## IT ALL ADDS UP

Every fleet buyer strives to manage fuel costs and lower expenses. The environmental impact of your fleet is also an important concern. With more than 60 car and truck models to choose from, GM will work with you to find the right vehicle to meet your needs and your budget. With so many capable vehicles and support services, the advantages of working with GM Fleet and Commercial really do add up.

**GM'S BROAD VEHICLE LINEUP** goes from Chevrolet Aveo to Cadillac DTS in passenger vehicles; small to large SUVs; the top-selling lineup of full-size pickups; hardworking vans, chassis cabs and cutaways. GM offers a range that can't be matched by any other manufacturer. And that means one-stop shopping for all your vehicle needs.

**HYBRID VEHICLES** are an important part of this year's Guide. The Chevrolet Malibu, (very limited availability) is offered with the available GM Hybrid System. The Tahoe, Yukon, Escalade, Silverado and Sierra Hybrids use a 2-mode full hybrid system (limited availability).

**COST SAVINGS** for our commercial customer come in the form of specialized programs like OnStar's<sup>®2</sup> Business Vehicle Manager to help manage your fleet; and longer service intervals through GM's Oil Life Monitoring System that tells your drivers when to change the vehicle's oil. This is all a part of the General Motors total value proposition for our fleet customers.

**TECHNOLOGY** on the vehicle and in our operations provides safe vehicles with advancements in air bags and StabiliTrak; greater fuel efficiency through passenger car and truck hybrid engines and Active Fuel Management™; FlexFuel vehicles that can run on E85 (a blend of 85% ethanol and 15% gasoline); and on the Internet with [www.gmfleet.com](http://www.gmfleet.com) and the Online Order Guide providing a wealth of information.

**PROFESSIONALS** within General Motors and its dealerships are able to meet all of your business transportation needs. The many members of GM Fleet and Commercial are listed on the following pages, but it's important to know the depth of our professional staffs:

- Fleet Account Executives work with our larger fleet accounts and are always ready to answer your questions
- GM Fleet Service Contact Group personnel are dedicated to resolving all vehicle service issues quickly and efficiently
- Fleet Action Center staff offer managers of smaller fleets reliable information and answers
- Thousands of GM Dealerships across the country are staffed by salespeople and service technicians ready to assist you with your vehicle purchase, financing and service

All of these groups work together to support your vehicle sales and service needs.

Every member of the GM team appreciates your business and we will go out of our way every day of 2010 – and beyond – to exceed your expectations and continue to earn your loyalty. Thank you for choosing GM.

James Campbell  
General Manager

8

Many of our fleet vehicles have been honored with awards, including these eight. To see how it all adds up visit [gmfleet.com](http://gmfleet.com).

 | 2009 CHEVY SILVERADO

## MEET YOUR NEW BUSINESS PARTNER

To get started, visit [www.gmfleet.com](http://www.gmfleet.com).

### Small Business

We're here to help you make the best business decisions without wasting time or resources.

- Search our comprehensive Vehicle Showroom
- Find current offers
- Locate a dealer and learn what our dedicated Business Central dealers can do for you

### Fleet

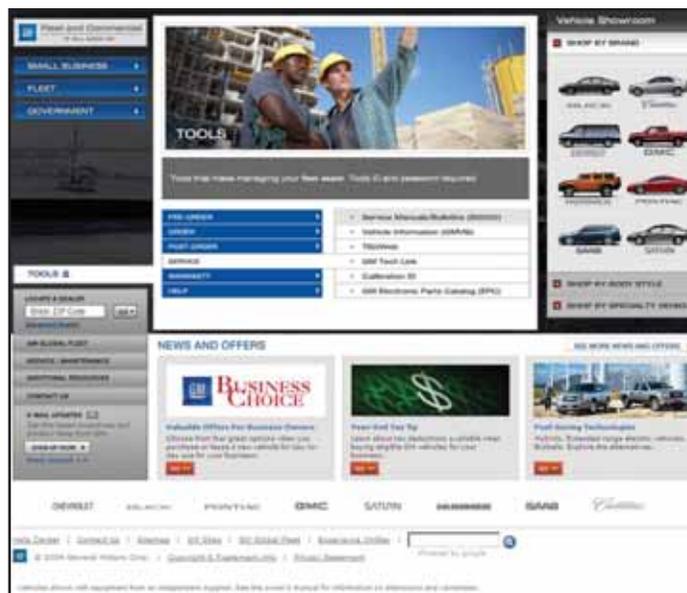

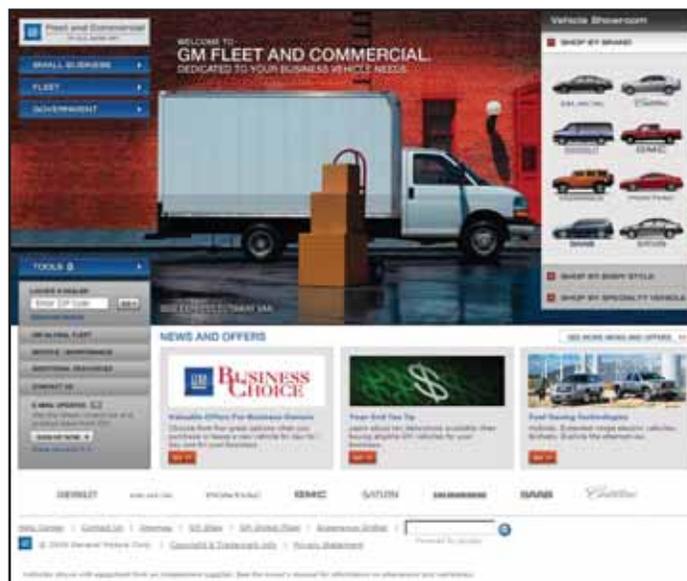

Simplify your vehicle management decisions throughout the year.

- Streamline your fleet vehicle research with the Vehicle Showroom and Online Order Guide
- Get details on GM's industry-leading vehicle technologies like StabiliTrak® and OnStar®2
- Find a Fleet Account Executive (FAE) to assist you with purchasing and management
- Access fleet ordering, service, and warranty tools

### Government

Get specific information and tools to meet the needs of federal, state and municipal government fleets.

- Research police, alternative fuel, and commercial application vehicles
- Find a Municipal FAE to help you through the bid process
- Locate GSA catalogs, GSA Auto Choice, and vehicle standards

## TAKE YOUR BUSINESS TO THE NEXT LEVEL

### Visit Our Comprehensive Vehicle Showroom

More than 60 car and truck models make up GM's broad lineup. Find the models that best meet your business needs with the Vehicle Showroom, which includes standard and optional equipment, detailed specs, photo galleries and more.

### Use Our Tools to Make Ordering Easier

Access ordering, maintenance and account tools – resources that can help take your business to the next level.

- Fleet Order Status
- Product Availability
- Online Order Guide and more

### Bookmark Our Service and Maintenance Area

We offer a wide variety of helpful service and warranty tools to help keep your fleet on the road.

- Service Bulletins and Manuals
- Vehicle Warranty Information
- Fleet Service Programs
- Service and Technical Training

Visit [www.gmfleet.com](http://www.gmfleet.com)

## DEALERS DEDICATED TO YOUR BUSINESS

Chevrolet and GMC Business Central dealers across the country feature knowledgeable, professionally trained staff committed to helping businesses like yours identify the vehicles you need to operate your business effectively and efficiently. The right vehicles to get the job done, equipped the way you need them!

At a Business Central dealer, you'll find a wide selection of vehicles designed to tackle even the most demanding job. They stock work-ready vehicles, on-hand and ready to be delivered to you to keep your business moving. But if you're not certain a particular truck or van is right for your business, many Business Central dealers maintain a supply of demonstration vehicles for you to tryout. And if you require a vehicle with special upfits or equipment, your Business Central dealer works closely with specialty vehicle manufacturers to locate what you need.

Your time is valuable – when one of your vehicles needs maintenance, you're not able to take care of your customers. Business Central dealers understand this and have service facilities geared to keeping your vehicles on the road and operating at peak efficiency. They have equipment and expertise to conduct routine maintenance and make necessary repairs to keep you on the road and contributing to your bottom line.

Let a Business Central dealer be your one-stop vehicle shopping resource – where all of your business vehicle needs can be found in one place. Many Business Central dealers will even send a salesperson to you to help you get the vehicles you need. You'll save time, get the right vehicle and the service you need without running all over town.

### Chevrolet and GMC Business Central Dealers:

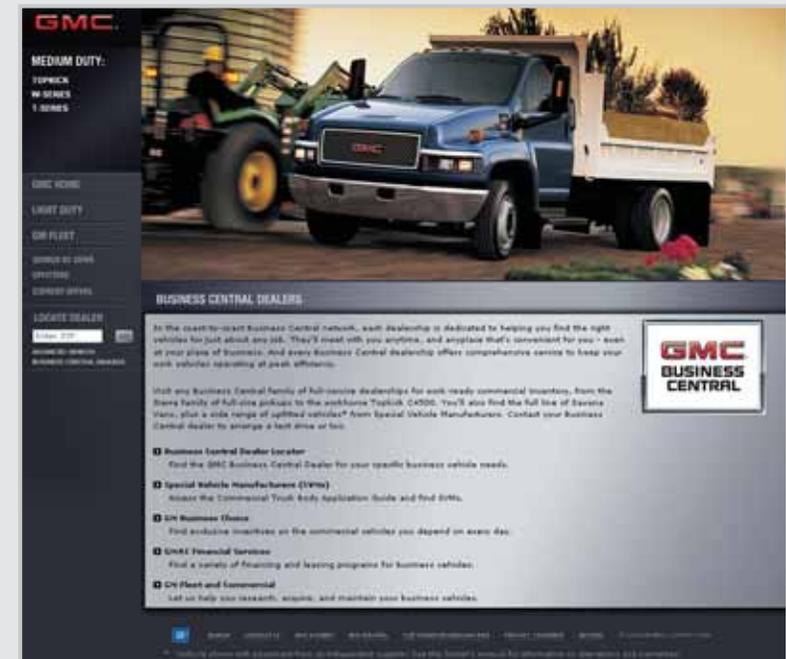

- Committed to businesses like yours
- Dedicated, knowledgeable, trained staff
- Commercially-oriented demonstrator vehicles
- Inventory of work-ready commercial trucks and vans available for quick delivery
- Access to Special Vehicle Manufacturers to help you get special upfits and equipment you need to get work done
- Service facilities staffed and equipped to cater to business customers

For full information and the location of Chevrolet and GMC Business Central dealers, visit our websites:

[gmcbusinesscentral.com](http://gmcbusinesscentral.com)

**GM Business Choice** is a valuable offer designed specifically for business owners who use vehicles in the day-to-day operation of their business and not solely for transportation purposes.

