BUICK

BUICK LESABRE.

THE TRADITION IS VERY MUCH ALIVE.

The innovation and design that went into the 2005 LeSabre actually began over 100 years ago. That's how long Buick has been engineering elegant, dependable vehicles of unsurpassed quality. Indeed, Buick has always been at the technological forefront of automotive advances – as exemplified by the OnStar System that's standard on every LeSabre model. So when you take in all that LeSabre has to offer, you're looking at a very special vehicle with a highly evolved pedigree.

Even at a glance it's obvious that LeSabre is in a class of its own. And the gracious lines are only a preview of what's inside. There, you'll discover a spacious, immaculate interior that easily seats up to six with an array of creature comforts and amenities.

But the essence of the LeSabre experience is Buick's legendary smooth, quiet ride. The fact is, every component of this remarkable automobile, from the styling to the powertrain, is pure Buick. That's why we're proud to say that with the 2005 LeSabre, the tradition lives on.

CELEBRATION EDITION.
A MOST EXCEPTIONAL LESABRE.

The LeSabre Celebration Edition became an instant success story when it was introduced two years ago, to celebrate Buick's 100 years of automotive excellence. Today, the 2005 Celebration Edition continues to honour that tradition.

With its distinctive blacked-out grille and 16-inch chrome-plated aluminum wheels, the Celebration Edition has a definite tendency to turn heads. The interior is another revelation: luxurious leather seating surfaces and Head-Up Display (HUD) instrumentation are just a couple of the amenities you can look forward to. Also featured is the Advanced Personal Choice system whereby two drivers can set personal preferences for door locks, lighting and sound systems as well as the remote keyless entry system.

Even the rear-view mirrors have a unique Celebration Edition touch: both driver- and passenger-side exterior mirrors have integrated turn signal indicators.

And Celebration Edition also features StabiliTrak, which automatically assists you when it senses a loss of vehicle directional stability.

The '05 LeSabre Celebration Edition – a celebration of all things Buick.

1. Both the door panels and dashboard feature striking Black Cherry simulated wood grain accents.
2. In addition to sumptuous Cashmere leather seating surfaces, another unique Celebration Edition touch is the distinctive Buick emblem embroidered on both front seatbacks.
3. Other distinguishing features include exclusive chrome-plated 16-in. aluminum wheels and special exterior badging.

FACING PAGE: LeSabre Celebration Edition, shown in White Gold Flash.

LESABRE'S FEATURE PRESENTATION.

You're in for a very pleasant surprise when you explore the exceptional LeSabre. That's because so many features that you might normally expect to be optional are, in fact, standard equipment. Desirable amenities such as air conditioning, power windows, remote keyless entry system, four-wheel disc brakes with ABS and a four-speaker CD stereo system are all included. The sound system controls are even on the steering wheel – right at your fingertips.

And LeSabre has power to spare, since its driving force is Buick's smooth, dependable 205 horsepower, 3800 Series II V6. All of these features combine to make LeSabre one of the most revered full-size cars available.

The '05 LeSabre – now playing in a neighbourhood near you.

FACING PAGE: LeSabre Custom, shown in Platinum Metallic with available equipment.

LESABRE'S ELEGANT EDGE.

There's a lot to look forward to, when you enter LeSabre's expansive interior. Like multi-way power adjustments on the driver's seat, a tilt adjustable steering column, air conditioning and cruise control. And LeSabre's ergonomic design puts all standard power controls for features such as door locks, windows and exterior mirrors right at the tips of your fingers.

The LeSabre Limited takes luxury to another level. You'll notice that the instant you settle into the plush leather seating surfaces. The Limited also includes 10-way power driver and front-passenger seat adjusters and automatic dual-zone climate controls. There's even a Driver Information Centre that features the GM Oil Life System and a tire inflation monitor as well as a host of vehicle warning systems such as low oil, low fuel and low windshield washer fluid level indicators.

In the world of Buick there's no such thing as too much comfort. And a classic example is the 2005 LeSabre.

FACING PAGE: LeSabre Limited interior, shown with leather seating surfaces.

1. LeSabre's sound system controls are located on the steering wheel – right at your fingertips.
2. The Driver Information Centre reports on the status of tire inflation, oil pressure and nine other functions. Readouts can be in metric or U.S. measurements. The Driver Information Centre is standard on Limited and available on Custom.
3. The unique Catcher's Mitt™ design of LeSabre's front seats will cradle, hold and help to protect the driver and front passenger in the event of a low-speed rear impact.

