available on 2500HD and 3500HD WT and LT models (SRW only).

INTERIOR DESIGN

2500HD Crew Cab LTZ interior
in Dune with perforated leather
appointments and Cocoa accents.

**ENJOY YOUR CABIN
IN THE WOODS.**

2500HD Crew Cab LTZ interior in Dune with perforated leather appointments and Cocoa accents.

ALL-DAY DRIVING COMFORT. Resilient dual-firmness foam helps the seats retain their support over time, which is especially important for Silverado HD drivers and passengers who spend a lot of time in their trucks.

EVEN TRUCK GUYS NEED QUIET TIME. There's no better spot to make a call or plan the next job. The cabin is quiet, thanks to exterior aerodynamics, inlaid and triple-sealed doors, thick windshield glass and sound-deadening materials.

YOU'RE IN CHARGE. You're never far from a power supply. Depending on the model you choose, stay charged with multiple USB ports¹, up to four auxiliary power outlets and an available 110-volt outlet.

STORAGE FOR ALL YOUR STUFF. Upper and lower glove boxes give the whole crew a place to store all kinds of items. And with a number of storage areas throughout, everyone has a spot for their gear.

¹ Not compatible with all devices.

1. YOUR OFFICE GOES WHERE YOU GO. With an available center console storage compartment designed to double as a file cabinet, Silverado HD puts your business on wheels.

2. EVERYTHING YOU NEED TO KNOW. An available 4.2-inch diagonal color Driver Information Center lets you choose what information you see and how you see it.

3. EASY ACCESS TO A HARDWORKING REAR SEAT. Forward-hinged rear doors provide easy access to the rear seats. Those seats can be folded up to provide extra space for tools, luggage or whatever else you want to keep inside.

TECHNOLOGY

1. STAY INFORMED AND ENTERTAINED.

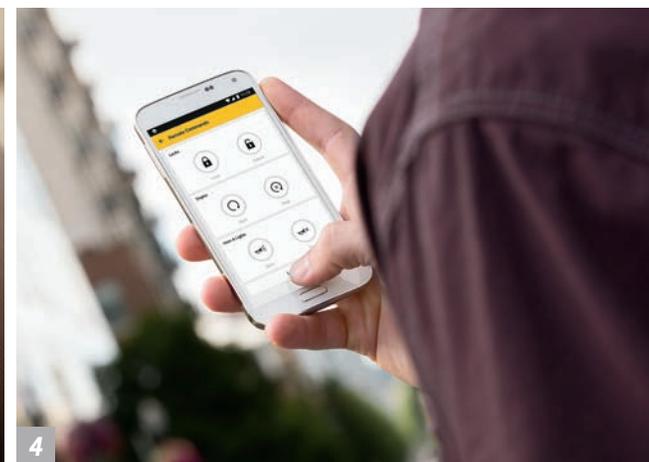

In Silverado HD, you can arrange icons and features on the standard Chevrolet Infotainment System¹ with color touch-screen. Store up to 60 favorites, including radio stations, contacts and even destinations (requires available Chevrolet Infotainment System with Navigation).

2. ONE TOUCH. TOTAL CONTROL.

Steering wheel-mounted controls allow you to activate available Bluetooth^{®2} phone functions, set the cruise control, engage the available heated steering wheel and more. All knobs and buttons are large enough to accommodate gloved hands.

3. FULL-TIME POWER. An available wireless charging³ pad lets you conveniently charge your cell phone.

4. myChevrolet Mobile App⁴ Simply download the app to your compatible smartphone and if your vehicle is properly equipped, you can start or turn off your engine, lock or unlock your doors (requires paid subscription after trial), send destinations to your available navigation¹ system, view key vehicle diagnostic information, set parking reminders and more. Requires available Remote Access Plan⁵

¹ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ² Visit my.chevrolet.com/learn for vehicle and smartphone compatibility. ³ The system wirelessly charges one PMA- or Qi-compatible mobile device. Some devices require an adaptor or back cover. To check for phone or other device compatibility, visit my.chevrolet.com/learn for details. ⁴ Requires compatible Apple or Android device and data connection. Remote Services require paid plan. ⁵ Services are subject to User Terms and limitations. Plan does not include emergency or security services. Visit onstar.com for more details.

WORK YOUR CONNECTIONS. Chevrolet offers an available built-in 4G LTE Wi-Fi¹ connection, which means the Internet comes along for the ride, almost anywhere you go.

¹ Service varies with conditions and location. Requires active OnStar service and paid AT&T data plan. Vehicle must be on or in accessory mode for Wi-Fi to function. Visit onstar.com for details and limitations.

COMMERCIAL VEHICLES

WE MEAN BUSINESS. For nearly 100 years, Chevy has partnered with small business owners to do whatever it takes to get the job done. Our dealers can show you how our portfolio of vehicles – from trucks, vans and SUVs to cars and crossovers – can help your business run more efficiently.

TAILORED FOR YOUR BUSINESS. The Business Choice Program allows small business owners to choose from a variety of upfit¹ and accessory options to ensure work vehicles are cost-effective and properly equipped.

BUSINESS ELITE DEALERS. Chevrolet Business Elite Dealers provide owners with a team of expert sales consultants to help select the right vehicles for the job. Plus, every Business Elite service department has the facilities, tools, equipment and certified technicians to accommodate your specific needs.

COMMERCIAL LINK. This platform, available through OnStar,² provides small business owners with the tools, reporting and customization needed to optimize costs and reduce vehicle downtime. Access key information such as location, fuel efficiency, speed, miles driven and maintenance needs to help keep your business running at maximum efficiency. To learn more and to receive your 30-day trial, please visit chevroletcommercialink.com.