This offer is available with eligible Chevrolet and GMC vehicles and provides a variety of upfit or card option choices.

UPFITS		CARDS	
 	 <p>Upfit Cash</p>	 	 
OPTION A <sup>1</sup>	OPTION B <sup>2</sup>	OPTION C <sup>3</sup>	OPTION D <sup>4</sup>
Van or truck upfit packages to meet your business needs	Flexible \$500 or \$1,000 upfit cash options for vans and trucks	\$500 Lowe's Gift Card with your eligible purchase or lease	\$500 statement credit on the GM Business World Card

The GM Business Choice Program runs from October 1, 2008 through September 30, 2009. You must purchase or lease your vehicle during the program period.

**2009 GM BUSINESS CHOICE PROGRAM REQUIREMENTS**

The 2009 GM Business Choice program runs from October 1, 2008 through September 30, 2009. To qualify for the GM Business Choice program, your vehicles must be part of the day-to-day operations of your business and not solely for transportation purposes. You must provide proof of your business. Visit [gmbusinesschoice.com](http://gmbusinesschoice.com) or see your Chevrolet or GMC dealer for complete program details. This program may not be compatible with other offers or incentive programs. Consult with your Chevrolet or GMC dealer for program compatibility and other restrictions. For complete program requirements, consult your Chevrolet or GMC dealer or [gmbusinesschoice.com](http://gmbusinesschoice.com).

1 Depending on package chosen from Chevrolet or GMC Accessories or Adrian Steel®. Please refer to the vehicle eligibility chart at [gmbusinesschoice.com](http://gmbusinesschoice.com) or see dealer for details.

2 Visit [gmbusinesschoice.com](http://gmbusinesschoice.com) for a complete list of eligible upfit equipment. General Motors reserves the right, via Program Headquarters, to make final decisions regarding eligibility of equipment.

3 The entire gift card may be used for future purchases only. No cash back is given on any unused amount. Lowe's and the Gable Mansard Design are registered trademarks of LF, LLC.

4 The 2009 GM Business Choice program runs from October 1, 2008 through September 30, 2009. Only GM Business Card World MasterCard® applicants not meeting credit requirements will receive a GM Business Choice MasterCard® Stored Value Card. Earnings may only be earned on transaction amounts up to a Cardmember's available credit line. Please see the GM Business Card World MasterCard® Program Rules that are applicable to your account. Earnings are administered by Chase. GM World MasterCard® for Business Cards are issued by Chase Bank USA, N.A. and may be serviced by its affiliates. Some services may be provided by MasterCard® or other providers. Certain restrictions and limitations may apply. Complete details will be provided upon establishing an account. ## GM FLEET SERVICE — VALUE FOR YOU!

### Best Coverage in America

- 100,000-mile/5-year Powertrain Limited Warranty, Roadside Assistance and Courtesy Transportation
- See [pages 14-15](#) of this book for exclusions and limitations
- Transferable to subsequent owner
- \$0 Deductible

### Fleet Focused Solutions

- Dedicated Fleet Sales, Service and Parts organization
- Experienced in assisting fleets with maximizing vehicle uptime and driver convenience
- Operating expense consultation
- Fleet Action Center 1-800-FleetOp (1-800-353-3867)

### Maintenance Savings Technology

- Oil Life Monitoring System (available on most models)
- Simplified maintenance
- Tire Pressure Monitoring System (available on select models)
- OnStar<sup>®2</sup> Business Vehicle Manager (available on OnStar-equipped models)

### GM Tools and Equipment

- Service Tools and Equipment
- Fleets may purchase tools and equipment available through GM's authorized source
- Visit [www.servicesolutions.spx.com](http://www.servicesolutions.spx.com) or call 1-866-621-2128

## UNMATCHED GM DEALER NETWORK

- Over 6,400 GM Goodwrench locations nationwide — the industry's largest OEM automotive service provider
- Goodwrench Multi-Point Vehicle Inspection
- Advanced diagnostic equipment and a link to GM engineers that supply daily service information
- GM-trained and ASE-certified technicians with over 2 million hours of training annually

### World Class Training

- Web based technical training
- Instructor-led classroom sessions provide hands-on technical training
- Visit [www.gmtraining.com](http://www.gmtraining.com) or [www.acdelcotechconnect.com](http://www.acdelcotechconnect.com)

### Service Reference and Diagnostics (SI 2000)

- Valuable service information necessary to successfully diagnose and complete vehicle repairs
- TechLink Bulletins, Service Manuals, Service Bulletins and Information
- Electronic Tech II Updates
- Multiple Diagnostic Interface (MDI)
- Visit [www.gmfleet.com](http://www.gmfleet.com)

### EcoSmart Driving

- Free, innovative online training to help you lower fleet operating costs
- Taking good care of your vehicle will help take good care of the environment...and your company's bottom line
- Objectives are simple:
  - Raise environmental awareness
  - Reduce carbon footprint
  - Improve fleet company savings
- It's all possible if we work together
- Visit [www.gmfleet.com/ecosmart](http://www.gmfleet.com/ecosmart)

- Genuine GM Parts, manufactured to meet the exact specifications of your GM vehicle
- One-stop shopping for all your service needs
- Go to [www.goodwrench.com](http://www.goodwrench.com) for a location near you

## FOR FLEETS WITH IN-HOUSE MAINTENANCE AND REPAIR FACILITIES, GM HAS QUALITY PARTS FOR YOUR GM AND NON-GM VEHICLES

### GM Parts

- High quality GM Parts designed, manufactured, and tested to help keep your GM vehicle running at peak performance
- Your GM Goodwrench dealer has access to a full line of genuine GM Parts — Maintenance/Repair, Collision, Powertrain, and GM Accessories

### ACDelco Parts

- Meet GM's stringent quality standards
- Available for GM and non-GM vehicles
- ACDelco is a global leader in the automotive aftermarket and offers over 100,000 quality parts across 37 product lines

### ACDelco Key Fleet Program

Offers fleets technical and related benefits to help increase efficiency and reduce downtime

- Product training and service seminars at no charge
- Technical assistance hotline
- Discounts on SPX tools, equipment, service and training manuals
- Visit: [www.acdelcotechconnect.com](http://www.acdelcotechconnect.com)

### Fleet Parts Purchase Program (FPPP)

- ACDelco program for fleets with multiple repair facilities
- Consolidated billing
  - Standardized fleet pricing
  - Product training and service seminars at no charge
  - Local delivery from ACDelco Warehouse Distributors
  - Visit: [www.acdelcotechconnect.com](http://www.acdelcotechconnect.com)

### WIP (WISE Internet Parts)

- Online parts/ordering link to local ACDelco Warehouse Distributors
- Order history and saved order sheets
  - Labor, tech specs, and other optimal modules available soon
  - For additional information, call 1-800-825-5886, option 3

**The GMAC Commercial Services Group, located in Dallas, Texas, serves business accounts for the entire United States. We have the knowledge and special programs to fit most business transactions that you, as a business customer, depend on to meet your day-to-day requirements. Please contact your local General Motors dealer to inquire about the various plans and programs we offer.**

### GMAC Commercial SmartLease

(Closed-End Lease Plan) — SmartLease is an affordable way for qualified commercial customers to obtain the new vehicles they need. Terms can be up to 48 months and the residuals can be enhanced for special incentives. With SmartLease, customers pay for the portion of the vehicle they expect to use during the lease term, plus a rental charge, taxes and fees. As a result, SmartLease offers a number of distinct advantages over traditional financing, including potentially lower monthly payments, no resale or trade-in worries, and possible tax benefits. This option also allows customers to lease vehicles with certain specialized upfits. Contact your local GM dealership for additional information.

### GMAC ComTRAC Lease

(Open-End Lease Plan) — ComTRAC Lease is an open-end lease plan designed as an alternative to our closed-end Commercial SmartLease. ComTRAC Lease allows customers to take advantage of leasing benefits without the typical security deposit, mileage restrictions and wear-and-tear issues associated with a closed-end lease. In addition, most specialized equipment (upfits) can be financed in the ComTRAC Lease program. Think of ComTRAC as leasing to own; the customer is responsible for the residual value. ComTRAC Lease is available to qualified commercial customers who use their vehicles more than 50% of the time for business purposes. With terms up to 60 months and residuals possibly as low as 0%, the plan is flexible. GMAC owns the vehicle during the lease term, which could give customers potential tax and accounting benefits. If there is a residual balance due to GMAC at the end of the lease term, the customer can purchase the vehicle, trade the vehicle, or sell the vehicle by paying GMAC the residual value plus any unpaid payments and charges. Also, the customer can return the vehicle to GMAC for remarketing for a fee of \$250 for light duty vehicles.

If the net sale proceeds are less than the residual value plus unpaid payments and charges, the customer is responsible for the difference. Contact your local GM dealership for additional information.

### GMAC Municipal Lease-Purchase Plan

The Municipal Lease is a retail financing program for use by eligible municipalities or political subdivisions for their essential-use vehicles at favorable tax-exempt interest rates. Essential-use vehicles are those vehicles required for the proper functioning of the municipality. Specifically, this plan is designed for municipalities that intend to own their vehicles. The agreement offered to the municipality is highly specialized and includes requisite clauses that allow municipalities to enter into this type of transaction. Eligible vehicles include any new or used passenger car or light-duty truck up to one model-year old acquired from a dealership with a GM franchise. Upfitted vehicles are also eligible. Municipalities may choose monthly, quarterly, semiannual, or annual payment options. Contact your local GM dealership for additional information.