LESABRE'S DEFINING TOUCHES.

The Buick engineers have made your comfort one of their top priorities. That's why LeSabre has so many features that are devoted solely to making life as convenient as possible for you and your passengers. A few examples: retained accessory power allows you to continue operating power controls and the audio system for a short time after the engine is shut off; a roof-mounted console provides reading lights for the driver and front passengers; and assist handles for all three outboard passenger positions make it easier to get in and out.

With the LeSabre Limited model there are even more features: a built-in three-channel universal garage door opener, moisture-sensitive wipers that activate automatically as well as a leather-wrapped steering wheel with sound system and climate controls. Also available on Limited is the convenient Advanced Personal Choice system that allows two drivers to set their own preferences for lighting, sound system, door locks, remote keyless entry, driver-side exterior mirror and driver's seat.

The available Gran Touring Package offers other exclusive enhancements such as 16-inch aluminum wheels and a Gran Touring suspension.

Like all Buicks, LeSabre is defined by the thoughtful touches that have gone into it. After all, it's the thought that counts.

4. One of many innovative features on LeSabre's Celebration Edition – turn signal indicators on the exterior rear-view mirrors help notify other drivers of your intentions. Also available on Limited.
5. A 6-speaker Concert Sound II stereo system with AM/FM cassette and CD players is standard on Limited and available on Custom.
6. The driver and front passenger can each select their own comfort settings with automatic dual-zone climate controls, a standard feature on LeSabre Limited.
7. A moisture-sensing wiper system is standard on LeSabre Limited and available on Custom. When the system is activated, a light emitter sends pulses of infrared light into the windshield. Moisture on the windshield reduces the intensity of the beams. A light sensor detects the reduced intensity and activates the wipers.

LESABRE'S TECHNICAL EXPERTISE.

Dependability is another attribute that is built into each and every Buick. That translates into more time for you to enjoy LeSabre and less time spent on service and maintenance.

As an example, the chassis is lubed for life. Dexron III transmission fluid lasts for 166,000 kilometres (100,000 miles) before requiring replacement.* DEX-Cool engine coolant doesn't need to be replaced for 240,000 kilometres (150,000 miles).* And platinum-tipped spark plugs improve fuel efficiency, reduce emissions and have been designed to last for up to 166,000 kilometres (100,000 miles).* LeSabre even features GM's Oil Life System,** which indicates when it's time to change engine oil.

Without getting too technical, the point is that LeSabre was ultimately built to be driven and enjoyed. In other words, a typical Buick.

2

3

1. LeSabre's 205 horsepower 3800 Series II V6 delivers 230 lb.-ft. of torque and gives you the best of both worlds: power when you need it and fuel efficiency on the long runs.
2. Platinum-tipped spark plugs reduce emissions, improve fuel economy and are designed to last up to 166,000 km (100,000 miles).*
3. With the GM Oil Life System** you know exactly when it's time to change your engine oil.* That can mean fewer oil changes, less downtime and a better use of our non-renewable resources.

*Maintenance needs vary with different uses and driving conditions. Please refer to the LeSabre Owner's Manual for more information.

**Standard on Limited, available on Custom.

4. With electronic traction control, the powertrain control module (PCM) detects when one wheel is spinning faster than the other. PCM can intervene in three ways to reduce tire spin: retard the engine ignition, cut off fuel flow to up to three cylinders or shift to a higher gear. Control is returned to the driver when the PCM senses that normal traction has been restored. Electronic traction control is standard on Limited and available on Custom.
5. An underinflated tire is slightly smaller than normal and as a result will rotate faster. Wheel-speed sensors relay this information to the Tire Inflation Monitor, which sends a Check Tire Pressure message to the Driver Information Centre.
6. Squeaks and rattles are greatly reduced, thanks to the strong, lightweight MagBeam magnesium support in LeSabre's instrument panel.

SAFETY AND SECURITY SURROUND YOU.

A very important objective in the design of any vehicle is your safety – that's been a Buick priority since Day One. It explains why you and your passengers are surrounded by a heavy-duty, all-steel safety cage, and passenger doors have a steel side-guard beam for protection from side impacts. It's also why the driver and front passenger have dual-stage frontal air bags* and both the front and rear of LeSabre's chassis have crush zones, to help absorb energy upon impact.

LeSabre also addresses your security. Standard on every model is a remote keyless entry system that locks and unlocks the doors from up to 6 m (20 ft.) away and includes a Panic button that sounds the horn and flashes the lights in an emergency.

