NOTE: This is a fictitious story about the very real benefits of driving a Chevy Cavalier.

Two Drivers Chat It Up.
Kate and Aaron recently met in a car-buying tips chat room — a place to exchange information about good deals and smart choices. Speaking of which, both drive the car that's proven to be a great value. Of course, it's the Chevy Cavalier. Find out why here and at chevrolet.com

Aaron
Age: 22
Occupation: Programmer at a Boston-based dot-com.
Ride: Cavalier Sedan

Kate
Age: 19
Occupation: Pre-law student at a California university
Ride: Cavalier Coupe

Chevy Cavalier.

Meet the small car more people depend on.*

Ladies and gentlemen, start your search engines: the 2001 Chevy Cavalier has arrived. Sleek and sporty, the look is enticing. With highly desirable standard features, such as air conditioning, a rear-window defogger and antilock brakes. Yes, standard. A quick cruise around the web confirms that Cavalier is one of the few small cars with a standard package this complete.† It's simple. We know what you want and we won't make you pay extra for it. Just one of the many reasons so many people choose Cavalier over any other small car.

*Polk National Vehicle Population Profile. Small and economy coupe and sedan segments. Vehicles on the road as of 7/1/99.
†Based on 2000 model year competitive data.

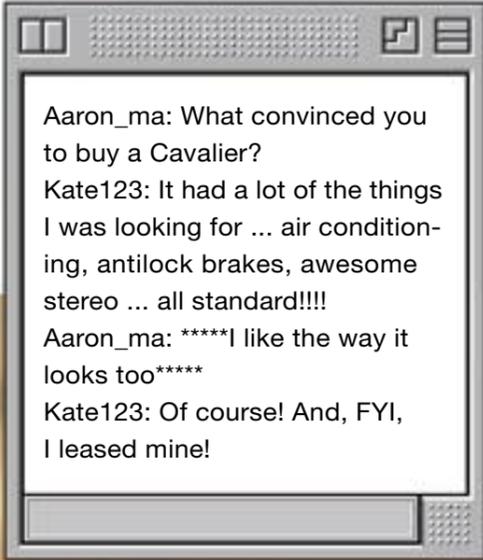

Location: <http://www.chevrolet.com/cavalier>

Drive a high-performance sport coupe right now.

Why wait? The Z24 is revved up and ready to roar ... at a price you can afford. Pure sports driving starts on the inside with a 2.4 Liter Twin Cam

engine, 5-speed gearbox, tuned Level II Sport Suspension and 4-wheel ABS. Outside, it's a fast look with cast-aluminum wheels, a powerful race car-

inspired front fascia with integral foglamps, and an aggressive rear spoiler. The racy Z24 nameplate finishes the red-hot look.

Performance Engine
 This 2.4 Liter Twin Cam engine with Sequential Fuel Injection and balance shafts delivers 150 horsepower at 5600 rpm and 155 lb.-ft. of torque at 4400 rpm.

Precision Gauges
 At a glance these analog gauges, including a tachometer and an electronic trip odometer, tell you what you need to know, fast!

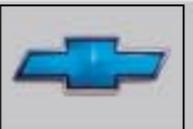

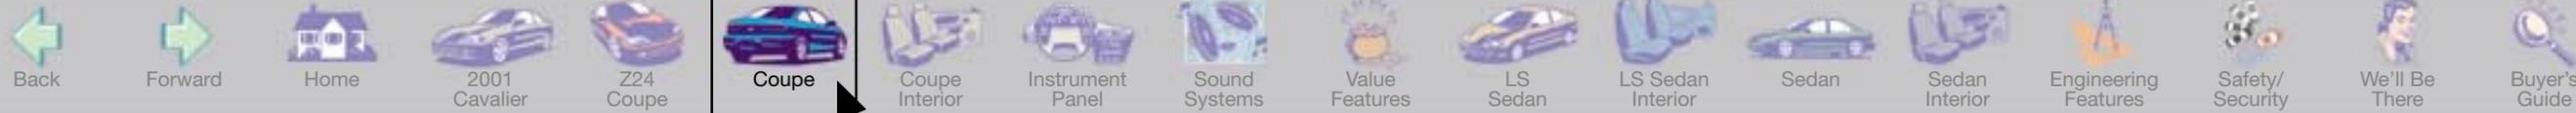

Remote Keyless Entry (RKE)*
 Easily lets you lock or unlock doors, turn on interior lights and unlock the trunk from up to 30 feet away. Includes a customized radio station preset for each key fob, a panic/car locator button, an audible anti-theft alarm and lockout protection should you accidentally leave your keys in the ignition.
*Standard on Z24. Optional on other models.

Michelle Kwan
 Only the high-performance Z24 would suit this "high-performance" skater — champion Michelle Kwan. She is a three-time world champion, a four-time national champion, an Olympic Silver Medalist and the owner of a Cavalier Z24.

Cavalier Z24 Coupe in Bright White.

Location:

Choose style and substance, forever fashionable.

Cavalier is the lowest-priced car in America with standard antilock brakes, air conditioning and a rear-window defogger.* Plus a comprehensive safety package with high-strength, steel body

safety-cage construction and Daytime Running Lamps. It's no accident these features are standard. We're committed to making driving safer. And more fun, with Cavalier's good looks, enthusiastic

115-horsepower, 2.2 Liter engine and 5-speed manual transmission. Or choose a 4-speed automatic transmission with Traction Assist.

*Based on 2000 competitive information and MSRP comparisons.

Kate123: Hey, guess what. My insurance company gave me a break on my premium because my car has antilock brakes.
 Aaron_ma: Yeah, I got that too.
 Kate123: It costs extra on a Focus, Neon and Civic :-(! My dad says antilock brakes can really make a difference in steering clear of trouble.

Standard Air Conditioning
 You'll stay oh-so-cool with this never-extra, always-standard-in-every-Cavalier feature. We know you want it. Now you've got it at no extra charge!

Standard 4-Wheel ABS
 This helps you "stop the lock" when braking on most slippery surfaces. On many other small cars, ABS is an expensive option.*

Optional Sport Package
 Drive your sporty attitude with this optional package, including a pumped-up rear spoiler, a tachometer and premium amplified audio system with rear woofer speakers.

Optional Factory-Installed Sunroof
 Touch the sky, day or night, with this electric sunroof, including a mirror-mounted map light.

Cavalier Coupe in Ultra Silver Metallic with V11 Sport Package and other options.

Embrace your personal space.

You'll notice the difference almost immediately. While others may look and feel "plastic-y" (read "cheap"), Cavalier delivers the unexpected — a soft, padded dash befitting a much more expensive vehicle. Add to this plenty of room, front bucket seats with adjustable head restraints, an excellent stereo, a large center storage area perfect for CDs and gear, an easy-entry passenger seat,* plus five cup holders, one for every passenger — imagine that!