### GMAC Commercial Line of Credit

The Commercial Line of Credit is designed for commercial applications of financing or leasing and is a quick and convenient way for companies to build their commercial fleets. It is flexible enough to meet the individual needs of almost any business. GMAC's Commercial Line of Credit can provide businesses with an additional source of capital designed specifically for the purchase or lease of commercial vehicles. By using the Commercial Line of Credit, the bank credit lines can be preserved for other business needs. Our

goal is to provide quick, easy and flexible service. Once the Credit Line is established with GMAC, a business can build its commercial fleet quickly and easily. Credit Lines remain in effect for a full year. Talk to your local GM dealership about a Line of Credit now in order to make the buying process more efficient. GMAC's Commercial Line of Credit can be a great tool for your business. A Credit Line can be established at your local GM dealership.

### GMAC Third Party Guaranty

The Third Party Guaranty program is an exceptional selling point for some customers who require a Co-Applicant. The program offers a method to keep the Co-Applicant's name off the title (e.g., for insurance purposes) by executing a Third Party Guaranty form. The Third Party Guarantor is not an owner of the vehicle and is not named on the contract or title. The Third Party Guarantor is only responsible should the owner default. The Third Party Guaranty provides an alternative for some customers in an effort to meet a wider variety of customer needs.

For more information on our plans and products, please visit our website at [www.gmacfs.com](http://www.gmacfs.com) and click on GMAC Automotive Financing under Business Customers.

**GMAC**  
**Commercial Services**

## GM FLEET ACCOUNT NUMBERS (FANS)

A Qualified Fleet User is defined as any company which has purchased and registered or leased five (5) or more new cars and/or trucks (any combination of manufacturers) solely for use in its operation during the current or preceding calendar year or model year, or preceding twelve (12) month period, or that owns or leases fifteen (15) or more cars and trucks. Supporting documentation must be retained by the dealer and made available to GM upon request.

Fleet Account Numbers are assigned to qualified fleet companies upon application to General Motors through the GM Fleet Account Number System (GMFANS) in GlobalConnect. All marketing divisions of General Motors utilize a Common FAN for Ordering & Delivery of vehicles. Qualified Fleet customers may be eligible for fleet incentives, fleet programs and/or other incentives in conjunction with the purchase or lease of new cars and trucks.

Fleet users and/or GM dealers who do not comply with the Fleet Program requirements may have their Fleet Account Number terminated and may be charged back incentives or allowances. See the GMFANS website for retention rules and other stipulations.

## FLEET ENROLLMENT APPLICATION PROCESSING

Fleet Account Numbers are assigned to qualified fleet companies upon application to General Motors through the GM Fleet Account Number System (GMFANS) in GlobalConnect. Each enrollment screen is reviewed prior to issuing new Fleet Account Numbers. Dealers will be notified of the results of this review via electronic mail. If the dealer or the fleet customer needs further clarification concerning a Fleet Account Number, a call should be placed to the Fleet Action Center at 1-800-FLEETOP (1-800-353-3867).

## GENERAL MOTORS DUAL FLEET ACCOUNT NUMBER PROCESS

To process orders and deliveries for passenger cars and trucks for Fleet Leasing and Fleet Management Companies, General Motors requires the use of two (2) Fleet Account Numbers. Orders of this type should be entered in the Order Workbench system using the order type "FLS – Fleet Leasing Company". Deliveries of these types of sales should be reported through the Order Workbench, Deliver Vehicle tab using the delivery type "014 – Fleet Leasing Company". The Primary FAN to be entered is that of the Fleet Management or Fleet Leasing Company (lessor). The Lessee /End User FAN is that of the ultimate user/customer. This procedure allows both the dealers and GM to accurately track orders and deliveries for its fleet customers.

## CHEVROLET, BUICK, GMC, HUMMER, PONTIAC AND SATURN PASSENGER CARS AND LIGHT DUTY TRUCKS

2010 Chevrolet, Buick, GMC, HUMMER, Pontiac and Saturn owners are covered by a New Vehicle Limited Warranty and services that include the following:

### Bumper-To-Bumper Coverage

- The 3-year/36,000-mile (whichever comes first) limited warranty covers repairs for all Chevrolet, GMC, Pontiac and Saturn vehicles, including labor and parts, to correct any defect in materials or workmanship occurring during the warranty period<sup>1</sup>
- A 4-year/50,000-mile (whichever comes first) limited warranty covers repairs for HUMMER and Buick vehicles, including labor and parts, to correct any defect in materials or workmanship occurring during the warranty period<sup>1</sup>
- The 6.6L Duramax Diesel engine is covered for 5 years or 100,000 miles, whichever comes first<sup>1</sup>
- Hybrid vehicles have separate component specific coverage<sup>1</sup>

### Courtesy Transportation

- If your vehicle requires warranty repairs during the 5-year/100,000-mile coverage period, alternate transportation and/or reimbursement of certain transportation expenses are available under the Courtesy Transportation Program<sup>2</sup>. Several transportation options are available
- Courtesy Transportation is not part of or included in the coverage provided by the New Vehicle Limited Warranty. It excludes vehicles in daily and long-term rental service. General Motors and General Motors of Canada Limited reserve the right to make any changes or discontinue the Courtesy Transportation program at any time without notification

### Roadside Assistance

- GM is proud to offer the response, security, and convenience of GM's 24-hour Roadside Assistance Program for a period of 5 years or 100,000 miles, whichever comes first. Consult your dealer or refer to the Owner Manual for details<sup>3</sup>

### THE BEST COVERAGE IN AMERICA

**100,000 MILE**  
 5-YEAR TRANSFERABLE POWERTRAIN  
 LIMITED WARRANTY <sup>1</sup>  
 +  
**100,000 MILE**  
 5 YEARS OF COURTESY TRANSPORTATION  
 PROGRAM <sup>1,2</sup>  
 +  
**100,000 MILE**  
 5 YEARS OF ROADSIDE ASSISTANCE  
 PROGRAM <sup>1,3</sup>

In addition to the standard 3-year/36,000-mile (whichever comes first) New Vehicle Limited Warranty, all 2010 GM passenger cars, light duty trucks or vans (excluding Saab) come with a 5-year/100,000-mile (whichever comes first) Powertrain Limited Warranty<sup>1</sup> that:

- has a \$0 deductible
- is transferable to another owner at no charge

Plus, 5 years/100,000 miles (whichever comes first) of Courtesy Transportation and Roadside Assistance.<sup>1,2,3</sup> Excludes Saab

## CADILLAC OWNER PRIVILEGES

Ownership of a Cadillac encompasses the highest standard of privileges and benefits in addition to the renowned Cadillac Gold Key Delivery System, as listed below

### 24-Hour Customer Assistance

- Contact Cadillac by calling the Customer Assistance Center at 1-800-458-8006, or through our website at [www.cadillac.com](http://www.cadillac.com). Our trained professionals are available to assist with any question or concern — 24 hours a day, 365 days a year

### Cadillac Roadside Service

- Cadillac is proud to offer the response, security, and convenience of Cadillac's 24-Hour Roadside Service Program for a period of 5 years or 100,000 miles, whichever comes first<sup>1,3</sup>
- Contact Cadillac Roadside Assistance at 1-800-882-1112

### Trip-Interruption Protection

- Trip-Interruption Benefits and Assistance: If your trip is interrupted due to a warranty failure, incidental expenses may be reimbursed during the 5 year/100,000 miles (160 000 km) Powertrain warranty period. Items considered are hotel, meals, and rental car<sup>1</sup>. Consult your dealer or refer to the Owner Manual for details

### Warranty Protection

- The Cadillac Bumper-To-Bumper new vehicle limited warranty covers the vehicle for 4 years/50,000 miles, whichever comes first, with no deductible
- Sheet metal panels are covered against corrosion and rust-through as follows:
  - Corrosion: Body sheet metal panels are covered against rust for 4 years or 50,000 miles, whichever comes first
  - Rust-Through: Any body sheet metal panel that rusts through, an actual hole in the sheet metal, is covered for up to 6 years, unlimited mileage
- Important: Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in sheet metal coverage
- Consult your dealer or refer to the warranty manual for details

### Gold Key Delivery

- The Sales Consultant will conduct a thorough inspection, then provide a complete tour of the new Cadillac and present a package of ownership materials

## THE SAAB OWNERSHIP EXPERIENCE WARRANTY PROTECTION

- The Saab new vehicle limited warranty includes bumper-to-bumper coverage for 4 years/50,000 miles, whichever comes first. Safety belt and supplemental restraint coverage is 5 years/unlimited mileage. The perforation limited warranty coverage is 6 years/unlimited mileage for 9-5 and 10 years for 9-3

### Around-the-Clock Emergency Assistance

- Saab owners can call Saab Roadside Assistance toll-free for emergency assistance 24 hours a day, 365 days a year, anywhere in the United States, for the duration of the bumper-to-bumper limited warranty (4 years/50,000 miles)<sup>3</sup>

### Saab Dedicated Delivery Program

- The Saab retailer will conduct a thorough inspection of the new Saab prior to delivery. At the time of delivery, the Saab Sales Consultant will present a complete tour of the vehicle and a package of ownership materials

Tires: See tire manufacturer's information supplied with vehicle.

Note: Courtesy transportation is not available for Medium Duty.

1. Consult your dealer or refer to the Owner Manual for details.
2. Courtesy Transportation is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors and General Motors of Canada Limited reserve the right to make any changes or discontinue the Courtesy Transportation program at any time without notification. (Excludes vehicles in daily and long-term rental service.)
3. Roadside Assistance is not part of or included in the coverage provided by the New Vehicle Limited Warranty. General Motors and General Motors of Canada Limited reserve the right to make any changes or discontinue the Roadside Assistance program at any time without notification.

Warranty coverages are determined by the mileage of the vehicle and the number of months from the delivery date.

Warranty coverages are limited by whichever occurs first.

## MEDIUM DUTY TRUCK VEHICLE AND CHASSIS

Warranty information on Chevrolet and GMC W-Series Medium Duty Trucks is administered by Isuzu. See Owner Manual for details.

### Warranty Coverage at a Glance

Warranty coverage applies up to the time or mileage limitation, whichever comes first. The warranty remains with the vehicle regardless of ownership.

## STABILITRAK®

Electronic stability control systems, such as GM's StabiliTrak, are becoming increasingly important on today's vehicles. StabiliTrak not only helps to enhance vehicle safety but also increases driver confidence and control.

