

LAND ROVER LR4

2014

ABOVE AND BEYOND

LAND ROVER LR4 NEW FEATURES FOR 2014

EXTERIOR DESIGN CHANGES

There are exciting changes to the exterior including a new grille design, new mirrors with enhanced features and new alloy wheel designs. There is also the introduction of new headlamps with a striking LED signature design and Day Time Running Lights.

POWERTRAIN

Our powertrain has been improved to feature a V6 Supercharged engine, 8-speed automatic transmission and the Drive Select rotary shifter. Intelligent Stop/Start Technology has also been introduced to help reduce CO₂ emissions and fuel consumption.

ELECTRICAL FEATURE ENHANCEMENTS

Brand new additions to aid maneuverability and enhance safety include Blind Spot Monitoring with Closing Vehicle Sensing, Reverse Traffic Detection and T-Junction camera*. T-Junction camera is an innovative new feature which adds increased functionality to the Surround Camera System to warn of approaching traffic when waiting to pull out of an intersection. Furthermore, 2014 sees the introduction of the Meridian™ audio systems with two options available including the premium audio system - Meridian Surround Sound.

SINGLE AND TWIN-SPEED TRANSFER BOX

The single-speed transfer box provides refined on-road driving while still supporting full towing ability and impressive off road capability. The twin-speed transfer box introduces additional low range gears for even higher levels of capability.

SPECIFICATION

Page 30

The Land Rover LR4 has undergone a transformation. Its new design cues are bolder and more distinguished than ever. That's why Land Rover LR4 is always in its element, whether it's crossing town or taking everyone way beyond the city limits for the weekend.

The design of Land Rover LR4 has been accentuated by the use of jewel-like front lights. This striking new styling gives the vehicle a more contemporary look. While at the rear, the split tailgate has been designed for maximum reach and flexibility to make loading objects even easier.

Escape the daily grind. The new 3.0L V6 Supercharged Land Rover LR4 engine measures up to the most demanding criteria, with improved fuel economy and exceptional power and performance.

Heading away from the city towards the great outdoors should be a pleasure. That's why Land Rover LR4 features advanced technology to help the driver feel more connected to the road and deliver an engaged and responsive drive. Now, getting there can be as enjoyable as being there.

Stadium seating gives everybody unspoiled views, with head, leg and shoulder room that are among the best in class and full-size seats for up to seven adults. These are just some of the benefits of the bold design and upright side profile of Land Rover LR4.

And with a range of infotainment and technologies to choose from, everyone will be entertained, relaxed and comfortable.

Vehicle shown above is HSE LUX in Luxor.
Interior shown left is HSE LUX in Ivory/Ebony with optional rear seat entertainment headrests.

What Land Rover LR4 gains in practicality and space, it doesn't compromise in comfort and attention to detail. Its tactile interior is a contemporary and beautifully crafted environment. The seats come in a choice of options including Windsor leather which include electrically adjusted bolsters that give the driver even greater support. Double-stitching on the fascia top is an indication of the high-quality finish throughout the vehicle.

Land Rover has always had capability at its heart and the Terrain Response® System* proves it. This proprietary technology acts as an off-road expert enabling the driver to tackle almost every surface with confidence.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE LUX in Luxor.

At the touch of a switch, Terrain Response® system* reconfigures the Land Rover LR4 engine, transmission, throttle and traction settings for optimum drive-ability.

So whether traveling over pavement, grass, gravel or snow, mud and ruts, sand or rocks, the vehicle handles it with consummate ease.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE LUX in Scotia Gray.

With exceptional ground clearance and short front and rear overhangs, Land Rover LR4 is cleverly proportioned. Together with impressive torque and delivery of power, these attributes help ensure that the vehicle is eminently capable and highly maneuverable on the most demanding terrain.

As a vehicle crests a steep hill, there is a moment when the feeling of sudden acceleration can occur, which is why Gradient Acceleration Control* has been incorporated into the standard Hill Descent Control (HDC®) technology. This feature helps reduce the feeling of increased speed and smoothes out the overall effect to make descent feel more assured.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE LUX in Scotia Gray.