*Standard on Z24 Coupe. Optional on Cavalier Coupe.

Aaron_ma: Do you haul a lot of stuff around?
Kate123: Not really. Just the basics. What about you?
Aaron_ma: Seems I've got soccer gear and three of my soccer buddies in the back at all times.
Kate123: Sounds interesting!
Aaron_ma: No, it's just amazing that all of that stuff — and all of them — fit back there!

Location: <http://www.chevrolet.com/cavalier>

Grab hold and steer!

Control is yours with this ergonomically engineered instrument panel. It quietly presents what you need, right where you want it. The fact that you may never notice that you can easily see all of the gauges while adjusting the standard air or surfing the standard AM/FM stereo means we've done our job right. And we have. Every gauge, control and option is precisely calibrated and ergonomically positioned for optimal performance. A Tilt-Wheel™ steering column is also an option on Cavalier Coupe. It gets better still. With a Cavalier LS Sedan, cruise control, Tilt-Wheel™ and remote trunk release are all standard.

Kate123: Honestly, Cavalier was a huge surprise. I didn't think it was going to be so fun to drive.
 Aaron_ma: I know, I was surprised too.
 Aaron_ma: What about the inside? Isn't it comfortable?
 Kate123: Very. And I like the way it looks. Sort of streamlined and modern. So me ;)!!

Cavalier Coupe instrument panel in Graphite. Some optional equipment shown.

Location:

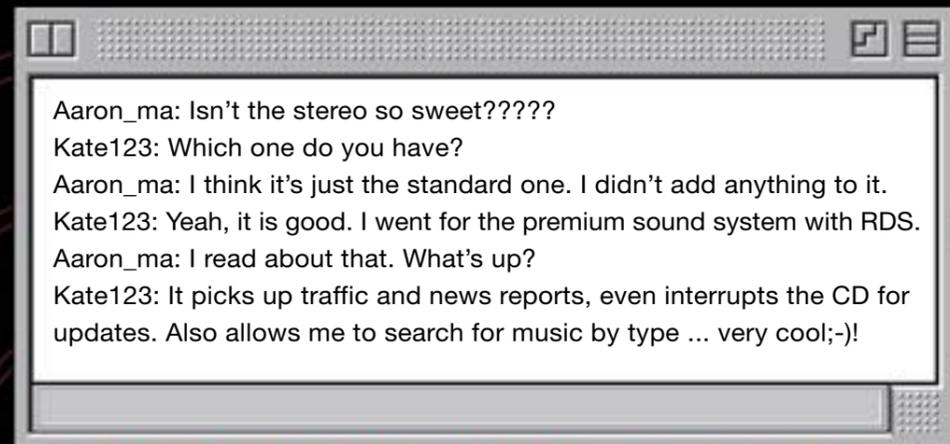

Experience sound you can feel.

Pure, rich waves of sound powerfully fill Cavalier ... and that's just the standard AM/FM stereo. Move up and your whole world amplifies with the new six-speaker premium audio system. Front coaxial speakers. Rear woofers and tweeters. Cassette player. CD player. TheftLock. Speed-compensated volume. And a little-known wonder, Radio Data System (RDS): The RDS advantage puts Cavalier at the forefront of audio system innovations. An RDS-capable stereo can be programmed to interrupt cassette or CD play with important traffic bulletins or emergency weather reports. RDS also helps you easily find programming by type, such as jazz, rock, talk or country.

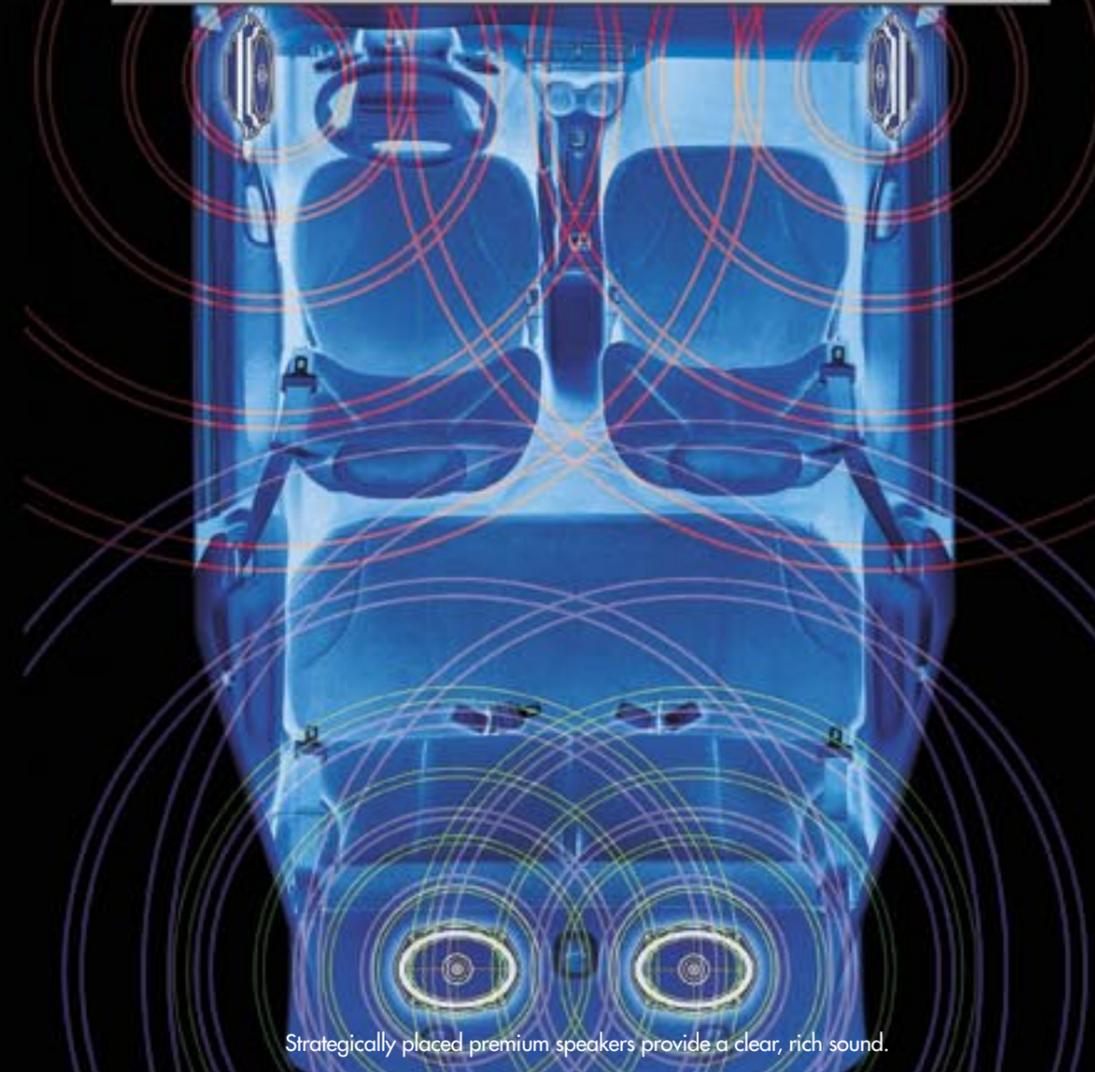

*RDS features are only available for use on FM stations which broadcast RDS information. The RDS features of your radio rely upon receiving specific RDS information from these stations. These features will only work when the RDS information is available.