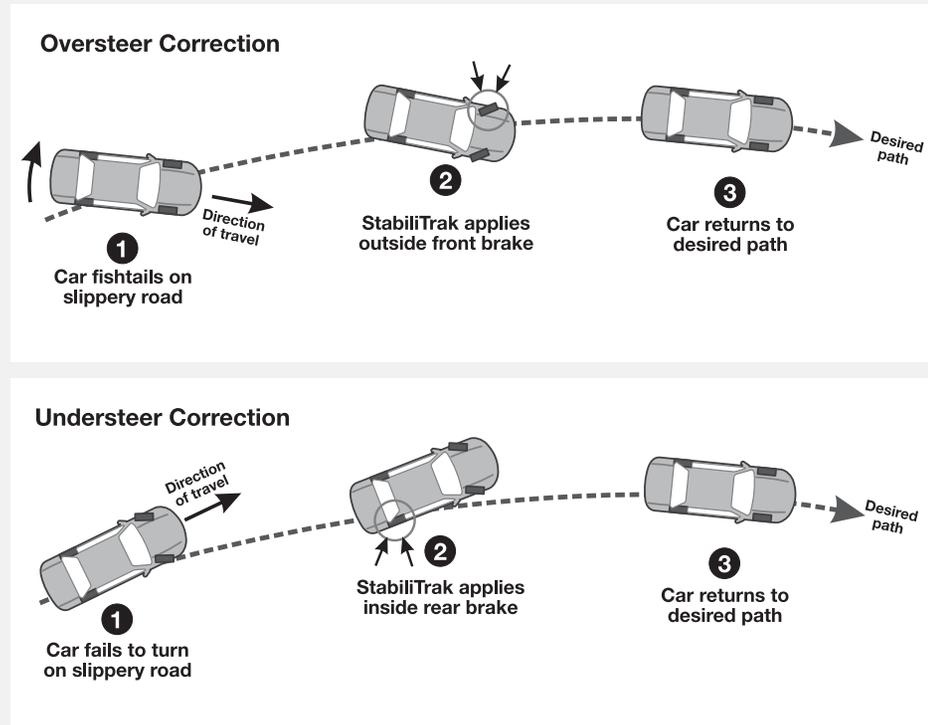

Electronic Stability Control goes by many names. It's called Active Handling on Corvette; Electronic Stability Program (ESP) on Saab; and StabiliTrak on most other GM vehicles. In all cases it provides the same benefits.

Key benefits include:

- Helps the driver maintain control of the vehicle during certain low traction driving conditions such as ice, snow, gravel, wet pavement and uneven road surfaces
- Helps the driver maintain control of the vehicle in emergency lane changes or avoidance maneuvers
- Helps the driver avoid collisions
- Helps automatically — no driver action to activate the system is required

The StabiliTrak system works by recognizing the start of an understeer or oversteer condition. Sensors detect the difference between the direction the driver is actually turning and the vehicle's response by "reading" the steering wheel position, the amount of sideways force in place, vehicle speed, and how the vehicle is turning.

When necessary, the system automatically applies precise amounts of brake pressure at individual wheels and reduces the engine torque to help the driver keep the vehicle on track. These brake and engine interventions help realign the vehicle's path with that being steered by the driver.

## RESEARCH & DEVELOPMENT

GM Research & Development (R&D) was the world's first automotive research center. It was organized in 1920 by inventor Charles F. Kettering.

Headquartered in Warren, Michigan, the GM Research Lab is a network of seven laboratories, eight science offices and collaborative relationships in more than 12 countries including working relationships with universities, government groups, suppliers and other partners from across the globe.

In 2003, GM R&D began an expansion of its global research network. The goal? To transform the GM Research Labs into a world benchmark research organization acting as one organic, agile and efficient business unit. The motivation for this was a desire to gain access to diverse scientific skills and expertise globally, and to leverage global research resources to move quickly into new technical areas. This network expands GM's technical capabilities and reach to speed development of strategic technologies. Today, the R&D network is comprised of eight science offices and collaborative relationships in more than 12 countries.

## ADVANCED ENGINE TECHNOLOGY

Good fuel economy comes from GM advanced engine technology. GM Powertrain's current lineup reinforces GM's commitment to reduce emissions and improve the efficiency and performance of its internal combustion engines, automatic transmissions and hybrid systems.

Fuel-saving engine technology features include diesel power with the Duramax 6.6L V8 Turbo, E85 (a blend of 85% ethanol and 15% gasoline), innovative direct injection (see right), Active Fuel Management™, Variable Valve Actuation and Variable Valve Timing (VVT).

In addition to improving engine efficiency, GM is launching a broad portfolio of advanced six-speed automatic transmissions to increase overall powertrain performance. GM six-speed automatic transmissions use a wide gear ratio spread to improve both performance and fuel economy over traditional four-speed automatics.

Duramax Diesel 6.6L V8 Turbo (LMM)

Pre-production model shown.

## CHEVY VOLT LAUNCH TARGETED 2010

The Extended-Range Electric Vehicle that is redefining the automotive world is no longer just a rumor. In fact, its propulsion system is so revolutionary, it's unlike any other vehicle or electric car that's ever been introduced.

Chevy Volt is designed to move more than 75 percent of America's daily commuters without a single drop of gas.\* That means for someone who drives less than 40 miles per day, Chevy Volt will use zero gasoline and produce zero emissions.\*\*

Chevy Volt. Fully charged 2010.

\* Source Vol. 3, Issue 4, Oct. 2003 Omnistats – U.S. Dept. of Transportation, Bureau of Transportation Statistics.

\*\* Assumes fully charged battery. Actual range may vary depending on driving habits and conditions. Vehicle features and performance capabilities subject to change without notice.

## SPARK IGNITION DIRECT INJECTION (SIDI)

GM continuously strives to achieve maximum engine performance and efficiency from every droplet of fuel. Direct injection has been used successfully in diesel engines for many years. The application of this technology to gasoline engines is termed Spark Ignition Direct Injection (SIDI).

With direct injection, fuel is sprayed directly into the engine cylinders, where it is mixed with air. The gasoline/air mixture cools the cylinder, allowing the engine to make more power. In general, an SIDI engine produces more power than a port-injected engine of similar displacement and design.

Efficiency is improved because the system regulates fuel delivery to inject the correct amount to meet current engine demands, compensating for very small differences between the individual cylinders. Under light load, the injectors deliver the smallest amount of fuel necessary, at the last instant. Using less fuel makes the engine more efficient.

The first of the GM SIDI engines to be introduced, the 3.6L DI V-6 is available in the Buick Enclave and LaCrosse, Cadillac CTS and STS, Chevrolet Camaro and Traverse, GMC Acadia and Saturn OUTLOOK. For 2010, GM offers SIDI engines in several other models in a variety of displacements, including a 3.0L V6 engine, as well as Ecotec 2.4L and 2.0L 4-cylinder engines.

## GENERAL MOTORS — DRIVING CHANGE WITH ADVANCED TECHNOLOGIES AND ALTERNATIVE FUELS

As you consider the possibility of adding alternative fuel vehicles to your fleet, consider GM's leadership role in developing vehicles capable of using alternative fuel sources.

Consider these GM facts:

- Chevrolet Malibu Hybrids available for the 2010 model year (limited availability)
- Full-size SUV and Pickup Hybrids are available in 2010 model year (limited availability)
- Expanded availability of E85 capabilities for 2010 (a blend of 85% ethanol and 15% gasoline)
- Leadership role in developing fuel cell vehicles (vehicle not yet available for sale)

### FlexFuel vehicles are helping provide a choice

High gas prices have increased the focus on reducing our dependence on petroleum. You should have the ability to choose an alternative. GM provides that choice by offering 20 different FlexFuel vehicle models that can run on gasoline, E85 or any combination of the two. With more than 3.5 million FlexFuel vehicles on the road, and many more to come, GM is enabling the potential of ethanol to meet our nation's increasing energy needs – today and tomorrow.

### Why should we choose to fuel with E85?

E85 ethanol is a mostly renewable biofuel that consists of 85% ethanol and 15% gasoline. It can be made from biomaterial like U.S.-grown crops and waste, and it's cleaner-burning, which can help lower greenhouse gases. Although E85 contains less energy per gallon than gasoline, leading to reduced fuel economy, it often costs less than gasoline, which helps to offset the difference.

### What's next for E85?

E85 is already one of the best near-term solutions, and its potential is just starting to be realized. Studies show that by 2030 ethanol can replace up to 35% of U.S. petroleum use. Prospects are looking bright as breakthroughs in ethanol technology are happening every day. Ever dream that one day garbage could fuel your vehicle? That day could be sooner than you think. GM has relationships with two next-generation ethanol companies, Coskata and Mascoma, to help commercialize cellulosic ethanol from a variety of sources, including waste.

### 2010 GM VEHICLES WITH FLEXFUEL CAPABILITY

<b>Buick</b>	Lucerne 3.9L V6
<b>Cadillac</b>	Escalade 6.2L V8 Escalade ESV 6.2L V8 Escalade EXT 6.2L V8

<b>Pontiac</b>	G6 2.4L L4 & 3.5L V6
<b>Saturn</b>	AURA 2.4L L4

### Where is it?

Because GM FlexFuel vehicles can run on E85 (a blend of 85% ethanol and 15% gasoline), you can choose the fuel that's best for you at more than 1,900 E85 service stations nationwide. That number is growing. Go to [www.gmaltfuel.com](http://www.gmaltfuel.com) to see if there is a station near you.

**Biofuels**

For more information, please visit our website at [www.gmaltfuel.com](http://www.gmaltfuel.com).

**With more than 3.5 million FlexFuel vehicles on the road, GM is the leader in E85 technology (a blend of 85% ethanol and 15% gasoline).**

## HYBRID VEHICLES HELP GM IMPROVE FUEL ECONOMY, REDUCE EMISSIONS

Producing hybrid vehicles is only one piece of GM's strategy to improve fuel economy and reduce vehicle emissions, along with improving the efficiency of the traditional internal combustion engine and developing hydrogen fuel cell vehicles. In 2010, GM is expected to offer many hybrids: the Chevrolet Malibu Hybrid, Chevrolet Tahoe Hybrid, GMC Yukon Hybrid, Cadillac Escalade, Chevrolet Silverado Hybrid and GMC Sierra Hybrid.

### Malibu

Hybrid-powered powertrains are offered in the Chevrolet Malibu.