The odd expanse of water shouldn't affect a drive. Chances are it won't in Land Rover LR4. The vehicle has been designed to allow a maximum wading depth of 27.6 inches.

For over 65 years, Land Rover has become renowned for many innovations, one of which is the legendary Command Driving Position*. From here, the driver gets an unparalleled view of the road ahead and greater all round visibility. Hazards can be spotted earlier, parking is made easier and all the key controls are readily at hand.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Interior shown right is HSE LUX in Arabica/Almond.

With five digital cameras mounted around the vehicle, the optional Surround Camera System* provides a near 360° view. This greatly aids low-speed maneuverability in such situations as parking. By customizing the number of images the camera relays to the Touch-screen, other functions can be utilized. All Round Vision, Junction View, Curb View, Rear View, Tow Assist and Tow Hitch Assist are included in this advanced system.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Vehicle shown is HSE LUX in Scotia Gray.

Land Rover LR4 goes further. Its capability is born from the first Land Rover and is renowned across the city, across country and across the globe. Its contemporary design is purposeful, its drive connected and assured. Add class-leading versatility with available seven full-size adult seats and the picture is complete.

SPECIFICATION

Land Rover LR4 offers an exclusive range of options that allow you to personalize your vehicle. The following pages take you through a logical series of steps to create your ideal Land Rover LR4. You have several choices: from selecting your model to exterior and interior colors before choosing your wheels, finishes and additional options.

If you'd like to bring your options to life, go to our online configurator at LandRoverUSA.com

*Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

**These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

¹Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Jaguar Land Rover Limited is under license.

STEP 2 CHOOSE YOUR COLOR – BLACK DESIGN PACKAGE

Personalizing the exterior

The optional Black Design Package has its own special character. The exterior sports full length Satin Black roof rails and Narvik Black mirror caps and door handles. The Gloss Black grille with bright insert, black fog lamp bezels, black 'LAND ROVER' hood and tailgate badging with no engine or derivative badge add to the design to give the vehicle a more contemporary feel. A moulded Anthracite tow eye cover and a choice of 19 inch seven split-spoke Black alloy wheels or 20 inch five-spoke Black alloy wheels complete the look.

20 inch five split-spoke 'Style 511'	029TJ	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please note: When choosing vehicles fitted with specific wheel and tire combinations or optional wheels and tires, your intended use of the vehicle should be considered. Wheels with larger diameters and lower profile tires may offer certain styling or driving benefits, but may be more vulnerable to damage. Please discuss your requirements with your Land Rover Retailer.

STEP 4 CHOOSE YOUR INTERIOR – FINISHES

Beautiful materials, flawless execution

The levels of craftsmanship and finish in Land Rover LR4 are without compromise. Sophisticated colorways and a choice of fine leathers help create your ideal space. Whichever you choose, it will be an exemplary expression of your tastes.

GRAINED LEATHER
Available on LR4 and HSE

WINDSOR LEATHER
Available on HSE LUX

STEP 4 CHOOSE YOUR INTERIOR – TRIM FINISHER CHOICES

It's those final touches that can make the overall effect even more appealing. That's why there's a choice of finishers available including Straight Grain Walnut, Grand Ivory Lacquer and Grand Black Lacquer. These apply to each of the four doors and down through the central area of the fascia.

STRAIGHT GRAIN WALNUT

GRAND IVORY LACQUER

GRAND BLACK LACQUER

STEP 4 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

60:40 five-seats

The standard 60:40 five-seat option features two rows with three comfortable seating positions and full size headrests.

Within all seating configurations all row two outboard seats feature LATCH child seat anchorage points. The flexible seating configurations are demonstrated on page 52.

Seven-seats

With seven full size adult seats, this optional configuration includes the 35:30:35 seat formation allowing for improved access into the third row seats and numerous folding combinations, including the ability to fold and store the second row completely flat.