Six-speaker premium audio system with AM/FM stereo with cassette/CD, TheftLock protection, auto tone control, speed-compensated volume and RDS.

Aaron_ma: Isn't the stereo so sweet?????
 Kate123: Which one do you have?
 Aaron_ma: I think it's just the standard one. I didn't add anything to it.
 Kate123: Yeah, it is good. I went for the premium sound system with RDS.
 Aaron_ma: I read about that. What's up?
 Kate123: It picks up traffic and news reports, even interrupts the CD for updates. Also allows me to search for music by type ... very cool;-)!

Strategically placed premium speakers provide a clear, rich sound.

Location: <http://www.chevrolet.com/cavalier>

Here's what makes Cavalier simply irresistible!

Kate123: The more I compared, the more I knew Cavalier was the way to go ... almost everything I wanted was included in the base price.
 Aaron_ma: Agree. It's a little hard to believe! Even air conditioning.
 Kate123: I couldn't drive it any other way ... after all, I have my hair to consider :)!!!

Standard Air Conditioning and AM/FM Stereo

Two delightfully cool features. AC is standard on all Cavaliers. You could pay at least \$700 more for AC on a Dodge Neon, Ford Focus, or Toyota Corolla.* The standard electronically tuned stereo sounds terrific with four extended-range speakers.

*Based on 2000 model year competitive data.

Standard 4-Wheel Antilock Brake System

ABS is a proven safety advantage many competitors charge extra for.* You could pay at least \$400 more for ABS on a Ford Focus or Dodge Neon. With Cavalier, ABS is included to help you maintain steering control on most slippery surfaces.

*Based on 2000 competitive information and GM segmentation.

Standard Theatre Lighting and Battery-Run-Down Protection

Interior dome lamps slowly dim once all doors are closed to ease eye adjustments to lighting changes. Interior or trunk lights left on for more than 20 minutes with the ignition turned off automatically shut off to protect the battery.

Standard Breakaway Mirrors

Designed for fewer breaks and less hassle. These outside rearview mirrors can be easily realigned if they're ever bumped or moved.

Standard Rear-Seat Heat Ducts

Toasty toes coming right up, thanks to these ducts that route warm air under the front seats to the rear of the passenger compartment.

Standard PASSlock® Theft-Deterrent System

Thieves, beware. If an attempt is made to start a Cavalier (any model) without the proper key, the fuel system will automatically be disabled.

Buyer's Guide

Location: <http://www.chevrolet.com/cavalier>

Style and value wrapped up tight.

At first it's just handsome. Very sharp with its distinctive bumpers and taillamps. Look again and see it as a great value in its class. Cavalier LS offers a style-enhancing, optional rear

spoiler and 15-inch full wheel covers. And a standard 4-speed automatic transmission with safety-conscious Traction Assist. Plus your choice of a standard 115-hp, 2.2 Liter engine

(135 lb.-ft. of torque at 3600 rpm) with Sequential Fuel Injection for smooth performance. Or the 150-hp, 16-valve, 2.4 Liter engine (155 lb.-ft. of torque at 4400 rpm.)

Aaron_ma: What color did you get?
 Kate123: It's a metallic silver with a gray interior.
 Aaron_ma: Very nice. Mine's a deep blue color. Different looking but very cool.
 Kate123: Just like you, right ;)?

Chevrolet Supports U.S. Soccer
Chevrolet is an enthusiastic sponsor of the U.S. Men's and Women's National Teams. A Chevy "Man and Woman of the Match" is selected at each game. Chevy also gives the "Chevy/USA Soccer Athlete of the Year" award, plus a brand-new Cavalier, to one outstanding male and female player each year.

Traction Assist
Extra help on most slippery surfaces, such as snow and ice, is something you'd expect from a more expensive car. On the Cavalier LS, this all-speed Traction Assist system is standard. (Included on other Cavaliers with the optional 4-speed automatic transmission.)

Abundant Trunk Space
Plenty of room with a convenient cargo net, standard in the Cavalier LS Sedan and Z24 Coupe, and a low lift-over height make loading and unloading even easier.

GuideLocation: <http://www.chevrolet.com/cavalier>

Kate123: Hey, just found out Cavalier has more room than a BMW 3 Series sedan. It also delivers a standard powertrain and good fuel economy according to the government's EPA charts — 23 city and 33 highway. Surprised?

Aaron_ma: Partially, yes. I knew it was good on gas, but the roomier than a BMW part, excellent!

Kate123: Check out the government's web site www.fueleconomy.gov You'll be so happy you drive a Cavalier :).

Wide-open spaces free the way for comfort and control.

One of the first things you'll notice is that the Cavalier LS doesn't feel like a small car. There's plenty of room, too. More than Toyota Corolla, Ford Focus and Honda Civic. Enough for five adults with five lattes — five cup holders are standard in every Cavalier! Your comfort continues with this car's cushy, cloth interior, deeply contoured bucket seats, full-folding rear seat with trunk pass-through ... so convenient ... plus air conditioning, cruise control, Tilt-Wheel™ steering column, 4-speed automatic transmission with Traction Assist, remote trunk release, tachometer and trip odometer — all standard!

Kate123: Did you test drive any other cars when you were looking?
Aaron_ma: I test drove a Civic and a Neon. They were nice but Cavalier still offered more.
Kate123: I didn't consider a Neon but the Civic caught my eye. What did you like better about the Cavalier?
Aaron_ma: Its roominess. Cavalier felt larger. Civic's also a lot more expensive when you add in air, ABS ... all of the things I wanted.

Cavalier Sedan in Dark Colorado Green Metallic. Some optional equipment shown.

let.com/cavalier

Rich with features, free from pretense.

The most affordable Cavalier Sedan is every bit the looker, without the attitude. Delightfully contemporary on the outside, enough room for five on the inside. As is the case with every Cavalier, generous standard equipment is standard operating procedure. On the sedan it's standard antilock brakes, a rear-window defogger, air conditioning, an AM/FM stereo with TheftLock, a long-lasting, stainless-steel exhaust system, a full-folding rear seat with trunk pass-through, and more.