There are many other peace-of-mind features that go into LeSabre, yet they all have the same designated purpose: to make your driving environment as safe and secure as possible.

1. Designed to help protect the driver's head and upper body, LeSabre's side-impact air bags** will deploy in just 20 milliseconds. Only upper body protection is offered on the front-passenger side, in order to minimize risk to an out-of-position occupant.
2. Dual-stage air bag deployment is dependent upon the force of impact. In the event of a slower-speed front impact, a lower-power stage (A) is activated. In a higher-speed frontal collision, a high-power stage (B) is activated for full deployment.
3. LeSabre Limited's interior electrochromic rear-view mirror functions normally in daylight. At night the mirror will dim automatically when it senses headlights approaching from the rear, which helps prevent glare in the driver's eyes. Available on Custom.

*A NOTE ABOUT CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information. Air bag inflation can cause severe injury or death to anyone too close to the air bag when it deploys. Be sure every occupant is properly restrained.

**Standard on Limited, available on Custom.

4

5

- If LeSabre's StabiliTrak dynamic vehicle control system senses the vehicle is starting to leave its intended path or lose traction, it will step in to modulate the brakes, or reduce power, or both. This intervention is so subtle you may never notice it at all. Instead you have a remarkable sense of control and greater peace of mind.
- StabiliTrak integrates yaw sensors, lateral accelerometers and steering wheel angle sensors with the power control module (PCM) and the electronic control module (ECM) computers. These computers are constantly comparing the direction the vehicle is travelling with the intended direction the driver wants to go.

There's a lot more to LeSabre than just powertrains, suspension systems, elegant refinements and sophisticated styling. It also includes the unparalleled safety and security of OnStar. OnStar uses advanced communications technology to enhance your peace of mind whenever you're in your LeSabre. All it takes is the touch of a single OnStar button inside your vehicle to connect you with one of our Advisors at the OnStar Centre.* They are standing by, ready to provide support 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They not only provide information and a range of other direct assistance services – but also, in an emergency, they will contact emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you need assistance. Your Advisor can also perform a remote diagnostic check of your engine and the electrical components in your vehicle.

Another convenient feature is OnStar Personal Calling,[†] which uses a button to activate the hands-free, voice-activated wireless phone that's integrated into your vehicle. It's there just in case your hand-held cellphone is lost, forgotten or has a low battery. Even better, there are no additional monthly system access fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 trial minutes.

Knowing you have OnStar on board provides a powerful sense of added security. Just ask the more than 100,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada, OnStar Advisors handle an average of 7100 routing calls, 2000 emergency calls, 1900 door unlocks and 1050 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are important to you. The Safe & Sound plan is included for one year on all Buick LeSabre models. The available Directions & Connections plan offers route information, as well as a host of other convenience services. See your dealer for more details about the plans available for your Buick LeSabre.

OnStar. Always there. Always ready.

*Subscription Agreement necessary. OnStar services require vehicle electrical system and wireless service to be available and operating for features to function properly. OnStar relies on existing emergency service providers as well as wireless and satellite technologies and is subject to their limitations. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade. Call 1-888-4ONSTAR (1-888-466-7827), see your OnStar Owner's Guide, or visit onstarcanada.com for system information and details.

†Requires OnStar Personal Calling-enabled vehicle, existing OnStar service contract and prepaid calling minutes. OnStar voice recognition system may not recognize all voices. Available in most markets.

Always there. Always ready.

SAFETY AND SECURITY	CUSTOM	LIMITED
Air bags – dual-stage, driver- and front passenger-side, frontal	S	S
Air bags – driver- and front passenger-side, seat-mounted side-impact	O	S
Brake/transmission shift interlock	S	S
Door locks – automatic power, programmable with lock-out protection and delayed locking features	S	S
Headlights – Daytime Running Lights with automatic light control (includes Twilight Sentinel with delay feature)	S	S
Keyless entry system – remote (includes perimeter lighting, Panic, personalization and notification features)	S	S
OnStar In-Vehicle Communications and Assistance Service – includes one-year Safe & Sound Plan	S	S
Safety restraints – LATCH (Lower Anchors and top Tethers for Children), rear seats	S	S
Seats – front, Catcher's Mitt™ design with self-aligning head restraints	S	S
Theft-deterrent system – alarm, audible/visible	O	S
Theft-deterrent system – PASS-Key III with immobilizer	S	S
Traction control – electronic, full-function, all-speed	O	S
Trunk – internal manual trunk entrapment release handle	S	S