These vehicles use GM's hybrid system. The Ecotec 4-cylinder engine works with the sophisticated electric motor/generator to shut off the engine at stops, restart the engine when the brake pedal is released, charge the advanced nickel metal hydride battery through regenerative braking, and perform intelligent battery charging when it is most efficient.

**For details on these vehicles, please see the Hybrid section of this Guide.**

### Tahoe, Yukon, Escalade, Silverado and Sierra

These full-size Hybrid models, use a two-mode, patented, full-hybrid technology, optimized for both city and highway driving, for a 50% fuel economy improvement over non-hybrid versions.

At low speed and light loads, the first mode operates by electric power or engine power or any combination.

The second mode is primarily for highway speeds, providing electric assist and full V8 power when needed. It integrates electronic controls, Active Fuel Management™, cam phasing and late-intake valve closure for efficient engine operation.

A 300-volt battery pack is larger than a typical battery, but fits in without compromising passenger space. No plug-in is required.

## ADDITIONAL TECHNOLOGY

### More Efficient Powertrains

Gasoline-powered engines and transmissions are improving in fuel economy and performance, and reduce exhaust emissions. Technologies available include cam phasing, direct injection and 6-speed automatic transmissions. GM offers many vehicles with Active Fuel Management™, a cylinder-deactivation system that allows engines to operate on only half their cylinders under certain low-load conditions.

### Cleaner Diesel Engines

GM Heavy-Duty Pickups and full-size vans with the Duramax 6.6L Turbo Diesel V8 comply with regulations that require the reduction of nitrogen oxide and hydrocarbons by more than 50%, and particulate matter by 90%. New technology and the use of Ultra-Low Sulfur Diesel fuel are combined with the new engine to deliver the power and torque demanded by commercial customers.

Additionally, the Duramax engine is bio-diesel compatible. That means fuel-grade bio-diesel (B5 or up to 5% bio-diesel) — produced to strict industry standards — can be used.

**GM is helping you at the pump with a wide variety of hybrids ... one for every need. Neither Honda nor Toyota can beat us.**

# MOBILITY

REIMBURSEMENT PROGRAM WITH ONSTAR<sup>®2</sup>

For seniors, people with disabilities, and their caregivers.

**GIVING YOU THE ABILITY TO GET THERE AND THE CONFIDENCE TO GO.**

[Table of Contents](#)

# GET UP TO \$1,200, PLUS TWO ADDITIONAL YEARS OF STANDARD ONSTAR SERVICE AT NO ADDITIONAL COST!\*

In today's world, the importance of freedom and mobility cannot be overstated. That's why GM Mobility and OnStar have teamed up to bring GM customers with unique transportation needs a special offer that will add greater mobility, security, and freedom to their lives.

Through the GM Mobility Reimbursement Program, customers who purchase or lease a new GM vehicle can receive **up to \$1,200\*** in reimbursement toward the cost of eligible adaptive equipment when installed (or reinstalled) in a 2008, 2009, or 2010 vehicle.

In addition, customers of GM vehicles equipped with OnStar may also qualify for **two additional years\*** of standard OnStar service at no additional cost.

**TO GET AN APPLICATION OR TO LEARN MORE,  
VISIT US ONLINE AT [GMMOBILITY.COM](http://GMMOBILITY.COM)  
OR CALL 1-800-323-9935.**

GM Mobility has teamed up with OnStar,<sup>1</sup> a safety and security service, to make sure help is there when you need it most. Available on more than 50 GM vehicles, OnStar features include:

- A link to Emergency Services
- Automatic Crash Response
- Roadside Assistance
- Remote Door Unlock<sup>2</sup>
- And more

**For more information and system limitations on OnStar, call 1-888-4ONSTAR or visit [onstar.com](http://onstar.com).**

<sup>1</sup> Call 1-888-4ONSTAR/1-888-466-7827 (TTY 1-877-248-2080), see your OnStar Owner's Guide, or visit [onstar.com](http://onstar.com) for details and system limitations.  
<sup>2</sup> Remote Door Unlock success varies with conditions. Not available on Saab 2000–2006 9-3 models.

## OnStar. It's the right thing to do for your drivers.

OnStar.® The most comprehensive in-vehicle security, communications, and diagnostics system.

### HELP YOUR DRIVERS CAN COUNT ON — THAT'S ONSTAR.

Life can surprise you, even when you're driving. That's why OnStar is there — to offer your drivers help when they need it. With OnStar, your drivers have access to services like Automatic Crash Response. They don't even have to do anything. In a crash, sensors built into the vehicle can automatically send an alert to OnStar. An Advisor is immediately connected into the vehicle to see if everything is okay. Even if your drivers can't answer, our Advisors can make sure they get the right help, right away.

### ONSTAR IS THERE FOR YOU.

Having OnStar is like traveling with a trusted companion, ready to help with virtually any situation. And with availability on over 50 GM cars, trucks, and SUVs, OnStar can fit into almost any price range — helping you save money and allowing your entire fleet to drive with the enhanced peace of mind OnStar offers. A GM vehicle equipped with OnStar is a good choice to help keep your drivers — and your investment — protected while on the road.

**Safety and convenience just took a new turn!** With available OnStar Turn-by-Turn Navigation, getting to your destination has never been quicker or easier. Customers who require an upgrade to receive the added benefits of OnStar Turn-by-Turn Navigation can do so during their initial year of service for only \$100 (plus tax). Ask your dealer or press your blue OnStar button for more details!

### OnStar is available factory-installed on these 2009-2010 models:

 <b>Cadillac</b>  CTS DTS Escalade Escalade ESV Escalade EXT SRX Crossover STS	 <b>BUICK</b>  Enclave LaCrosse Lucerne	 <b>PONTIAC</b>  G3 G5 G6 G8 Solstice Torrent Vibe	 <b>CHEVY</b>  Avalanche Aveo Camaro Cobalt Colorado Corvette Equinox HHR Impala Malibu Silverado Suburban Tahoe Traverse
 9-3	  Acadia Canyon Sierra Sierra Denali Terrain Yukon Yukon Denali Yukon XL Yukon XL Denali	 <b>SATURN</b>  ASTRA AURA OUTLOOK SKY VUE	<b>HUMMER</b>  H2 SUT H2 SUV H3

Visit [onstar.com/fleet](http://onstar.com/fleet) for details.

# OnStar is available on over 50 GM models.

The first year of OnStar service is included on all new OnStar-equipped GM models.  
After the first year, the Safe & Sound® Plan costs just \$18.95 a month (plus tax).

## OnStar Services

### HOW TO FIND THE SERVICE PLAN THAT'S RIGHT FOR YOU.

After the first year, you can renew your OnStar<sup>1</sup> service for as low as \$18.95/month.

Safe & Sound®  
Directions & Connections®

	<b>Automatic Crash Response<sup>2</sup></b> In a crash, built-in sensors can automatically alert an OnStar Advisor who is immediately connected into your car to see if you need help.	●	●
	<b>Emergency Services</b> One push of the red emergency button gives you a priority connection to an Advisor who can direct emergency service providers to you.	●	●
	<b>Crisis Assist</b> During severe weather and other natural disasters, OnStar can provide evacuation routes, shelter locations, updates and a connection to loved ones.	●	●
	<b>Stolen Vehicle Assistance<sup>3</sup></b> We use GPS technology to provide authorities with the exact location of your stolen vehicle to help recover it. On select '09 vehicles, the Advisor can further assist authorities with <b>Stolen Vehicle Slowdown<sup>4</sup></b> and send a remote signal to slow down a stolen vehicle.	●	●
	<b>Remote Door Unlock<sup>5</sup></b> If you're locked out, a quick call connects you to an Advisor, who can send a remote signal that usually unlocks your doors within minutes.	●	●
	<b>Roadside Assistance<sup>6</sup></b> If you're stranded or out of gas or if you have a flat tire, push the blue OnStar button and an Advisor can direct a nearby service provider to your exact location.	●	●
	<b>Remote Horn and Lights</b> If you can't locate your vehicle, an Advisor can help you find it by sending a remote signal to sound your horn and flash your lights.	●	●
	<b>OnStar Turn-by-Turn Navigation<sup>7</sup></b> Even when you kind of know the way, you can know for sure with voice-guided directions to your destination.	●	●
	<b>Hands-Free Calling<sup>8</sup></b> A wireless service built into OnStar-equipped vehicles, in case your cell phone is unavailable or out of range or has a low battery.	●	●
	<b>Vehicle Diagnostics<sup>9</sup></b> Every month, your vehicle can run automatic checks of your engine, transmission, antilock brakes and more, and email you the results.	●	●

## OnStar Business Vehicle Manager

### Your fleet management solution.

Each month, vehicles enrolled in OnStar Business Vehicle Manager (BVM) automatically send OnStar the current odometer reading, oil life, and any open recalls. Two consolidated reports (summary, detail by VIN) are sent to participating fleets each month. To receive BVM, fleets must order code **RFA**. RFA is a **no additional charge option** and matches the length of OnStar multi-year service.

### The benefits of BVM include:

- Timely and optimal maintenance
- Reduction of unnecessary maintenance costs
- Accurate vehicle mileage logs

### OnStar factory option packages for fleet

Package Description Code	Option Standard*	Vehicles with Safe & Sound Standard*	Vehicles with D & C*
One additional year of Safe & Sound (24-month total)	<b>R8G</b>	<b>\$199</b>	<b>\$199</b>
Two additional years of Safe & Sound (36-month total)	<b>R8P</b>	<b>\$379</b>	<b>\$379</b>
First year upgrade to Directions & Connections or Turn-by-Turn	<b>R8W</b>	<b>\$100</b>	<b>N/A</b>
Two additional years of Directions & Connections (24-month total)	<b>R8Y</b>	<b>\$399</b>	<b>\$299</b>
Three additional years of Directions & Connections (36-month total)	<b>R8Z</b>	<b>\$679</b>	<b>\$579</b>
Three additional years of Safe & Sound (48-month total)	<b>RFG</b>	<b>\$499</b>	<b>\$499</b>
Four additional years of Safe & Sound (60-month total)	<b>RFH</b>	<b>\$599</b>	<b>\$599</b>

### OnStar Business Vehicle Manager factory options

Package Description Code	Option Standard*	Vehicles with Safe & Sound Standard*	Vehicles with D & C*
OnStar Business Vehicle Manager requires: (A) Signed Fleet Master Agreement; and (B) CODE MUST BE ORDERED TO RECEIVE SERVICE.	<b>RFA</b>	<b>N/C</b>	<b>N/C</b>
	(REQUIRES UEI)		

\* Plus tax. Prices/packages subject to change.