Open Your Mind To The Possibilities.
 Inside the Cavalier Sedan you'll have lots of room and lots of little things that make a big difference when it comes to your comfort and convenience.

Cavalier Base interior in Neutral. Some optional equipment shown.

Full-Folding Rear Seat With Trunk Pass-Through
 Bikes, golf clubs and gear easily fit into Cavalier with this versatile standard feature. Plus the extra room is so easy to attain!

Front-Seat Cup Holders
 You'll find three cup holders — one is extra large — in the center console area.

Rear-Seat Cup Holders
 Again, the convenience is extra large. Access these cup holders by simply flipping up the front armrest.

Center Console With Storage
 Just the room you need to keep your favorite things well within your reach.

Location: <http://www.chevrolet.com/cavalier>

Drive a car you can depend on year after year.

Right now there are more Cavaliers on the road than any other small car.* Ultimately, this kind of success comes from quality design and noteworthy engineering. We're proud to say we have both ... and you'll have a car you can depend on!

*Polk National Vehicle Population Profile. Small and economy coupe and sedan segments. Vehicles on the road as of 7/1/99.

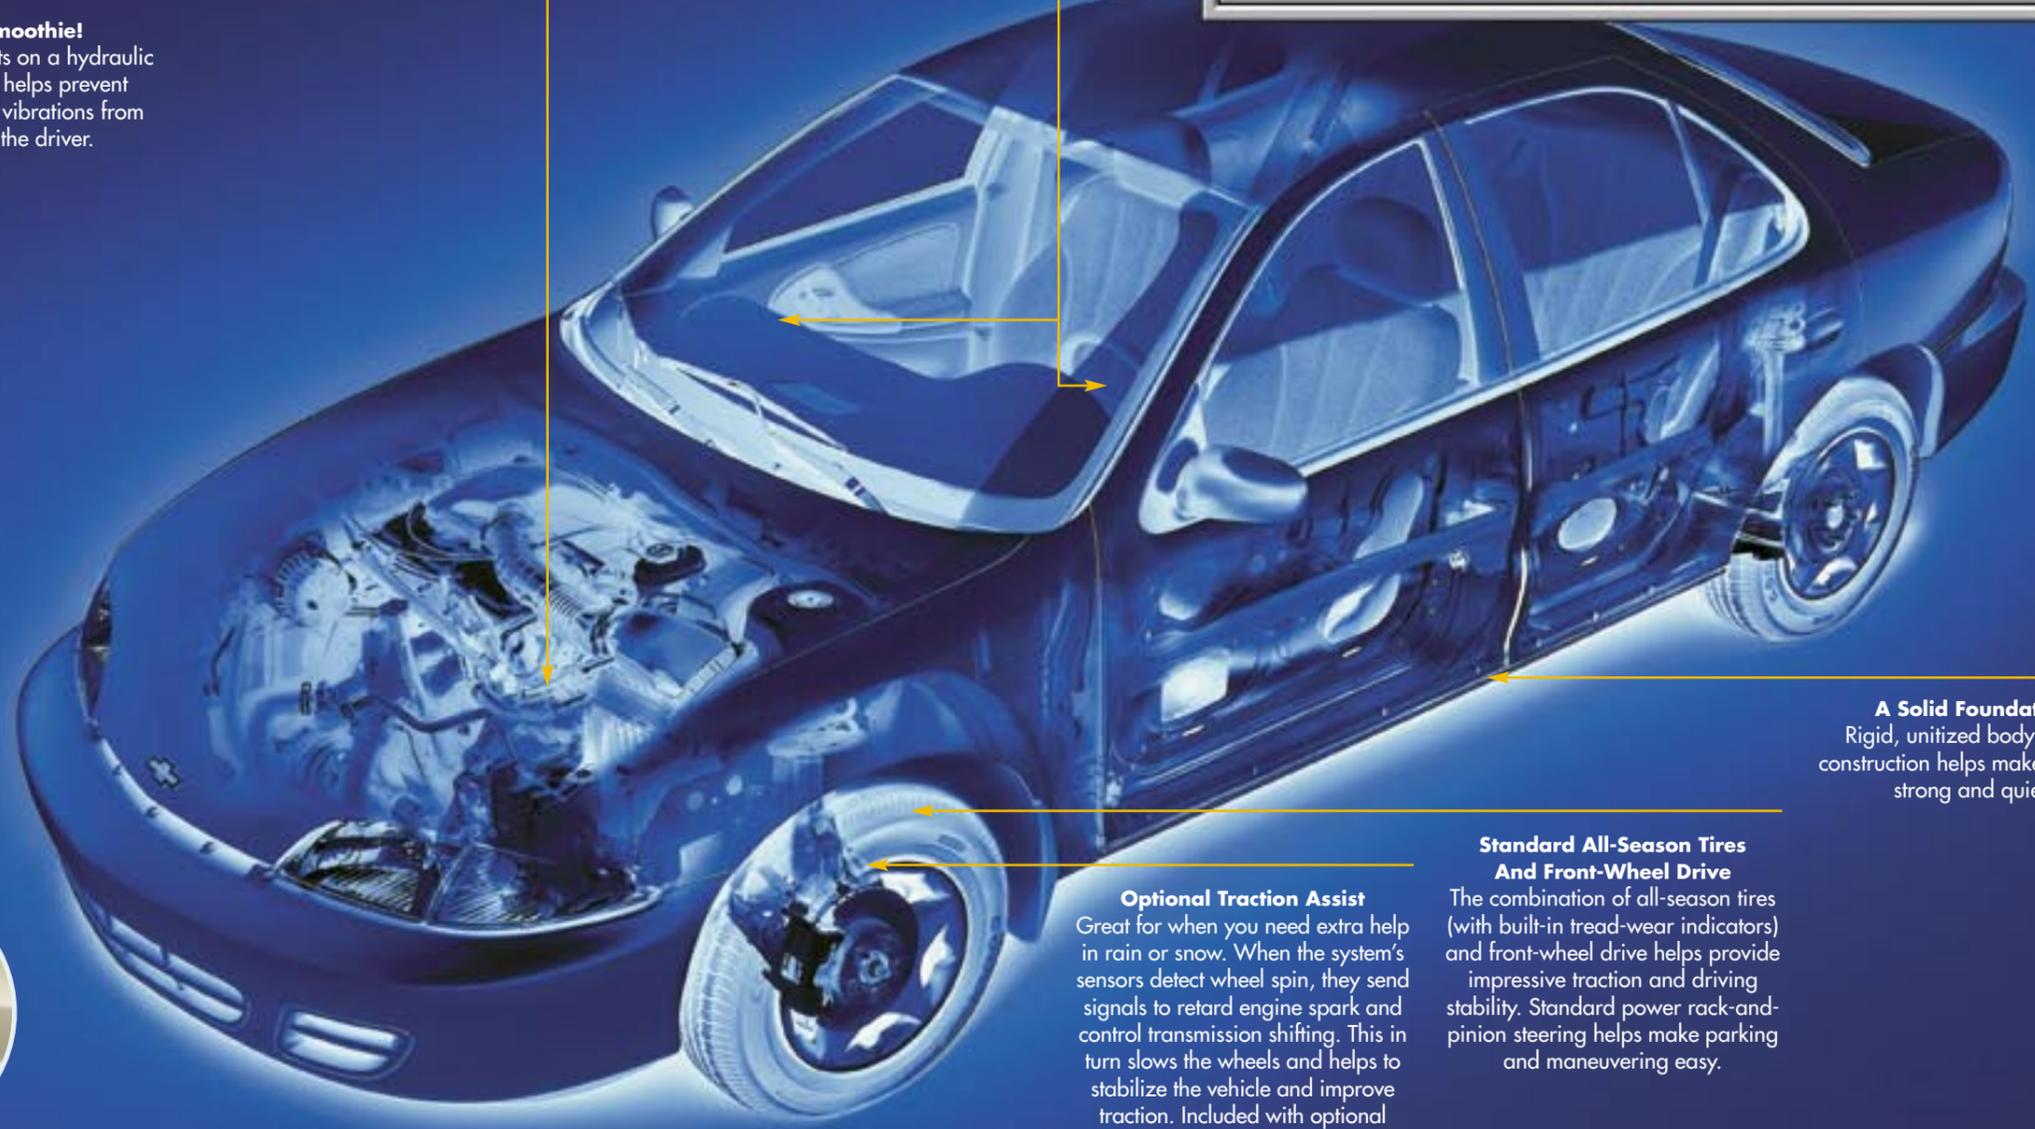

Standard 2.2 Liter Engine
Delivers 115 hp at 5000 rpm, and torque is 135 lb.-ft. at 3600 rpm. Features include Sequential Fuel Injection and a single accessory drive belt that's designed to never need adjustment.*
*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.

Optional 2.4 Liter, 16-Valve Engine
The 150-hp Twin Cam engine with Sequential Fuel Injection and balance shafts delivers 150 hp at 5600 rpm and 155 lb.-ft. of torque at 4400 rpm. Optional in Cavalier LS and standard in Z24.

It's A Smoothie!