STEP 4 CHOOSE YOUR INTERIOR – INTERIOR SEAT OPTIONS

With the capability to transport the driver, six passengers and their luggage with ease, Land Rover LR4 is every vehicle you'll ever need. The flexible, versatile layout provides a configuration to suit almost every conceivable use – especially as the second and third rows* can be folded independently of each other.

Vision Assist Package* – consists of adaptive Xenon headlamps with LED signature, High Beam Assist, power adjustable heated powerfold exterior mirrors with approach lamps and memory, blind spot monitor with closing vehicle sensing and reverse traffic detection, rear view camera and surround camera system	041CB	–	<input type="checkbox"/>	<input type="checkbox"/>

KEY FEATURES

Automatic headlamps with High Beam Assist and adaptive Xenon headlamps with LED signature†**

Detect vehicle headlamps/tail lights and dip the high beam until the light source is out of range. The system is able to distinguish between automotive and non-automotive light sources.

Signature LED lights combine practicality with distinctive design. For more relaxed night-time driving Adaptive Lighting varies the light cast ahead of the vehicle so that the beams follow the curve of the road.

Air Suspension

Four-corner independent air suspension features variable ride height and electronic cross-linking for a constant level ride height irrespective of load distribution. Ride height can be raised up to 4.9 inches to clear obstacles or lowered by 2 inches for easy access and loading.

Split Tailgate

Make light work of difficult loads with the Land Rover LR4 two-piece, asymmetric tailgate design. Both upper and lower tailgates are made from resilient lightweight aluminum. The tailgate gives impressive access to the rear of the vehicle and comes into its own when loading large, bulky or heavy objects. The asymmetric portion of the lower tailgate provides a reduced reach-in distance when open and a lower load height when closed.

Steering Wheel Controls

The steering wheel with ergonomically designed switch layout for driver information and remote audio controls. Voice command and heated steering wheel controls are optional depending on the vehicle derivative.

Terrain Response® System and Gradient Release Control**

The Terrain Response® System* optimizes the vehicle set-up for virtually all on-road or off-road driving situations, with five different settings to suit different terrains such as pavement, grass, gravel or snow, mud and ruts, sand or rocks.

Gradient Release Control is a patented Land Rover system that works with Hill Descent Control (HDC®)† across terrains such as rock, gravel and sand for more controlled, confident descents. Works in reverse and first gear.

Parking Aid / Rear View Camera / Surround Camera System with the new T-Junction Camera**†**

The Rear View Camera provides a rearward view from the full color Touch-screen and works in conjunction with the rear parking aid.

The Surround Camera System comprises five digital cameras to provide a near 360 degree view surrounding the vehicle to aid low-speed maneuvering via the full color Touch-screen. Can be customized to provide a single camera view or multiple images. Functions include: Parking Aid – Rear View Camera, All Round Vision, Junction View. Also includes Tow Assist and Tow Hitch Assist.

*Rock Crawl not available with single speed transfer gearbox

**Optional

†These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Visit LandRoverUSA.com for more information.

KEY FEATURES

Intelligent Stop/Start

A welcome addition, designed and engineered to help reduce CO₂ emissions and improve fuel economy. The system is automatically engaged when the ignition is turned on and when the engine is no longer required, at traffic lights for example, it will turn itself off. From a standstill, when the vehicle is in Drive, Sport or Reverse, the engine will instantaneously restart when the brake pedal is released.

Full Color Touch-screen[†]

Provides full control and functionality over integrated systems such as navigation, audio, entertainment systems, camera systems, 4x4 information and vehicle settings.

In Car Entertainment

The Meridian™ Audio System delivers superb acoustics and is noted for its excellent reproduction quality from all sources – radio, CD, iPod® or USB. The optional Meridian Surround Sound System features 17 speakers including a subwoofer for full surround sound.

Rear Seat Entertainment*

The Rear Seat Entertainment package ensures passengers can always be engaged. With two eight-inch screens built into the front headrests, a pair of WhiteFire™ digital headphones and a dedicated remote control, passengers can feel truly at home with their choice of film, TV or music.