<sup>1</sup> OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription service agreement required. Call 1.888.4.ONSTAR (1.888.466.7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations. <sup>2</sup> Visit onstar.com for vehicle availability, details, and system limitations. <sup>3</sup> Ability to locate stolen vehicles varies with conditions. <sup>4</sup> Stolen Vehicle Slowdown is available on select 2009-2010 GM vehicles. Visit onstar.com for details. <sup>5</sup> Remote Door Unlock success varies with conditions. Services vary by model and model year. <sup>6</sup> Roadside service provided by Cross Country. <sup>7</sup> Requires ABS and Directions & Connections Plan. Not available in certain areas. Visit onstar.com for coverage map. Services vary by model and model year. <sup>8</sup> OnStar Hands-Free Calling requires a Hands-Free Calling-enabled vehicle, existing OnStar service contract and prepaid minutes. Not available in certain markets. Calls may be made to the U.S. and Canada only. <sup>9</sup> Capabilities vary by model. Visit onstar.com for details and system limitations.

# EVERYTHING WORTH LISTENING TO IS ON XM.

## EXPERIENCE XM FOR 3 TRIAL MONTHS.

### PLUS, SERVICE CAN BE TRANSFERRED BETWEEN XM-EQUIPPED GM VEHICLES.

- Purchase GM fleet vehicles with factory-installed XM,\* and give your drivers the programming variety that will keep them happy and productive.
- XM brings you more of what you love from every imaginable kind of music, sports from all over the country, engaging news and talk, great comedy, instant traffic and weather (in 21 metro areas), and more.
- XM NavTraffic® works with the vehicle's navigation system to display construction, road closures and accidents so you can get to your destination faster. Learn more at [xmnavtraffic.com](http://xmnavtraffic.com).
- The Best of SIRIUS\*\* includes every NFL game, every NASCAR race, two dedicated Howard Stern channels, Martha Stewart advice, additional college sports and lots more.
- Different price plans are available after the 3-month trial. Choose the one that's right for you.
- Get the full XM story at [gm.xmradio.com](http://gm.xmradio.com).

\*XM service only available in the 48 contiguous United States and the District of Columbia. Required XM Radio monthly subscription sold separately after trial period. Other fees and taxes, including a one-time reactivation fee, may apply. All fees and programming subject to change. Subscriptions subject to Customer Agreement available at [xmradio.com](http://xmradio.com). ©2009 SIRIUS XM Radio Inc. **OVERVIEW**

Aveo — Chevrolet's entry-level vehicle — is available in the 4-door sedan model or the Aveo5 hatchback model. Both models comfortably seat five, and include plenty of extra features. The Aveo5 interior, with the cargo flexibility of a hatchback, includes up to 42 cubic feet of cargo space<sup>4</sup>. The fuel-efficient Ecotec 1.6L DOHC engine delivers EPA-estimated miles per gallon of 27 city and 34 highway with the manual transmission. Includes standard OnStar<sup>®</sup> 1-year Safe & Sound Plan<sup>2</sup> and available XM Radio<sup>3</sup>, features that are usually expected in larger, more expensive cars.

**MODEL AVAILABILITY**

	<b>Aveo 4-door</b>	<b>Aveo5 Hatchback</b>
LS	1TD69	1TD48
1LT	1TD69	1TD48
2LT	1TG69	1TG48

**SPECIFICATIONS** (inches unless otherwise stated)

Wheelbase	97.6	97.6
Length	169.7	155.0
Width	67.3	66.1
Height	59.3	59.3
Seating f/r	2/3	2/3
Head room f/r	39.3/37.6	39.3/37.6
Shoulder room f/r	53.6/52.8	53.6/52.8
Leg room f/r	41.3/35.4	41.3/35.4
Max. cargo vol. <sup>4</sup> (cubic feet)	12.3	42.0
Approx. fuel capacity (gallons)	12	12

**SELECTED STANDARD FEATURES**

**Safety and Security**

- Advanced dual-stage front air bags with Passenger Sensing System<sup>1</sup>
- Side-impact air bags<sup>1</sup> for driver and front passenger
- 3-point safety belts, all positions, with front seat height adjustment
- Child security rear door locks
- LATCH (Lower Anchors and Top Tethers for Children) system
- Daytime Running Lamps
- OnStar<sup>®</sup> 1-year Safe & Sound Plan<sup>2</sup> (fleet delete available)
- Tire Pressure Monitoring System<sup>9</sup>

**Interior**

- Reclining cloth front bucket seats with driver height adjustment
- 60/40 split-folding rear seat
- Floor console
- Full instrumentation including tachometer
- Tilt adjustable steering column
- Padded visors with vanity mirrors
- 12-volt power outlet
- AM/FM stereo with digital clock and auxiliary input jack
- Air conditioning (LT)

- Rear-window defogger
- Carpeted floor mats (LT)
- Rear cargo shade (Aveo5)

**Mechanical**

- Front-wheel drive
- Ecotec II 1.6L DOHC 16-valve 4-cylinder engine with 106 hp and 105 lb.-ft. of torque
- Oil Life Monitoring System
- Electronic throttle control
- 95-amp alternator
- 5-speed manual transmission
- Power front disc/rear drum brakes
- Independent front/semi-independent rear suspension
- Power rack-and-pinion steering
- Stainless steel exhaust system

**Exterior**

- Variable intermittent front windshield wipers
- Fold-away rearview mirrors
- P185/60R14 all-season tires
- Full bolt-on wheelcovers
- Rear spoiler (Aveo, Aveo5 2LT)

**SELECTED OPTIONAL FEATURES**

- Antilock brake system
- Leatherette seating surfaces
- Leather-wrapped steering wheel
- Driver Convenience Package includes Driver Information Center and steering wheel-mounted audio controls (LT)
- Air conditioning provisions and kit for dealer install (LS)
- Cruise control
- Power and Convenience Package includes Remote Keyless Entry, power door locks, power windows and content theft-deterrent system
- Power sunroof
- Audio: CD/MP3 player, 6-speaker premium sound system, XM Radio<sup>3</sup>

**OVERVIEW**

Pontiac G3 is a sporty, five-door hatchback that includes up to 42 cubic feet of cargo space,<sup>4</sup> while providing the best shoulder and hip room in the segment for seating five adults. G3 features an unusually rich mix of standard features for an entry-level car, along with available features – such as its large power sunroof – that are unexpected in the segment.

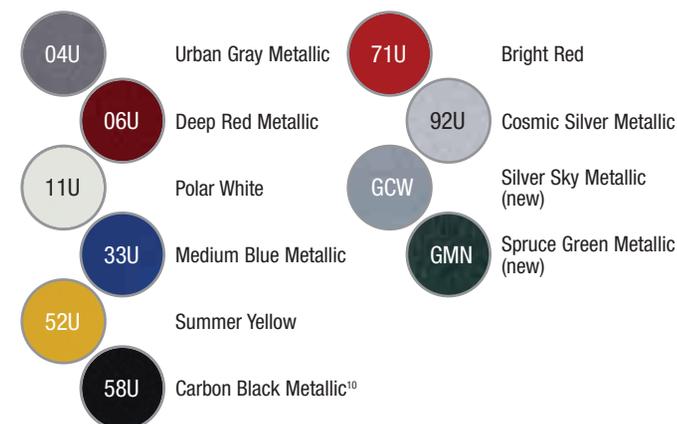

The fuel-efficient Ecotec 1.6L DOHC engine delivers an EPA estimated 27 mpg in the city and 34 mpg on the highway.

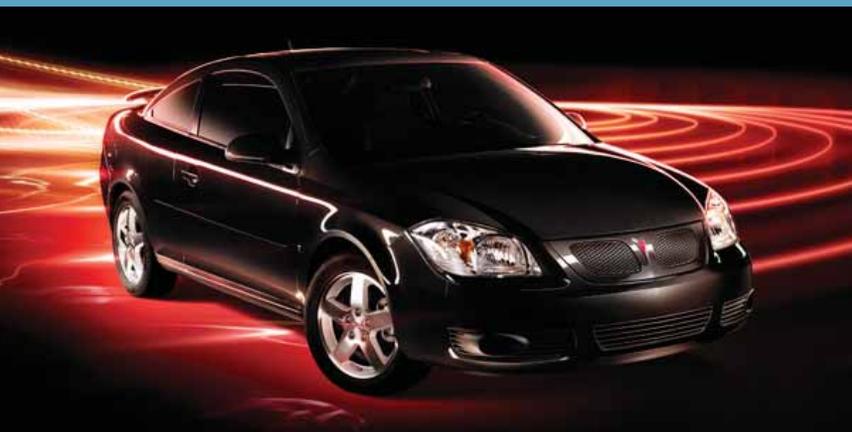

**MODEL AVAILABILITY**

	5-Door Hatchback
G3	2TD48

- Power sunroof

Impala's standard V6 engines have E85 FlexFuel capability that allows the vehicle to run on either gasoline or E85 — a blend of 85% ethanol and 15% gasoline or a combination of both. E85 is a cleaner-burning, mostly renewable fuel source that can be made from U.S.-grown organic materials. It helps reduce greenhouse gases and can enhance the nation's economy and energy independence. Visit [gm.com/biofuels](http://gm.com/biofuels) to see if there is an E85 station near you.