The engine floats on a hydraulic mount which helps prevent certain engine vibrations from reaching the driver.

Standard Dual Air Bags
Air bags supplement the lap/shoulder safety belt system to help restrain the driver and front passenger in the event of a moderate to severe frontal impact.*
*Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information.

Kate123: I also like that Cavalier is a Chevy.
Aaron_ma: I can see why. They've been around. My brother's best friend has had his for about seven years and he loves it.
Kate123: That's good to know. I think Chevy will always be there.
Aaron_ma: Not too much to ask, is it?

It's Easy To Take Care Of
Travel up to 100,000 miles before the first scheduled spark plug replacement;* the engine coolant lasts up to 5 years or 150,000 miles;† and the automatic transmission fluid never needs changing.
*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.
†Whichever comes first.

Two-Sided Galvanized Steel Works Hard For You
All body panels (except the roof) are constructed of rust-fighting, two-sided galvanized steel which helps provide excellent corrosion protection.

Optional Traction Assist
Great for when you need extra help in rain or snow. When the system's sensors detect wheel spin, they send signals to retard engine spark and control transmission shifting. This in turn slows the wheels and helps to stabilize the vehicle and improve traction. Included with optional 4-speed automatic transmission.

Standard All-Season Tires And Front-Wheel Drive
The combination of all-season tires (with built-in tread-wear indicators) and front-wheel drive helps provide impressive traction and driving stability. Standard power rack-and-pinion steering helps make parking and maneuvering easy.

A Solid Foundation
Rigid, unitized body/frame construction helps make Cavalier strong and quiet.