¹ Equipment from independent suppliers is not covered by the GM New Vehicle Limited Warranty. GM is not responsible for the safety or quality of independent supplier alterations. ² Visit onstar.com for coverage map, details and system limitations.

SAFETY

SAFETY STARTS WITH YOU. Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read your vehicle Owner's Manual for more important feature limitations and information.

SAFETY IS OUR STRONG SUIT.

With the available Driver Alert Package, you get features that help alert you to the unexpected. This package includes a Safety Alert Seat for driver, Lane Departure Warning, Forward Collision Alert, and Front and Rear Park Assist.

SAFETY ALERT SEAT FOR DRIVER. This available seat uses directional vibration pulses from the seat cushion instead of audible crash avoidance alerts to help indicate the direction of potential collision threats. This patented warning approach is tied into other onboard crash avoidance systems.

LANE DEPARTURE WARNING. If you unintentionally drift out of your lane without a turn signal, this available camera-based system sends an alert. The camera, mounted near the inside rearview mirror, reads traffic lane markings when identifiable and provides audible and visual alerts.

FORWARD COLLISION ALERT. This available feature continually monitors how close your vehicle is to the vehicle in front of you. If the system determines that a front-end collision with a detected vehicle is imminent, it alerts the driver to a potential crash. It also warns the driver if their Silverado HD is following a detected vehicle much too closely.

FRONT AND REAR PARK ASSIST. Ideal when pulling into a parking spot at low speeds, this available system senses stationary objects and alerts you if an object is too close. The rear vision camera displays visual warnings of detected objects behind you on the screen.

REAR VISION CAMERA. When the transmission is in Reverse, the rear vision camera with dynamic guiding lines helps the driver to view objects directly behind the vehicle via the screen in the center stack. So it's easier to back up, park or hook up a trailer.

ABS BRAKES. Four-wheel, four-channel, antilock disc brakes (ABS) help provide straight, more controlled stops by preventing wheel lockup in most road conditions.

TEEN DRIVER. This technology helps encourage better driving habits in a number of ways. It includes an in-vehicle report card that displays the frequency of select available safety tech feature (if equipped) activations. It mutes the audio system when front-seat occupants aren't wearing their seat belts, and gives audible and visual warnings when the vehicle is traveling over a predetermined speed.

AVAILABLE ONSTAR AUTOMATIC CRASH RESPONSE!

In a crash, built-in sensors can automatically connect you to a specially trained, Emergency Medical Dispatch-certified Advisor² who can help you get the assistance you need – even if you can't ask for it. Advisors can use GPS technology to pinpoint your location and request emergency help. OnStar Automatic Crash Response is included in the OnStar Safety & Security Plan.³

¹ OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. ² OnStar Advisors are certified by the International Academies of Emergency Dispatch. ³ Visit onstar.com for system limitations and details. OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services.

Color-keyed carpeting with rubberized vinyl floor mats
Deep-tinted rear windows

¹ Requires Vortec 6.0L V8 engine. ² Not available with pickup box delete or rear bumper delete. ³ A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information. ⁴ Read the vehicle Owner's Manual for important feature limitations and information. ⁵ Chevrolet Infotainment System functionality varies by model. Full functionality requires compatible Bluetooth and smartphone, and USB connectivity for some devices. Map coverage available in the United States, Puerto Rico and Canada. ⁶ Visit onstar.com for limitations and details. OnStar plan, working electrical system, cell service and GPS signal required. OnStar links to emergency services. Roadside service provided by Allstate Roadside Services. Stolen Vehicle Assistance requires armed factory-installed theft-deterrent system. ⁷ If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at siriusxm.com. All fees and programming subject to change. ⁸ Service varies with conditions and location. Requires active OnStar service and paid AT&T data plan. Visit onstar.com for details and limitations.

SELECT VEHICLE FEATURES (CONTINUED)

NEW VEHICLE LIMITED WARRANTY

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2019 Silverado HD from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN LIMITED WARRANTY Every 2019 Silverado HD comes with a 5-year/60,000-mile (whichever comes first) transferable Powertrain Limited Warranty. Silverado HD equipped with a Duramax 6.6L Turbo-Diesel V8 engine comes with a 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty. 24/7 Roadside Assistance and Courtesy Transportation are also offered for the duration of the Powertrain Limited Warranty. Please see your Chevrolet dealer for details.

¹ Maintenance visit must occur within first year of vehicle delivery. Service visit consists of ACDelco dexos1™ Full Synthetic Oil and Filter Change/Tire Rotation/MPVI. Does not include air filters. See participating dealer for other restrictions and complete details. ² Whichever comes first. See dealer for details. ³ Standard connectivity available only to original purchaser for 10 years. Connected Access services are subject to change. Does not include safety services. Visit onstar.com for details and plan limitations. ⁴ Connected Services include navigation services and Remote Access Plan, and 1 month/3 GB of 4G LTE data (whichever comes first) from vehicle delivery date. Services are subject to User Terms and limitations. Services require working electrical system, cell service and GPS signals. OnStar links to emergency services. Visit onstar.com for more details. ⁵ Cargo and load capacity limited by weight and distribution.

IMPORTANT INFORMATION

CHEVROLET CONNECTED SERVICES AND ONSTAR Effective May 1, 2018, available Chevrolet Connected Services have changed significantly. While many of the offered services are the same, available plans and pricing are different. Connected vehicle services require a paid connected vehicle services plan or trial and connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage map, details and system limitations.

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

ENGINES Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

A NOTE ON CHILD SAFETY Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See your vehicle Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment,

specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Large Pickup segment and latest available competitive information. Excludes other GM vehicles.

FLEET ORDERS Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs.