**AVAILABLE EXTERIOR COLORS<sup>15</sup>**

Artist sketch shown with optional equipment

**SELECTED STANDARD FEATURES**

**Safety and Security**

- 6 air bags: dual-stage frontal with Passenger Sensing System, side-impact for driver and front passenger, head-curtain side-impact for front and rear seating positions
- LATCH (Lower Anchors and Top tethers for CHildren) system
- OnStar® 1-year Safe & Sound Plan<sup>2</sup>
- PASS-Key III+ theft-deterrent system
- StabiliTrak electronic stability control system with traction control
- Daytime Running Lamps
- Tire Pressure Monitoring System<sup>9</sup>

**Interior**

- Front sport bucket seats with power recline
- Folding rear seat with trunk passthrough
- Single-zone manual air conditioning with pollen filter
- AM/FM/CD/MP3 audio system with music navigator, Graphic Information Display, auxiliary input jack, outside temperature display, XM Radio<sup>3</sup> with a 3-month trial

- Tilt/telescopic steering column
- Driver Information Center with compass
- Power door locks
- Power windows with express up/down
- Remote keyless entry
- Cruise control

**Mechanical**

- Rear-wheel drive
- 3.6L DI VVT V6 engine with 304 hp and 273 lb.-ft. torque (LS, LT)
- 6.2L V8 engine with 400 hp and 395 lb.-ft. torque (SS)
- 6-speed manual transmission includes limited slip differential
- 4-wheel disc antilock brake system
- Variable-ratio power steering

**Exterior**

- Exhaust tips: 3-inches on LT and LS, 3.75-inches on SS
- Fog lamps (LT and SS only)
- Outside power-adjustable, body-color mirrors (2LT and 2SS add heated and driver side auto dimming features)

**SELECTED OPTIONAL FEATURES**

- 6.2L V8 engine with 422 hp and 408 lb.-ft. torque and Active Fuel Management (SS, requires 6-speed automatic transmission)
- 6-speed automatic transmission with TAPshift<sup>®</sup>
- Leather-appointed, heated front seating surfaces
- Express-open and venting sunroof
- Convenience and Connectivity Package includes Bluetooth<sup>®</sup> wireless technology for select compatible phones<sup>17</sup>, wireless Personal Device Interface Module (PDIM), USB port, steering wheel mounted audio controls, leather-wrapped steering wheel, leather-wrapped shift knob and cargo convenience net (1LT )
- RS Package includes 20-inch x 8-inch front and 20-inch x 9-inch rear flangeless, painted aluminum wheels with Midnight Silver finish (polished finish available for an additional charge), body-color roof ditch molding, high intensity discharge headlamps and RS unique tail lamps. LT models also include rear spoiler (LT, SS)

Standard on V8 models and on V6 manual models, a limited-slip differential helps to improve traction by directing engine power to the rear wheel with the best traction. This gets the power to the ground for enhanced performance, especially in low-speed corners and low-traction conditions.

## OVERVIEW

Chevrolet HHR has become a favorite of fleet buyers because of its large, configurable interior. Its economical 4-cylinder engine delivers best-in-class EPA-estimated fuel economy of 32 miles per gallon, providing a range of 512 miles from a full tank of gasoline. It was awarded Best in Class NHSTA Quadruple 5-Star front, rear & sides crash test safety: Driver, passenger, side-front and side-rear. HHR SS features uncompromising performance with a turbocharged engine that produces 260 horsepower, yet offers 30 miles per gallon EPA-estimated fuel economy. HHR Panel models make cargo less visible to passers-by and provide an ideal exterior surface for displaying company logos.

### OVERVIEW

The all-new 2010 GMC Terrain is a compact crossover that blends distinctive design with outstanding efficiency. It features an innovative interior with generous rear seat room and passenger/cargo versatility. It is available in SLE and SLT trim, with available all-wheel drive. Two new engines are offered, each with fuel-saving direct injection and variable valve timing technology. The 2.4L Ecotec direct injected I-4 engine is expected to deliver 182 horsepower and an estimated 30 mpg highway, 21 mpg city. The 3.0L DOHC direct-injected V6 engine is expected to produce 264 horsepower, which delivers an estimated 25 mpg highway, 18 mpg city. EPA certification is pending for both engines.

Height (without luggage rack)	69.6
Seating f/r	2/3/3
Head room f/m/r	40.4/39.3/38.4
Shoulder room f/m/r	62.0/61.1/57.8
Leg room f/m/r	42.3/36.9/33.2
Max. cargo vol. <sup>4</sup> (cubic feet)	115.9
Approx. fuel capacity (gallons)	22
Max. towing capacity <sup>7</sup> (pounds)	5200
Minimum ground clearance	7.4

### AVAILABLE EXTERIOR COLORS<sup>15</sup>

**SELECTED STANDARD FEATURES**
**Safety and Security**

- Dual-stage front and side-impact air bags with Passenger Sensing System<sup>1</sup>
- Head curtain side-impact air bags<sup>1</sup>
- Rear door child security locks
- OnStar 1-year Safe & Sound Plan<sup>2</sup>
- Pedal release system
- StabiliTrak<sup>®</sup> stability enhancement system
- Theft-deterrent system
- Daytime Running Lamps and automatic lamp control
- Tire Pressure Monitoring System<sup>9</sup>

**Interior**

- Front reclining bucket seats with passenger flat-folding seatback
- Flat-folding 60/40 split rear seats with a center console armrest and storage
- Driver Information Center
- Air conditioning
- Cruise control
- Power windows
- AM/FM stereo with CD/MP3, auxiliary input jack, steering wheel controls, XM Radio<sup>3</sup> with a 3-month trial

**Mechanical**

- Remote Keyless Entry
- Programmable power door locks
- Cargo convenience net
- Front- or all-wheel drive
- 2.4L Ecotec 4-cylinder engine with 169 hp and 4-speed automatic transmission (FWD models, except FWD XR-V6)
- 3.5L V6 engine with 222 hp and 6-speed automatic transmission (AWD XE Preferred)
- 3.6L V6 engine with 257 hp and 6-speed automatic transmission (XR-V6)
- 4-wheel disc antilock brake system
- Independent front and rear suspension
- Power steering
- Battery rundown protection

**Exterior**

- Intermittent front windshield wipers
- P235/65R16 all-season tires
- Alloy wheels
- Liftgate with wiper/washer

**SELECTED OPTIONAL FEATURES**

- Premium Trim Package includes leather-appointed seats, leather-wrapped shift knob and 3-level heated driver and front passenger seats
- Front and rear seats delete (fleet only)
- Front and rear floor mats (fleet only)
- Audio options: touch-screen navigation system,<sup>11</sup> Saturn Advanced Audio System
- Trailing provisions
- Chrome Package

## SELECTED STANDARD FEATURES

### Safety and Security

- Dual-stage front air bags with Passenger Sensing System<sup>1</sup>
- Head curtain side-impact air bags<sup>1</sup> with rollover sensor
- StabiliTrak<sup>®</sup> stability enhancement system with Rollover Mitigation
- OnStar 1-year Directions & Connections Plan<sup>2</sup> with Turn-by-Turn Navigation<sup>8</sup> and Destination Download
- Daytime Running Lamps and Twilight Sentinel<sup>®</sup>

### Interior

- Front bucket seats with 14-way power, heated, leather seating surfaces and memory
- 2nd-row 60/40 split-folding seat
- 50/50 removable 3rd-row seat
- Floor console with rear seat audio and climate controls
- Auto-dimming mirror with outside temperature
- Driver Information Center
- Tri-zone automatic climate control
- Remote Vehicle Starter System

- Rearview camera system
- Power adjustable pedals
- AM/FM stereo with CD/DVD/MP3, 6-disc CD changer, navigation radio,<sup>11</sup> Bose 5.1 Studio Surround, rear audio controls, USB port, XM Radio<sup>3</sup> with a 3-month trial

### Mechanical

- Vortec 6.0L with 332 hp (Hybrid)
- Strong hybrid automatic transmission
- 4-wheel disc antilock brake system
- Automatic rear locking differential
- Magnetic Ride Control suspension
- Full-function traction control
- Trailering equipment

### Exterior

- Xenon HID headlamps
- Rainsense<sup>™</sup> windshield wipers
- P285/45R22 all-season tires
- 22-inch aluminum wheels<sup>14</sup>
- Power folding rearview mirrors with ground illumination, turn signals, curb-tilt, driver auto-dimming
- Ultrasonic Rear Parking Assist
- Rear power liftgate with liftglass

## 2-MODE HYBRID FEATURES

The 2-Mode is a patented hybrid technology with two modes optimized for city and highway driving.

- First mode: At low speed and light loads, the vehicle can operate by electric power or engine power or any combination
- Second mode: Primarily for highway speeds providing electric assist and full V8 power when needed. It integrates sophisticated electronic controls, Active Fuel Management<sup>™</sup>, cam phasing and late-intake valve closure for efficient engine operation
- 2-Mode system allows for more compact packaging because powerful electric motors are designed to fit within the space of a conventional automatic transmission
- 300-volt battery pack is larger than typical battery, but fits in without compromising passenger space. No plug-in is required

## OVERVIEW

Escalade combines power and strength with trademark Cadillac styling and technology. Inside, there is room to seat up to 8 people comfortably and carry all their cargo<sup>4</sup> too. And now an Escalade Hybrid model is available in both Hybrid and Platinum Hybrid models, AWD and 2WD.

## NEW FOR 2010

- USB port in center console
- Hybrid axle ratio changes from 3.42:1 to 3.08:1
- Hybrid decals removed from doors, windshield and liftgate
- Electronic parking brake release moved away from driver's knee

**FOR OTHER ESCALADE MODELS,

### SELECTED STANDARD FEATURES

#### Safety and Security

- Dual-stage front, side-impact and head curtain side-impact air bags with Passenger Sensing System<sup>1</sup>
- LATCH (Lower Anchors and Top tethers for Children) system
- Rear door child security locks
- OnStar 1-year Directions & Connections Plan<sup>2</sup> with Turn-by-Turn Navigation<sup>3</sup> and Automatic Crash Response
- StabiliTrak<sup>®</sup> stability enhancement system with traction control
- PASS-Key III+ theft-deterrent system
- Daytime Running Lamps and automatic lamp control
- Tire Pressure Monitoring System<sup>9</sup>

#### Interior

- Front bucket seats with 6-way power driver seat and manual lumbar control
- Rear 60/40 split-folding seats
- Console with sliding armrest
- Driver Information Center
- Specific hybrid instrumentation

- Automatic climate control
- Tilt/telescoping adjustable steering column
- AM/FM stereo with CD/MP3, USB port, XM Radio<sup>3</sup> with a 3-month trial
- Bluetooth<sup>®</sup> wireless technology for select compatible phones<sup>17</sup>
- Remote Keyless Entry
- Programmable power door locks

#### Mechanical

- Front-wheel drive
- 2.4L Hybrid Ecotec 4-cylinder with 164 hp
- Hybrid Propulsion Electric System
- 4-speed Hybrid automatic transmission
- 4-wheel disc antilock brake system
- Independent front and rear suspension
- Variable-effort electric power steering assist

#### Exterior

- Intermittent front windshield wipers
- P215/55R17 touring tires
- Acoustic laminated windshield and front glass

### SELECTED OPTIONAL FEATURES

- Power sunroof
- Engine block heater

### CLAIMS

- Uses smart, value-focused technology to achieve 2009 EPA labels of 26/34. Segment leading highway mpg (tied with Toyota Camry Hybrid)
- One of the most affordable hybrid midsize sedans\*
- Has received IRS certification as being qualified for the \$1,550 hybrid tax credit. (Very limited availability)
- Malibu Hybrid - more affordable than Toyota Camry Hybrid or Nissan Altima Hybrid\*
- The 2009 Malibu (and Malibu Hybrid) has five-star frontal and side-impact crash test ratings\*\*

\* Based on base MSRP. Excludes other GM models.  
\*\*Side-impact crash test rating is for a model tested with standard head-curtain side-impact air bags. Government star ratings are part of the National Highway Traffic Safety Administration's New Car Assessment Program ([www.safercar.gov](http://www.safercar.gov)).