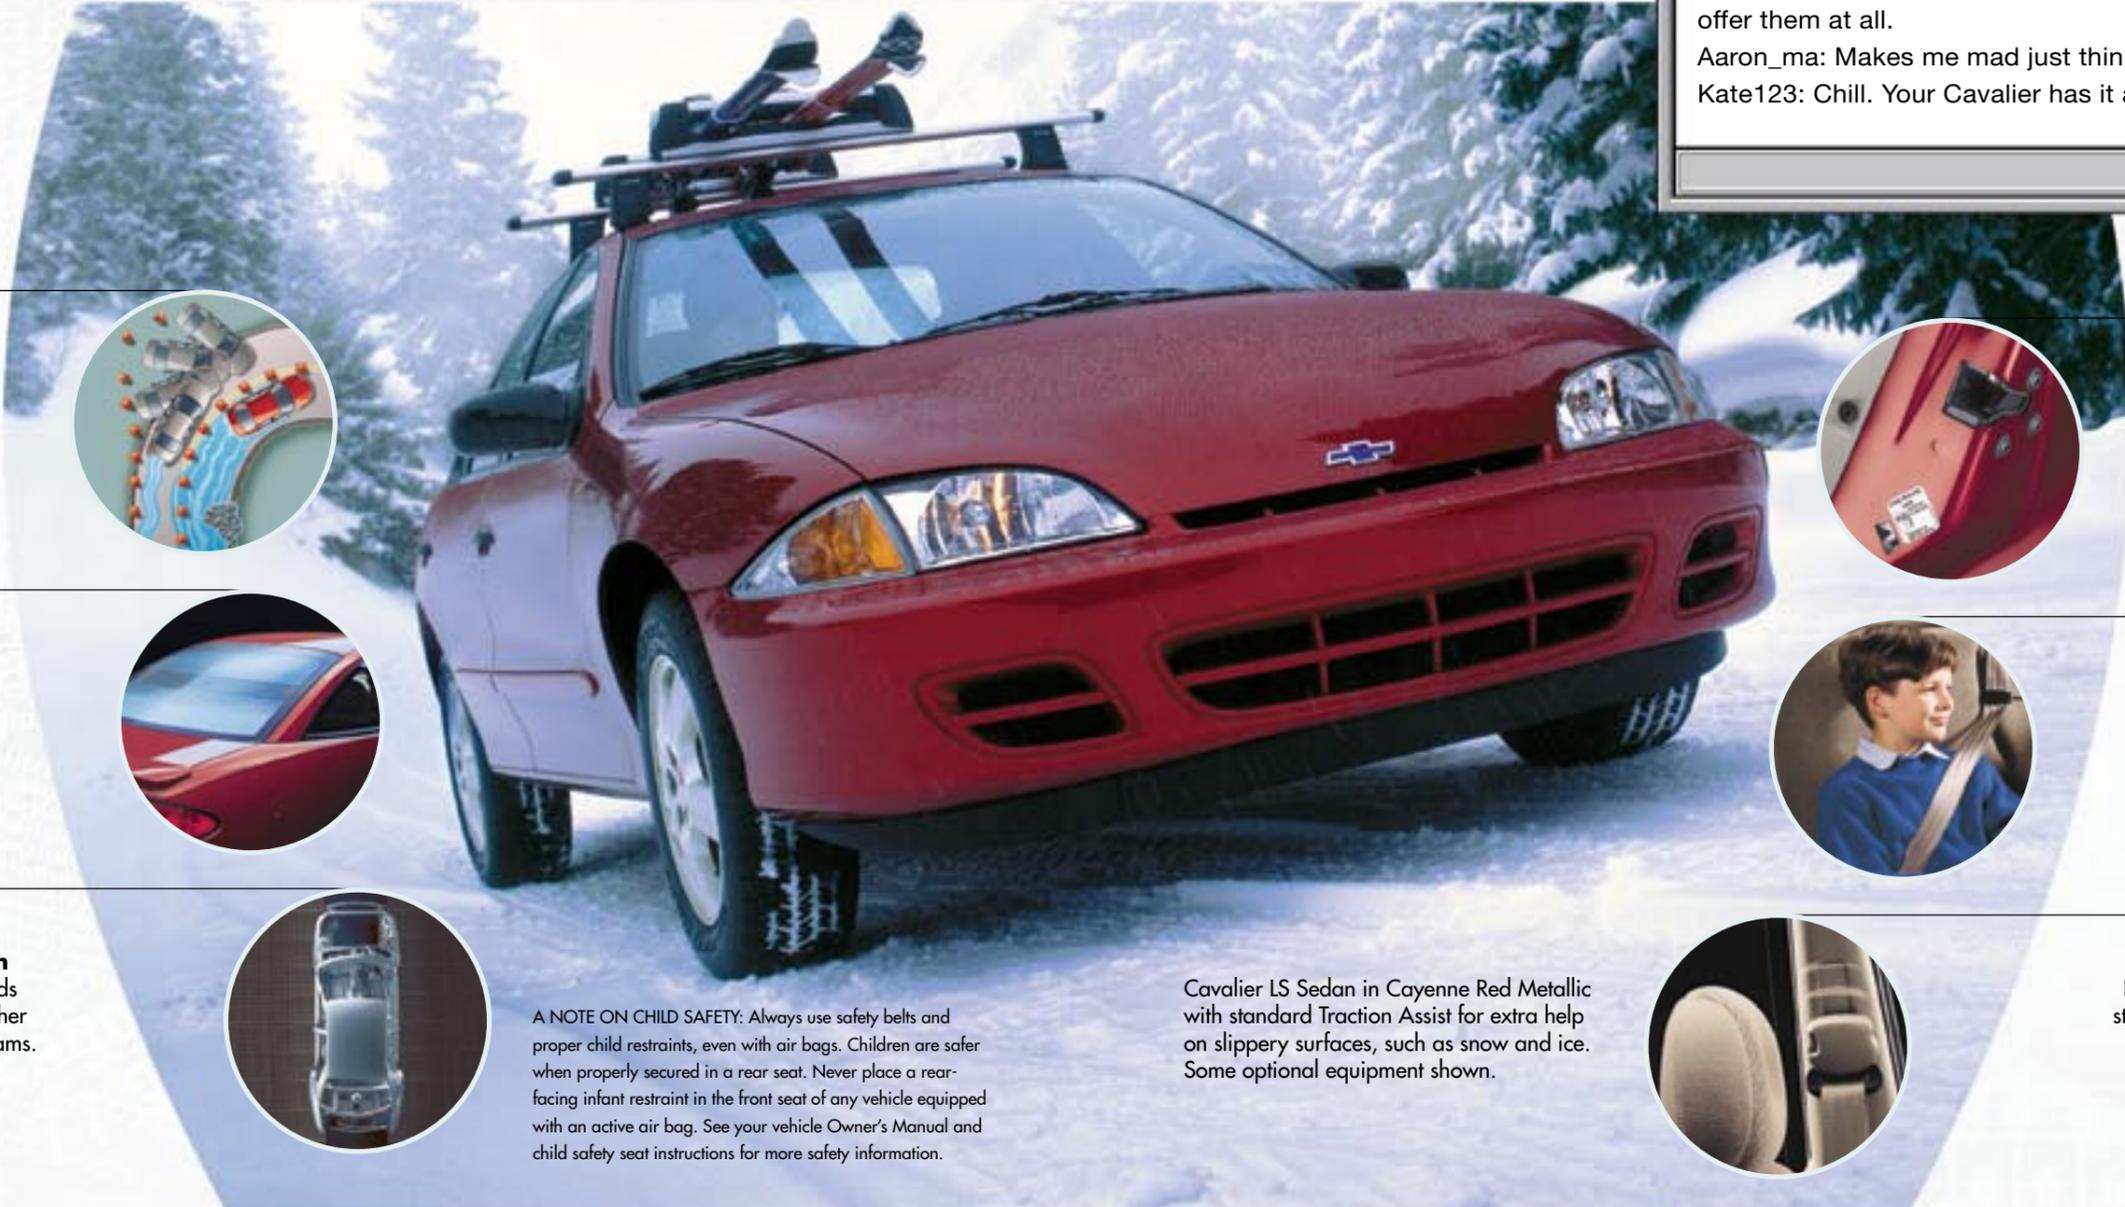

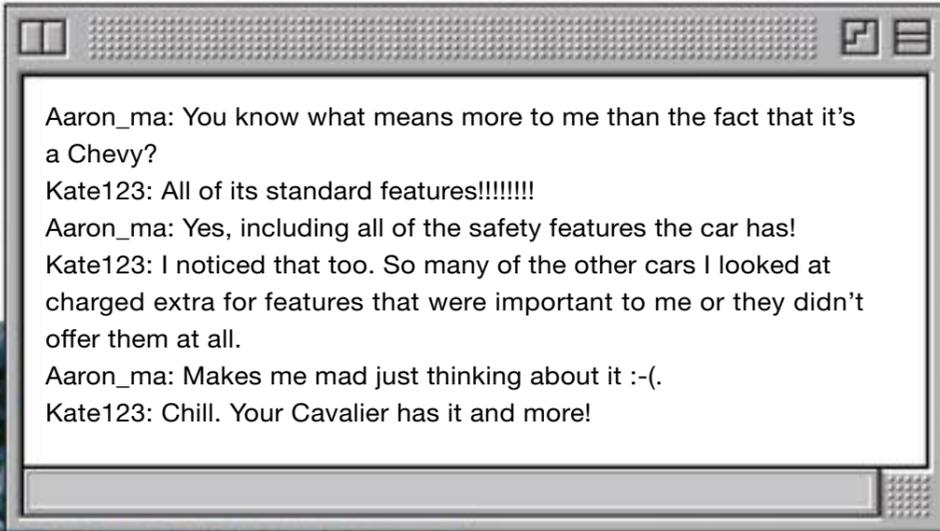

Location: <http://www.chevrolet.com/cavalier>

Safety is the standard — there are no substitutes.