MECHANICAL	CUSTOM	LIMITED
Battery – ACDelco with run-down protection	S	S
Brakes – power, 4-wheel disc	S	S
Brakes – 4-wheel anti-lock braking system (ABS)	S	S
Drive – front-wheel	S	S
Engine – 3.8L 3800 Series II V6 with SFI; Horsepower – 205 hp @ 5200 rpm, Torque – 230 lb.-ft. @ 4000 rpm	S	S
Engine block heater	S	S
Exhaust system – aluminized stainless steel	S	S
StabiliTrak – vehicle dynamic control, integrated chassis control system	–	O
Steering – power, rack-and-pinion	S	S
Suspension – 4-wheel independent with automatic rear level control	S	S
Transmission – 4-speed automatic with overdrive	S	S
Gran Touring Package – includes Gran Touring suspension, specific 16" x 6.5" machine-faced aluminum wheels (C), ^{2,3} P225/60R16 all-season tires, 3.05 axle ratio (includes leather-wrapped steering wheel on Custom)	O ¹	O

1 Requires AM/FM stereo, cassette and CD players sound system. 2 Wheels shown on page 18. 3 With Celebration Edition 16" x 6.5" chrome-plated aluminum wheels (D) included.

EXTERIOR	CUSTOM	LIMITED
Antenna – diversity, front and rear-window integrated	S	S
Glass – Solar-Ray, tinted windshield; Soft-Ray, tinted all other windows	S	S
Lights – front cornering	–	S
Mirrors – foldaway, power remote control	S	–
Mirrors – foldaway, power remote control, heated	–	S
Mirrors – foldaway, power remote control, heated, with integral turn signals, includes auto-dimming electrochromic feature on driver-side exterior rear-view mirror	–	O ⁴
Mouldings – bodyside, body-colour	S	S
Sunroof – power, sliding glass panel with express-open feature	–	O
Tires – P215/70R15 all-season blackwalls	S	S
Wheels – 15" x 6" steel with bolt-on wheel covers (A) ²	S	–
Wheels – 15" x 6" multi-spoke aluminum (B) ²	O	S
Wheels – 16" x 6.5" machine-faced aluminum (C) ^{2,5}	O	O
Windshield wipers – 2-speed with variable delay (intermittent)	S	–
Windshield wipers – moisture-sensing variable delay	O ⁶	S

2 Wheels shown on page 18. 4 Requires Advanced Personal Choice Package. 5 Includes P225/60R16 all-season tires. 6 Requires interior rear-view auto-dimming electrochromic mirror with compass.

INTERIOR	CUSTOM	LIMITED
Air conditioning – manual, single zone	S	–
Air conditioning – automatic, dual-zone, climate control (includes rear-seat heat/ventilation outlets and steering wheel controls)	–	S
Armrest – rear-seat, centre with pass-through	–	S
Cargo convenience net* – includes trunk floor liner	O	O ⁷
Console – overhead (includes reading lights)	S	S
Cruise control – steering wheel-mounted, electronic with resume, coast and decelerate/accelerate features	S	S
Defogger – electric rear-window	S	S
Floor mats – front and rear, carpeted	S	S
Garage door opener – universal 3-channel programmable	–	S
Instrumentation – analogue cluster (includes speedometer, coolant temperature and fuel gauges)	S	–
Instrumentation – analogue cluster with trilingual Driver Information Centre (includes speedometer, tachometer, coolant temperature and fuel gauges, GM Oil Life System, tire inflation monitor, low oil, low fuel and low windshield washer fluid level indicators)	O	S
Instrumentation – Head-Up Display (HUD)	–	O
Lighting – delayed entry/exit, theatre dimming, ashtray, glovebox and trunk	S	S
Lighting – door-operated front overhead, rear reading, front footwell, and door-mounted front/rear footwell courtesy	–	S
Mirror – rear-view, auto-dimming electrochromic feature with compass	O ⁸	S
Retained accessory power	S	S
Steering column – tilt adjustable	S	S
Steering wheel – sound system controls	S	–
Steering wheel – leather-wrapped with sound system and climate controls	–	S
Sunshades – LH and RH padded; vanity mirrors with extenders and auxiliary visors	S	–
Sunshades – LH and RH padded; illuminated vanity mirrors with extenders and auxiliary visors	O	S
Trunk – release, power remote with valet lock-out	S	S
Windows – power, driver/front-passenger express-down and passenger lock-out features	S	S
Celebration Edition – includes unique interior and exterior badging, 16" x 6.5" chrome-plated aluminum wheels (D) ² , exterior rear-view mirrors with integrated turn signals, auto-dimming electrochromic feature on driver-side exterior rear-view mirror, distinctive leather seating surfaces, cargo net, Head-Up Display (HUD) instrumentation, StabiliTrak and Advanced Personal Choice System	–	O

2 Wheels shown on page 18. 7 Not available on Celebration Edition. 8 Requires moisture-sensing windshield wipers.

*Regular production accessory, dealer installed.