### OVERVIEW

The Malibu sets a high standard in class, quality, confidence and control for the midsize segment. It has expressive styling, exciting powertrain combinations – including this hybrid model (very limited availability) – and technology advancements.

### NEW FOR 2010

- Bluetooth<sup>®</sup> wireless technology for select compatible phones<sup>17</sup> is now standard
- 6-way power driver seat is now standard
- USB included on radio

### OVERVIEW

HUMMER brings its unmistakable style and unmatched capability to the truck market with the H3T. It is based on the architecture of the popular H3, but features a five-passenger Crew Cab and a separate 5-foot-long cargo bed.

The H3T is bigger than a midsize truck and smaller than a full-size truck, creating its own niche in the market. It also is infused with the attributes expected of a HUMMER, including exceptional off-road capability and a premium interior that is as functional as it is comfortable.

### NEW FOR 2010

- 5.3L V8 offers FlexFuel capability for 2010
- Red cloth interior no longer available

### SPECIFICATIONS

### OVERVIEW

The W-Series offers a low cab forward platform that is complemented by a cab designed for function. The diesel engine, with 205 horsepower and 441 lb.-ft. of torque, is the most powerful diesel available in a Class 3-5 LCF truck. The 6-speed double overdrive automatic transmission, with the diesel, provides easy driving and reliable service. A powerful and durable gasoline engine is also available. These trucks are also easier to service and more comfortable to drive than conventional cab trucks with tighter turning diameters and large cabs.

4HK1-TC 5.2L I-4 Turbo Diesel	205	441

### AVAILABLE EXTERIOR COLORS<sup>15</sup>

### OVERVIEW

The W-Series offers a low cab forward platform that is complemented by a cab designed for function. The diesel engine, with 205 horsepower and 441 lb.-ft. of torque, is the most powerful diesel available in a Class 3-5 LCF truck. The 6-speed double overdrive automatic transmission, with the diesel, provides easy driving and reliable service. A powerful and durable gasoline engine is also available. These trucks are also easier to service and more comfortable to drive than conventional cab trucks with tighter turning diameters and large cabs.

### SPECIFICATIONS (inches unless otherwise stated)

Features include:

- CC31403 or TC31403 models (2WD) with 11,400-pound GVWR<sup>5</sup>
- CK31403 or TK31403 models (4WD) with 12,000-pound GVWR<sup>5</sup>
- Front bucket seats with 6-way power driver and passenger adjusters, passenger seat recline and manual lumbar control
- Duramax 6.6L Turbo Diesel V8 engine
- Allison 1000 6-speed automatic transmission (no PTO provisions)
- Heavy-duty dual 730 cold-cranking amp batteries
- Dual 125-amp alternators
- Engine block heater
- Requires single-zone manual air conditioning (standard on Regular cab models)
- Requires Ebony Premium Cloth or Ebony Custom Leather Appointed trim

**BOX DELETE WITH BODY**

A Box Delete configuration is also available on Silverado and Sierra long box 2500HD and 3500HD. Regular, Extended or Crew Cabs are offered and provide 55.9-inch cab-to-axle dimension that allows buyers to add almost any of a variety of bodies to meet their specific needs.

*Vehicles shown have been altered or upfitted with equipment supplied by independent suppliers. See Owner Manual for information on alterations and warranties.*

**VOCATIONAL BODY APPLICATIONS**

Chevrolet Silverado and GMC Sierra offer 3500HD Chassis Cab configurations with either Regular or Extended Cabs. These offerings meet the needs of a variety of chassis-cab customers, with choices of two- or four-wheel drive and gasoline or diesel engine.

**NEW FOR 2010**

- AM/FM stereo with CD player and MP3 playback and USB port available with LT1
- AM/FM stereo with 6-disc CD changer and MP3 playback and USB port available with LT1
- AM/FM stereo with MP3 compatible CD player and navigation and USB port available with LT1
- Single-zone manual air conditioning now standard on Regular Cab models

**SPECIFICATIONS**

Model	Drivetrain	Model Number	Wheelbase (inches)	Maximum GVWR <sup>5</sup> (pounds)	Maximum Payload <sup>6</sup> (pounds)	Maximum Trailer Weight <sup>7</sup> (pounds)	Seating
Regular Cab	RWD	CC31003	137.0	11400	5684	NA	3
	4WD	CK31003	137.0	12000	6039	NA	3
	RWD	CC31403	161.5	11400	5608	NA	3
	4WD	CK31403	161.5	12000	5943	NA	3
Extended Cab	RWD	CC31053	161.5	11400	5177	NA	6
	4WD	CK31053	161.5	12000	5507	NA	6

**APPLICATIONS**

Here are some applications perfectly suited for the 3500HD Chassis Cab:

- Van body — if cargo needs weather protection, this is the answer
- Platform/stake body — for carrying anything from livestock to lumber and scrap metal
- Dump body — these durable vehicles can handle the severe service, on- and off-road ability and heavy loads
- Snow plow/spreader applications are easy to configure with the available Snow Plow Prep Package
- Utility/service body — providing for compartment storage and additional duties such as cherry-picker buckets and rescue equipment
- Catering body — perfect for meals-on-wheels applications for visiting factories, construction sites or events

**AVAILABLE EXTERIOR COLORS<sup>15</sup>**

**SELECTED STANDARD FEATURES**
**Safety and Security**

- Frontal air bags with passenger-side deactivation switch<sup>1</sup> (passenger-side delete available)
- PASSKey III theft-deterrent system
- Daytime Running Lamps
- Tire Pressure Monitoring System

**Interior**

- Front high-back, reclining bucket seats
- Console with storage, 3 cupholders, 2 power outlets
- Front passenger assist handle
- Air conditioning
- Driver Information Center
- Full-length black rubberized-vinyl floor covering (delete available)

**Mechanical**

- Vortec 6.0L V8 with 319 hp and FlexFuel capability
- Oil Life Monitoring System
- 6-speed automatic transmission with Tow/Haul mode and internal transmission oil cooler
- Independent front suspension
- Multi-leaf rear spring suspension
- 4-wheel disc antilock brake system
- Power steering
- Battery with rundown protection and retained accessory power

**Exterior**

- Halogen headlamps
- Intermittent front windshield wipers
- Swing-out 60/40 passenger-side door
- Swing-out rear doors
- LT245/75R16 all-season tires
- Stainless steel exhaust system

## This material is not legally approved for use in any advertising.

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this Guide are equipped with engine and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this Guide may be available at extra cost, and/or is supplied by an independent supplier.

See your local General Motors Fleet Account Executive or Dealer Fleet/Commercial Sales Manager for up-to-date information, or see the GM Online Order Guide at [gmfleet.com](http://gmfleet.com).

## An important note about alterations and warranties

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.

## Detailed Notes, as applicable to references on individual vehicle pages

1. Always use safety belts and the correct child restraint for your child's age and size, even in vehicles equipped with air bags. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in a rear seat in an appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner Manual and child safety seat instructions for more information.
2. OnStar® all rights reserved. Visit [OnStar.com](http://OnStar.com) for system limitations and details.
3. XM Radio requires a subscription, sold separately by XM after the first 90 days. Not available in Canada, Alaska or Hawaii. For more information, visit [gm.xradio.com](http://gm.xradio.com).
4. When properly equipped, cargo and load capacity limited by weight and distribution.
5. Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped, includes vehicle, passengers, cargo and equipment.
6. Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. Cargo and load capacity limited by weight and distribution.

7. Maximum Trailer Weight ratings are calculated assuming a base vehicle, except for options necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See Order Guide for additional information.
8. For Turn-by-Turn Navigation, antilock braking system and Directions & Connections Plan required. Turn-by-Turn Navigation not available in certain areas. Visit [OnStar.com](http://OnStar.com) for coverage map.
9. Tire Pressure Monitoring System does not apply to spare tire.
10. Premium paint — available at extra cost.
11. Navigation Systems — map coverage includes only the 48 contiguous United States and portions of Hawaii and Canada. Not available in Alaska, Puerto Rico and the Virgin Islands.
12. RDS functions only where stations broadcast RDS information.
13. 2007 Frontal Safety Rating — U.S. Government safety rating for both the driver and front seat passenger in the frontal crash test. Side Impact Safety Rating — U.S. Government safety rating for both the front and rear seats in the side-impact crash test. Government star ratings are part of the National Highway Traffic Safety Administration (NHTSA) New Car Assessment Program ([www.safercar.gov](http://www.safercar.gov)).
14. Use only GM-approved wheel/tire combinations. See your GM dealer for more details.
15. Actual colors may vary.
16. Unless you option into a spare tire, there is no jack or spare tire in this vehicle. If you do not option into the spare tire, your vehicle has a tire sealant and compressor kit that uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4-inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.
17. The Bluetooth word mark is a registered trademark owned by Bluetooth SIG, Inc. and any use of such mark by GM is under license. Go to [gm.com/bluetooth](http://gm.com/bluetooth) to find out which Bluetooth phones are compatible with the vehicle.