To us, safety isn't something you pay extra for. Cavalier has a comprehensive standard safety package with major safety systems, such as dual air bags and energy-absorbing front and rear

"crush zones." Plus 4-wheel antilock brakes, a rear-window defogger, Daytime Running Lamps, three top-tether anchors for a child restraint safety seat in all three rear-seat positions,

safety belt guide loops, and an anti-lockout protection system with optional Remote Keyless Entry. It's occupant-protection, crash-avoidance and personal security technology you can believe in.

Standard Antilock Brakes

4-wheel ABS is designed to help you maintain steering control by reducing wheel lockup when you're braking on most slippery surfaces, such as wet roads, ice or snow.

Standard Rear-Window Defogger

See better with this "zoned" rear defogger that clears the center of the rear window first.

Reinforced Safety-Cage Construction

A high-strength steel body surrounds the passenger compartment. It's further reinforced with steel side-door beams.

A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information.

Cavalier LS Sedan in Cayenne Red Metallic with standard Traction Assist for extra help on slippery surfaces, such as snow and ice. Some optional equipment shown.

Child Security Rear-Door Locks

When engaged these child security rear-door locks prevent rear doors from being opened from the inside. Standard in sedan models.

Rear-Seat Safety Belt Comfort Guides

Standard in all Cavaliers, this feature makes safety belts more comfortable for children in booster seats or children who have outgrown child restraints.

Shoulder Belt Height Adjusters

Front shoulder safety belt height adjusters are standard on every Cavalier Sedan.

Location: <http://www.chevrolet.com/cavalier>

WE'LL BE THERE.

Chevrolet is there with the largest dealer network in the USA — and a comprehensive owner protection plan that will look after you from the moment you take delivery of your new Cavalier.

The plan includes:

- **New Vehicle Limited Warranty**
- **24-Hour Roadside Assistance**
- **Courtesy Transportation**

It's an owner protection plan you can believe in. Your Chevrolet dealer has all the details. Through the years and across the miles, wherever America's going ... we'll be there.

NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the USA. See your Chevrolet dealer for terms and conditions.

Covered for 3 years/36,000 miles (whichever comes first):

- The complete vehicle
- Tires
- Towing to your nearest Chevrolet dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- No charge for most warranty repairs

Covered for 6 years/100,000 miles (whichever comes first):

- Rust-through corrosion

24-HOUR ROADSIDE ASSISTANCE

Call **1-800-CHEV-USA** toll free any time during the warranty period. Towing and basic technical advice come with the Basic Care package.

Courtesy Care provides additional features* including locksmith services, flat tire-changing, fuel delivery, non-warranty towing and jump starts. Some services will incur costs. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time.

*During the term of the New Vehicle Limited Warranty.

COURTESY TRANSPORTATION

Ask your participating Chevrolet dealer for Courtesy Transportation if you drop your vehicle off for repairs under the New Vehicle Limited Warranty. Also see if you qualify for expense reimbursement and/or vehicle rental. Services vary at election of participating dealer.

FROM DAY ONE ...

The gas tank is full, the vehicle is checklist ready for you to drive away, and a full orientation awaits you on everything about your new Chevy.

