Land Rover LR2 is designed and engineered to take whatever life throws at it. With Land Rover DNA at its heart, its eminent capability is proven. Whether you're chasing the surf, in town or barreling down a highway, the Land Rover LR2 is a fully formed SUV in a more compact form.

A glance at the vehicle's purposeful stance and contemporary looks tell you its design cues are of the moment. Sleek lines and sophisticated styling combine to create an exciting profile and silhouette. The Land Rover LR2 headlamps and rear lights, front grille and vent finishers add greatly to the sense of modernity and muscularity.

The Land Rover LR2 has performed in temperatures ranging from -40°F to +120°F. It has been driven at altitudes of up to 14,000 feet. And it benefits from excellent approach and departure angles, coupled with generous ground clearance to tackle the toughest of terrains.

If the Land Rover LR2 was born to perform in the most challenging conditions, it was also created to do so on the most challenging terrains. All-terrain technologies featured in the Land Rover LR2 include Hill Descent Control (HDC[®]) that takes the strain out of negotiating those difficult slopes and the renowned Terrain Response[®] which automatically optimizes traction and driveability by adapting to the demands of the terrain*.

Vehicle shown is HSE in Loire Blue, with optional wheels.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc.

Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

The Land Rover LR2 is equally at home on road as it is off it. Whether you're heading down a winding coastal highway or negotiating traffic in town, the drive is responsive, controlled and sure. Terrain Response® shows its worth on pavement in just the same way it does on gravel or sand*. Ensuring you arrive at your destination in the most unruffled and relaxed way.

Vehicle shown is HSE in Loire Blue, with optional wheels.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving.

Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

The Land Rover LR2 2.0 liter turbocharged engine has the performance of a six-cylinder while delivering the fuel economy of a four-cylinder.

The interior of the Land Rover LR2 has been created to provide a light and airy space that is both comfortable and understated, with simple flowing lines and intuitively placed controls. A range of trim options and personal touches help emphasize individual tastes.

The Land Rover LR2 Command Driving Position greatly improves the view of the road ahead and provides better visibility of the vehicle's corners. The driver's seat is optimized for comfort and support with six-way adjustment so it proves even more invaluable on those longer journeys. Settle into the cockpit and you'll soon see why being above other traffic has distinct advantages.

Vehicle shown above is HSE in Loire Blue.

16 Interior images show HSE LUX in Ivory premium Windsor Leather, optional navigation system and optional Grand Black Lacquer finish.

The Land Rover LR2 naturally accommodates five adults with ease. Everyone benefits from generous leg, head and shoulder room. They can all enjoy the view too as the rear passengers sit in Stadium Seating that is 2 inches/50mm higher than those in the front. Added to which, the loadspace is as generous as it is versatile. With 39.4 inches/1 meter between the rear wheel arches and rear seats which are configured in a 60:40 split that can be adjusted with ease, it's large enough to take you and everything you need.

MODE

If you want to get closer to the music, you'll love the sound system in the Land Rover LR2. There are two to choose from including the premium 11 Speaker 380W Meridian™ Surround Sound Audio System, or optional 17 speaker† 825W Meridian™ Surround Sound Audio System, both with MP3 connectivity as standard.

The Land Rover LR2 is also available with an optional† rear view camera which displays images from behind the vehicle on the center console screen, helping you to park and maneuver more easily*.

†Additional charges apply. Please contact your authorized Land Rover Retailer for details.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

With a raft of safety systems, the Land Rover LR2 has been built to take almost anything life throws at it. Firstly, its strong monocoque body and inner body cell, both of which are protected by crumple zones, are designed to absorb energy on impact.

Then, high-strength steel has been used in the build of the body and dual-phase steel is found in key components such as the front windscreen pillars and lower side sills.* The Land Rover LR2 also has seven airbags fitted as standard on all vehicles. Such technologies help to create a safety cell providing improved protection.

Vehicle shown above is HSE in Ipanema Sand.
Vehicles shown left are Santorini Black, Orkney Gray and Firenze Red.

*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

The LR2 engine

Step 1

Choose your model

Compare the standard features on each model.

Step 2

Choose your color

There's a wide range of colors to enable you to express yourself.

Step 3

Choose your wheels

There's a range of styles, each one designed to complement the bold exterior.