Compact Smart Key - Keyless entry/Push Button Start

Once the vehicle has been accessed using the remote transmitter, the device may be stored in a pocket or bag to allow starting without its use. The optional Passive Keyless Entry system provides even greater convenience. When within close proximity of the vehicle along with the remote Compact Smart Key, simply open the door, get in and push the Start button.

The Portable Audio Interface

Allows the connection to the in-car entertainment system of an iPod® with full track and search integration. An MP3 player or a mass storage device can also be connected via the USB port.

*Optional on some derivatives.

[†]Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

iPod® is a trademark of Apple Inc., registered in the U.S. and other countries.

Sunroof with Alpine Roof

Even the rearmost passengers enjoy a glass roof in Land Rover LR4. The sunroof tilts and slides electronically and the combined reflective properties of the glass panel and interior sunblinds keep everyone cool and the cabin light and airy.

Hard Disk Drive Navigation[†]

With prompt access speed, graphics and display, the Hard Disk Drive Navigation System stores up to 40GB of data. Navigation mapping can be upgraded via a Land Rover Retailer download.

Additional features available on HDD-equipped vehicles are DVD Audio and MP3 DVD playback and Virtual CD Auto Changer which saves up to ten albums (in uncompressed format) to the HDD and provides track information for easy identification of CDs and tracks.

Blind-Spot Monitor/Closing Vehicle Sensing^{** ††}

Using sensors mounted behind the rear bumper, these systems are designed to see what you might miss. When a vehicle enters a blind spot, a warning light will show in the corresponding door mirror.

Closing Vehicle Sensing scans a zone much further behind the vehicle, to help detect vehicles which are closing quickly from behind and which could cause a threat during a lane change maneuver.

Reverse Traffic Detection^{** ††}

Using radar detectors in the rear of the vehicle the system is designed to warn you about potential collisions during reversing maneuvers. The system can help detect a vehicle approaching from either side. When a target vehicle with a credible 'time to collision' is detected (a collision within three seconds or less), the system alerts the driver. Three warnings are given: an indicator lights up in the corresponding door mirror, an audible alert is sounded and a warning symbol is displayed on the camera screen.

^{**}Available as part of the Vision Assist Package

^{††}These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

DIMENSIONS AND CAPABILITIES

Wheelbase 113.6 inches

Front wheel track 63.2 inches

Rear wheel track 63.5 inches

Width 80.8 inches mirrors folded
Width 86.6 inches mirrors out

Obstacle Clearance

Off-road height up to 12.2 inches
Standard ride height up to 7.3 inches

Standard Ride Height

With Alpine Glass Roof (not open): 74.1 inches
With Roof Rails: 74.4 inches
With Alpine Glass Roof (open): 75.6 inches
With Roof Antennae: 76.3 inches
With Roof Rails and Crossbar fitted: 78 inches
Access height setting will reduce each of the above by 2 inches.

Loadspace Capacity

Rear seats upright
Height 41.7 inches
Width 48.6 inches
Loadspace volume 332.9 gallons
Loadspace width between arches 45.1 inches

Rear seats folded
Height 41.7 inches
Width 48.6 inches
Loadspace volume 675.8 gallons
Loadspace width between arches 45.1 inches
Maximum length at floor 76.8 inches

Headroom

Maximum front headroom 40.2 inches
Maximum front headroom with Alpine roof 40.4 inches
2nd row headroom with Alpine roof 42.4 inches
3rd row headroom with Alpine roof 40.1 inches

Overall length 190.1 inches

Turning Circle

Curb-to-curb 37.57 feet
Turns lock-to-lock 3.32

	A	B	C
Ride Height	Off-road	Standard	
Approach Angle	36.2°	27.3°	29.6°
Ramp Angle	32.2°	22.8°	26.7°
Departure Angle			

Wading Depth

Maximum wading depth: 27.6 inches.