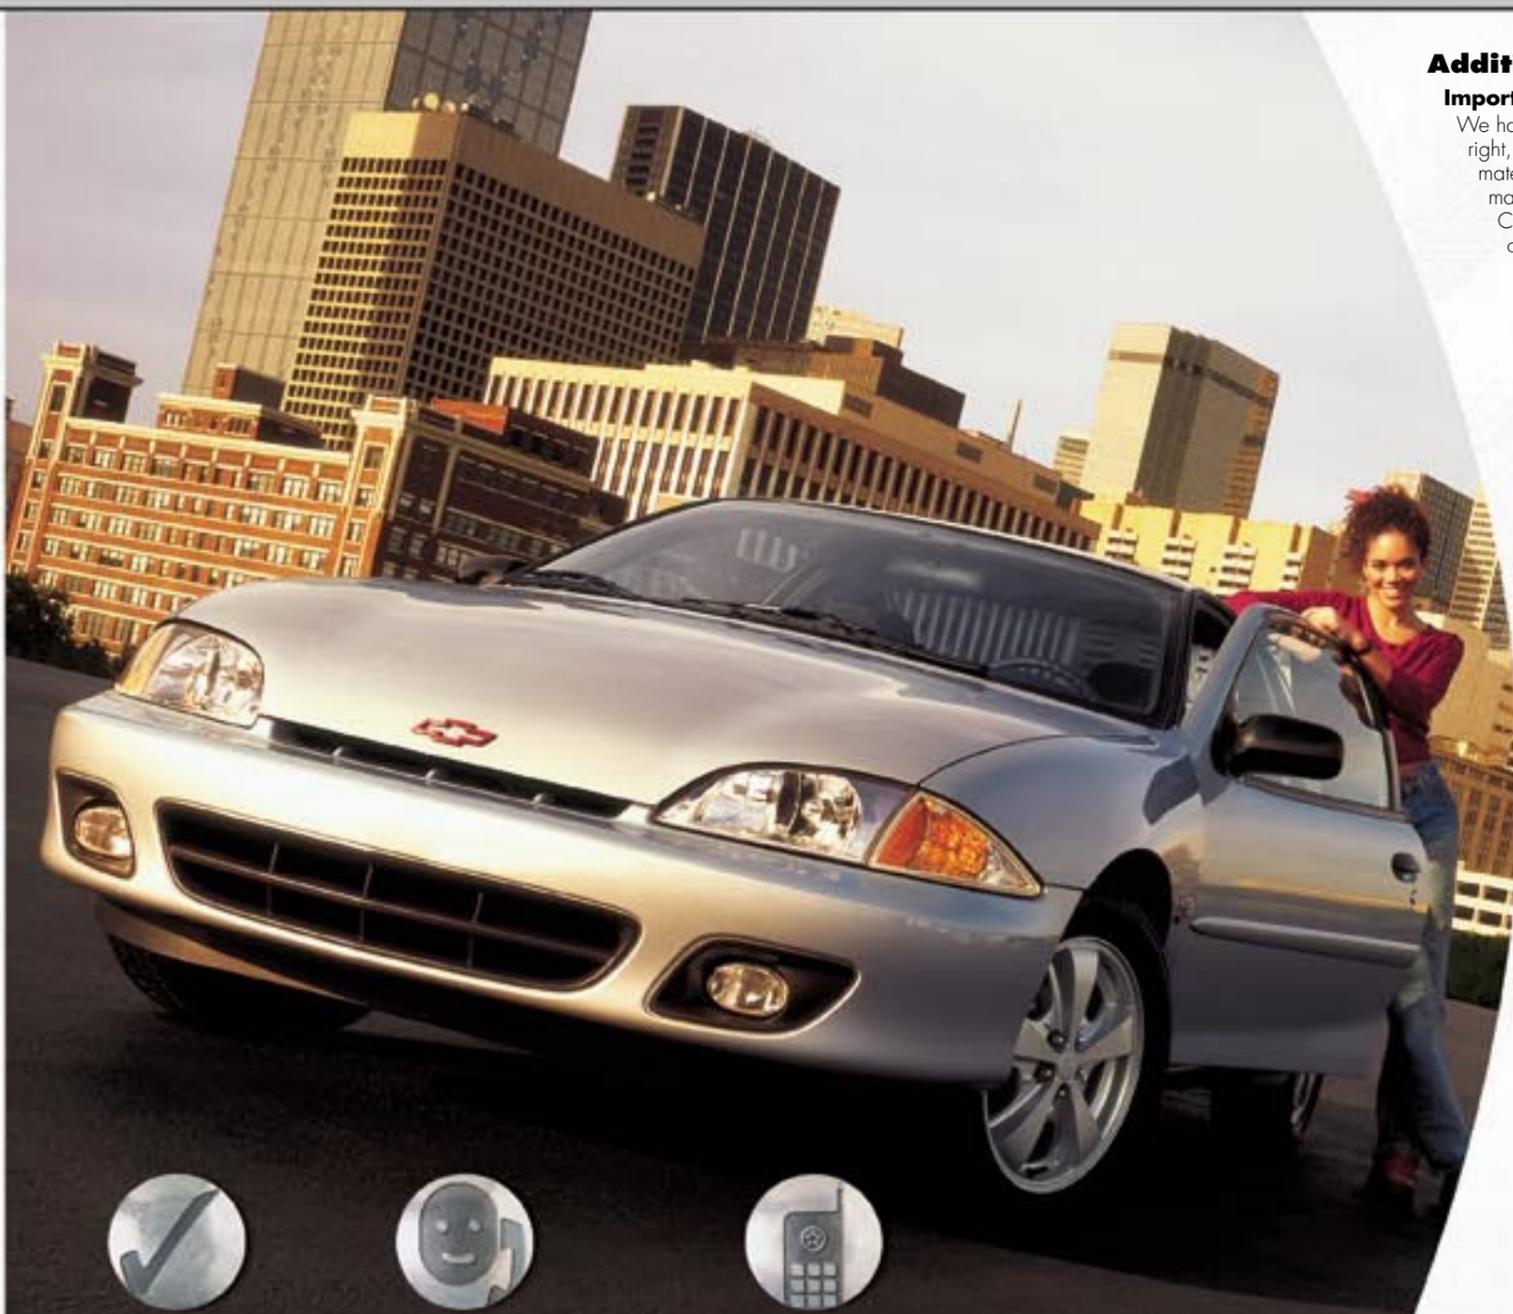

CHEVROLET CUSTOMER ASSISTANCE CENTER

Call **1-800-222-1020** toll free to talk directly to specialists who can handle any product or service concern you may have.

FOR MORE INFORMATION ON 2001 CHEVROLET CAR OR TRUCK PRODUCTS: Call **1-800-950-2438** or visit us at **chevrolet.com**

Additional Information

Important: A Word About This Brochure

We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

SmartLease By GMAC

For information about SmartLease, SmartBuy or any of the other quality GMAC financing options, see your Chevy dealer, call **1-800-32-SMART** or visit our web site at www.gmacfs.com.

The GM Card® — What are you charging toward?

The GM Card rewards you 5% on every credit card purchase, making it the fastest way to save toward the GM car or truck of your dreams. For information or to apply for the GM Card, call **1-800-8GM-CARD** or visit our web site at www.gmcard.com.

The GM Mobility Program

Chevrolet recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to \$1,000 reimbursement toward the cost of after-market mobility adaptive equipment for drivers or passengers when installed or reinstalled on any eligible purchased or leased new GM vehicle. For details and free resource information, call **1-800-323-9935** (TTY users: **1-800-833-9935**).

Updated Service Information

Chevrolet dealers receive useful service bulletins about Chevrolet products. You can order them by calling **1-800-551-4123**.

Assembly

Chevroleths and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevroleths with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

Engines

Chevroleths are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

Rust-Through Corrosion Protection

Chevroleths are designed and built to resist corrosion. All body sheet-metal components are warranted against rust-through for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

GM Protection Plan®

The GM Protection Plan offers mechanical repair protection in addition to that provided by GM's New Vehicle Limited Warranty. Coverage for vehicle maintenance is also available. Ask your dealer about the GM Protection Plan. Coverage available only in the U.S. and Canada.

General Motors, GM, the GM Emblem, Chevrolet, the Chevrolet Emblem, Cavalier, PASSlock, ETR, Delco and 1-800-CHEVUSA are registered trademarks and Chevy is a trademark of the General Motors Corporation. TheftLock is a registered trademark of the Delco Electronics Corporation. INTERIOR FEATURES

Delco Electronics Sound Systems	Coupe/ Sedan	LS	Z24
AM/FM stereo	S	—	—
AM/FM stereo with CD player and premium front coaxial speakers	O	S	S
AM/FM stereo with CD player, cassette player, auto tone control, speed-compensated volume, six-speaker premium amplified audio system with rear woofers and front coaxial speakers, and Radio Data System (RDS)	O*	O	O
Six-speaker premium amplified audio system with rear woofers and front coaxial speakers	O	O	O

NOTE: Sound systems include an Electronically Tuned Receiver (ETR) with AM/FM stereo, seek-scan, digital clock, four extended-range speakers and TheftLock. Designed to discourage theft of your radio, TheftLock works automatically by learning a portion of the Vehicle Identification Number (VIN). If the radio is moved to a different vehicle, it will not operate and "LOC" will be displayed. With TheftLock activated, your radio will not operate if stolen. *Coupe only.