Step 4

Choose your interior

Carefully selected colors complemented by fascia inserts. You can personalize your own interior space.

Step 5

Choose your options

Additional options can enhance your personal requirements.

Another level of individuality. The Land Rover LR2 allows you to personalize your vehicle, the following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your model and exterior and interior colors to wheels, fascia inserts and those detailed touches that define your style.

STEP 1 CHOOSE YOUR MODEL – CHOICES

Each model has a choice of unique features. This guide will help you select your ideal Land Rover LR2. On the following pages you'll see the standard features for each model.

LAND ROVER LR2

- 2.0 liter four-cylinder turbocharged engine with 240 horsepower and 250 lb-ft torque
- Six-speed automatic transmission with CommandShift®
- Permanent intelligent all-wheel drive with four wheel Electronic Traction Control (4ETC)
- 18 inch alloy wheels with Tire Pressure Monitoring System
- Grille bars in Silver with Gloss Black grille surround
- Terrain Response® system
- Steering wheel with integrated controls for audio, information cluster, phone and cruise control
- Panoramic sunroof
- Automatic Halogen headlamps
- Six-way power driver seat and four-way power front passenger seat
- Grained Leather seats.

LAND ROVER LR2 HSE

Includes the content of LR2 plus:

- Rear parking aid
- Rear view camera
- Power adjustable, heated exterior mirrors with approach lamps, memory function and auto-dipping in reverse gear
- Xenon headlamps with LED signature, Daytime running lights, and automatic headlamp levelling
- Front map reading lamps
- Front footwell lamps
- Driver seat memory
- HomeLink®

LAND ROVER LR2 HSE LUX

Includes the content of LR2 HSE plus:

- Premium Audio System – Meridian™ 825W Surround Sound and 17 speakers
- Premium Seating Package – Windsor Leather seats with double contrast stitch
- Eight-way power driver seat and six-way power front passenger seat
- Premium carpet mats

KEY FEATURES

Loadspace

The versatile rear loadspace can be expanded by folding the 60:40 split rear seats to provide a flat load floor, and up to 58.9 cubic feet/1,670 liters of space. With 39.3 inches/one meter between the wheel arches there's always room for more awkward loads.

Climate Control

Standard dual-zone climate control, with pollen filter, humidity sensor maintains fresh air in the cabin, keeping you and your passengers comfortable whatever the weather.

Center Console Storage

The rear of the center console features an additional storage box for small items, a 3.5mm auxiliary socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

Steering Wheel Controls

Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system, Say-What-You-See (SWYS) Voice Activation* and hands-free telephone operation. The Land Rover LR2 comes standard with Bluetooth® connectivity. You'll be able to make and take telephone calls via the vehicle's audio system (subject to telephone compatibility). Optional† Say-What-You-See (SWYS) Voice Activation* is a useful technology which helps the driver to use and interact more easily with the Land Rover LR2 by displaying voice commands on the seven-inch color Touch-screen.**

Front Seat and Trim Materials

The standard trim colors are available in Ebony and Almond. The driver's seat provides excellent support with standard six-way adjustment. The HSE LUX Package includes premium Windsor leather in Ebony and Almond as well as two additional colors Ivory and Tan. Additional options† include driver's seat memory package and driver's seat eight-way adjustment.

Convenience Features

Life with the Land Rover LR2 is so practical thanks to thoughtful technology. Features include: an electrochromatic rear view mirror for automatically minimizing the dazzle of headlamps at night. There are rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

*Not available with Navigation Systems in all markets. Please consult your Land Rover Retailer for further details. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. †Additional changes apply. Please contact your authorized Land Rover Retailer for details. The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under license.

KEY FEATURES

Panoramic Sunroof

The standard panoramic sunroof – with a fixed rear section and electric tilting/sliding front section – adds to the feeling of lightness and airiness within the cabin. The glass is specially formulated to filter the sun's infrared rays, providing light without unpleasant heat. Both sections also include a convenient blind.

Terrain Response®

Land Rover's renowned Terrain Response system* adds to the Land Rover LR2's breadth of capability. Any of the four programs – General Driving, Grass/Gravel/Snow, Mud and Ruts or Sand – can be easily selected. In addition all vehicles are fitted with Hill Descent Control (HDC®) and Land Rover's Gradient Release Control systems.*

Passive Start and Start/Stop Button

The convenient Passive Start system automatically detects the close proximity of the key, allowing use of the Start/Stop button without the key being docked in the vehicle.