TECHNICAL SPECIFICATION

V6 3.0 SUPERCHARGED

ACCESSORIES

Land Rover LR4 is so capable and adaptable it can get straight to work across a huge variety of vastly differing terrains, conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Land Rover LR4 to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalization to Land Rover LR4. These accessories can be added at any stage during the vehicle's life – not just when it's new. Naturally, Land Rover Approved Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

ACCESSORIES

Underbody Protection
VPLAP0189

Underbody Protection (winch version)
VPLAP0188 (not shown)

Electric Winch
VPLAP0130

9,500lb maximum load capacity. Includes cover for protection when not in use. Plug-in remote control helps provides safe operation from up to 11.9 feet.

Winch Accessory Kit
STC53202 (not shown)

Includes strap, snatch block, two shackles, heavy duty gloves and a storage bag.

Driving Lamp Kit
VPLAV0019

High performance halogen driving lamps supplied with covers. Additional mounting brackets required.

Driving Lamp Mounting Brackets
VPLAV0098

Front Mudflaps
CAS500010PCL

Rear Mudflaps
VPLAP0017

Snow Traction System*
VPLAW0080

Applicable to 235/70 R17, 255/60 R18, 255/55 R19, 255/50 R20 wheel and tire sizes. Fit to front wheels only.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

Side Protection Tubes, Stainless Steel
VTD500020

Side Protection Tubes, Black Steel
VTD500010 (not shown)

Body Side Mouldings with Bright Insert
VPLAP0013

Body Side Mouldings without Bright Insert
VPLAP0012 (not shown)

Styled Valve Caps
Land Rover – LR027560
Union Jack – LR027664
Black Jack – LR027666

Bright Finish Mirror Caps
VPLAB0132

Silver Noble Finish Mirror Caps
VPLSB0086 (not shown)

Stainless Steel Trim Finisher Kit
VPLAB0044

Includes Lower Door Trim Finishers and a Tailgate Trim Finisher.

Stainless Steel Rear Bumper Tread Plate
LR006874

ACCESSORIES

Full Length Roof Rail Kit
Bright Finish* – VPLAR0075
Black Finish* – VPLAR0074 (not shown)

Cross Bars – Bright Silver Finish
VPLAR0001

Adjustable position crossbars, for carrying all Land Rover roof mounted accessories featured. Easily removed when not in use. Lockable for security. Maximum payload 158.3lbs¹. Vehicle must have factory-fit roof rails or Roof Rail Kit fitted.

Expedition Roof Rack*
CAB500021PMA

Vehicle must be fitted with a Black Finish or Bright Finish Short Roof Rail Kit CAB500120PVJ (not shown)/CAP500090. Vehicle height when fitted 83 inches at normal ride height. Maximum payload 120lbs¹.

Aqua Sports Carrier*
VPLGR0107

Carries one surfboard or sailboard and mast, or one canoe or kayak. Includes lockable multi-purpose holder to carry a mast, oars or paddles. Tilts to facilitate easy loading and unloading. Maximum payload 99lbs¹.

Sports Box*
VPLVR0061

Luggage Box*
VPLVR0062 (not shown)

Large Roof Box*
VPLWR0100 (not shown)

Available in a range of sizes, all versions can be mounted either side for curbside opening in any country and include integral locks for security and peace of mind. Carrying capacity ranges from 320 liters with the Sports Box to the 410 liter Luggage Box or the capacious 430 liter Large Sports Box. Maximum payload 165lbs.

Luggage Carrier*
LR006848

Maximum payload 138lbs¹.

Ski/Snowboard Holder*
LR006849

Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 79lbs¹.

Gearshift Paddles
 Aluminum – VPLVS0187MMU
 Aluminum Red – VPLVS0187CAY

Complete the look and feel of your steering wheel with these premium aluminum paddles. These Gearshift Paddles are billet machined, anodised and hand brushed to provide exceptional wear resistance with a premium finish.

Drive Select Rotary Shifter Upgrade
 Red Finish – VPLVS0180
 Silver Finish – VPLSS0142
 Leather Drive Select Top Cover – VPLSS0143PVJ

Enhance the appearance of your vehicle's interior with this stylish Rotary Shifter and Leather Drive Select Top Cover.

Stainless Steel Sill Tread Plates
 EBN500041

To protect and enhance the appearance of the vehicle sills. Covers front and rear door sills.