Satellite Navigation

The optional¹ satellite navigation system, with a seven inch color Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible.**

Rear View Camera

The optional¹ Rear View Camera helps reversing by displaying a wide-angled rearward view from the vehicle on the center console screen. To aid maneuverability, lines representing the vehicle's predicted path are superimposed on the image.*

In-Car Entertainment

An outstanding choice of in-car entertainment systems all with USB compatibility: Meridian™ is the ultimate audio specialist and creates sound just as the artist intended by benchmarking acoustic performance against real musical instruments. The Meridian Surround Sound System provides a perfect stereo image for each occupant and produces a natural, enveloping concert-like experience.

Note: Sirius Satellite Radio[†] is available on the Land Rover LR2.

¹Additional changes apply. Please contact your authorized Land Rover Retailer for details.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

[†]Subscriptions governed by Sirius Terms and Conditions available at Sirius.com. Service available in the 48 contiguous United States and D.C. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. and its subsidiaries.

Remote Control Key

The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of alarm.

CommandShift®

The six-speed automatic transmission with CommandShift is standard. CommandShift provides manual sequential gear changes and Sport mode for an even livelier performance.

Performance with Efficiency

The 2.0 liter four-cylinder engine provides state-of-the-art turbocharged efficiency with refinement, performance of a six-cylinder while delivering improved CO₂ emissions.

Safety*

High-strength steel is used to construct a strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. There are separate driver and front passenger airbags for head and chest protection as well as side airbags for side impact protection. Full-length curtain airbags are designed to provide head impact and rollover ejection protection for all occupants. The Land Rover LR2 also features a driver's inflatable knee airbag for additional lower body protection.

Stability Control Systems**

The Land Rover LR2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Braking System (ABS), Electronic Brake-force Distribution (EBD), Emergency Brake Assist (EBA), Cornering Brake Control (CBC), Electronic Traction Control (ETC), Dynamic Stability Control (DSC), Trailer Stability Assist (TSA) and Roll Stability Control (RSC).

Headlamps

There are two types of headlamp available: Standard Halogen headlamps with impact-resistant polycarbonate lenses or optional¹ automatic Xenon headlamps with automatic headlamp leveling and a signature LED light design.

*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. **These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details. ¹Additional charges apply. Please contact your authorized Land Rover Retailer for details.

ACCESSORIES

Aqua Sports Carrier¹
VPLWR0099

Tilts to facilitate easy loading and unloading. Carries one surfboard, kiteboard or sailboard and mast, or one canoe or kayak. Load capacity 99.2lbs/45kg².

Luggage Box¹
VPLVR0062

Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 68.9inches/1,750mm long, 32.3inches/820mm wide, 17.7inches/450mm high. Volume 410 liters. Maximum payload 165.3lbs/75kg³.

Ski/Snowboard Holder¹
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 79.4lbs/36kg³.

Luggage Carrier¹
LR006848

Load capacity 125.66lbs/57kg² on roof rails and cross bar³.

Raised Roof Rails and Cross Brace Kit¹
Panoramic Sunroof vehicles – LR007220
Non Panoramic Sunroof vehicles – LR006608

Maximum payload 165.3lbs/75kg³. Vehicle height when fitted 72.0inches/1,830mm. Crossbars not included.

Cross Bars¹
LR002417

Easily removed when not in use. Vehicle height when fitted 72.9inches/1,852mm. Maximum payload 158.2lbs/71.8kg³. Vehicle must have accessory Raised Roof Rails and Cross Brace Kit fitted. Shown above, sold separately.

Roof Mounted Bike Carrier¹
VPLFR0091

Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit will accommodate up to three bike carriers¹. Load capacity 44lbs/20kg².

¹Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

²Load capacity is minus roof mounted accessory weight. ³Maximum payload equals the load capacity of the roof mounted accessory.

ACCESSORIES

Fixed Side Steps
LR002773

Body Side Moldings
LR002791

Side Protection Tube – Stainless Steel
LR003318

Side Protection Tube – Black
LR003840