Center Armrest Cooler/Warmer Box
 VPLVS0176

This convenient drink and food cabinet is ideal for use on long journeys and can also be used as a rear center armrest. It features a leather trim to provide a premium finish in keeping with the Land Rover LR4 interior.

Premium Carpet Mat Set
 VPLAS0192SVB – Nutmeg
 VPLAS0192PVJ – Ebony

Deep pile carpet with waterproof backing.

Rubber Mat Set
 VPLAS0253

Rubber Mats, Third Row
 EAH500100PMA (not shown)

ACCESSORIES

Cargo Divider
EOH500040

Separates luggage space into two protected sections. Lockable outer gate on one side. Must be fitted with Cargo Barrier. Not compatible with standard loadspace cover.*

Cargo Barrier
VUB501170

Easily removed. Retains cargo according to ECE-17 regulation. Can be used with standard loadspace cover.*

Rigid Loadspace Protector

EBF500010 Not compatible with Cargo Barrier
EBF500080 Compatible with Cargo Barrier and Cargo Divider

Load Retention Net
VUB503130

Utilizes loadspace tie-down points. Includes floor net and two ratchet straps. Strap length approximately 6.6ft.

Flexible Loadspace Protector
VPLAS0015

Heavy duty fabric helps protect loadspace up to window height. Also covers loadspace floor with second row seats folded. Includes heavy duty gloves.

Loadspace Rubber Mat
LR006401

Waterproof with retaining lip and non-slip surface.

Waterproof Seat Covers – Almond

Front seat pair** (shown above)
VPLAS0130SVA

For DVD headrest seats front seat pair**
VPLAS0131SVA

Rear five-seat 35:30:35**
VPLAS0132SVA

Rear five-seat 65:35**
VPLAS0168SVA

Rear set and third row seven-seat**
VPLAS0134SVA

Waterproof Seat Covers – Ebony

Front seat pair**
VPLAS0130PVJ

For DVD headrest seats front seat pair**
VPLAS0131PVJ

Rear five-seat 35:30:35**
VPLAS0132PVJ

Rear five-seat 65:35**
VPLAS0168PVJ

Rear set and third row seven-seat**
VPLAS0134PVJ

*Can be fitted with Loadspace Rubber Mat (LR006401) and Rigid Loadspace Protector (EBF500080)

**Helps protect seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colors shown may differ from the actual product.

iPad® Holder
VPLVS0165

iPad® 1 Holder
VPLVS0164

Front Screen Shade
VPLFY0068

Reflects the sun's rays and helps to keep the interior of your vehicle cool.

Seat Back Stowage
Premium – VPLVS0182

Manufactured from the finest materials with soft touch interior lining and magnetic button clasps, this convenient stowage system for the rear of the front seats provides multiple compartments for stowing small items.

Standard – VPLVS0181 (not shown)

Ski Bag
VPLGS0166

Carries up to two pairs of skis and poles up to 5.10 feet long. Features removable shoulder straps.

Universal Lift and Load System
VPLVR0096

This roof loading aid fixes to your garage roof and allows you to lift equipment on to the vehicle with ease. It can also be used for storing the roof box conveniently when removed from the vehicle.

Rechargeable Flashlight
VPLAV0102

High power 300 Lumen rechargeable flashlight machined from solid aluminum with a black anodised finish. An integral charging dock in the loadspace ensures it is always charged and ready for action. Features maximum output with three further settings including a flashing mode. Land Rover branded.

ACCESSORIES

Quick Release Tow Bar¹
LR040248

Quick Release Tow Bar Stowage
LR020002 (not shown)

Hidden loadspace stowage block. Seven-seat vehicles only.

Towing Mirror Extension
VPLVT0080

Premium towing mirrors with a Land Rover branded stowage bag.
Fits easily to door mirror housing.

Rear Access Ladder
AGP780020

20 INCH FIVE SPOKE ALLOY WHEEL
DIAMOND TURNED FINISH
TIRE SPECIFICATION: 250/50 ZR20