SEATS	CUSTOM	LIMITED
Cloth 55/45 divided front seat with manual recliners and driver and front-passenger manual lumbar adjusters	S	-
55/45 divided front seat with 10-way power driver and front-passenger adjusters, power driver lumbar adjuster and manual front-passenger lumbar adjuster	-	S
Leather seating surfaces	0	S
Heated, driver and front-passenger	0 ⁹	S
Power 8-way driver adjuster	S	-
Power 8-way front-passenger adjuster	0	-
Advanced Personal Choice – includes two personalized settings for driver's seat and driver-side exterior rear-view mirror	-	0 ¹⁰

9 Requires leather seating surfaces and 8-way power front-passenger seat adjuster.
10 Requires auto-dimming electrochromic feature driver-side exterior rear-view mirror.

SOUND SYSTEMS	CUSTOM	LIMITED
All LeSabre sound systems include an electronically tuned Delco AM/FM stereo with seek/scan, speed-compensated volume control, auto tone control, Radio Data System (RDS), TheftLock and digital clock		
AM/FM stereo with CD player and 4-speaker sound system	S	-
AM/FM stereo with cassette and CD players and 6-speaker Concert Sound II system	0	S

S – Standard. 0 – Optional individually or in combination with other optional equipment.

PREFERRED EQUIPMENT GROUP	CUSTOM 1SE
Shown below is the Preferred Equipment Group (PEG) available on LeSabre Custom. PEGs are packages of popular options that have been assembled to add value and make ordering easier. PEGs are subject to change without notice. Please note that features included on PEGs are not always available as individual options. For more information on Preferred Equipment Groups, please see your Sales Consultant	
Instrumentation – analogue cluster with trilingual Driver Information Centre (includes speedometer, tachometer, coolant temperature and fuel gauges, GM Oil Life System, tire inflation monitor, low oil, low fuel and low windshield washer fluid level indicators)	•
Mirror – interior rear-view, auto-dimming electrochromic feature	•
Sound system – 6-speaker Concert Sound II system	•
Sunshades – LH and RH padded; illuminated vanity mirrors with extenders and auxiliary visors	•
Theft-deterrent system – alarm, audible/visible	•
Traction control – electronic, full-function, all-speed	•
Wheels – 15" x 6" multi-spoke aluminum (B) ²	•

2 Wheels shown on page 18. • – Included with Preferred Equipment Group.

DIMENSIONS

EXTERIOR, MM (IN.)

Wheelbase (A)	2850 (112.2)
Length (B)	5080 (200.0)
Width (C)	1867 (73.5)
Height (D)	1448 (57.0)
Front tread (E)	1582 (62.3)

TOWING

3.8L 3800 Series II V6 2.86 final drive ratio*/454 kg (1000 lb.) maximum gross trailer weight**

*Celebration Edition includes 3.05 final drive ratio.

**Includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. See your dealer or refer to the LeSabre Owner's Manual for details.

WHEELS

A – 15" bolt-on wheel cover

B – 15" multi-spoke aluminum wheel

C – 16" machine-faced aluminum wheel

D – 16" chrome-plated aluminum wheel

A word about this brochure

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Buick dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

Privacy statement

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com.

A word about assembly

Buicks are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Buicks. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

Tiger Woods

Buick is the Official Car of the PGA TOUR. Tiger Woods is the most acclaimed player in the game today. That's why we're so proud to be partnered with him. After all, Tiger delivers power, style and finesse every time he hits the course. And Buick is ready to deliver those very same qualities every time you hit the road.

BUICK

**CENTURY ALLURE LESABRE PARK AVENUE
RENDEZVOUS RAINIER TERRAZA**

Regardless of which Buick you choose, you can be assured that your vehicle was created in the Buick tradition of innovation and style. There's one more component that's integral to every model we make: our commitment to you and your Buick.

COMMITMENT

We're committed to engineering and manufacturing Buick LeSabre so that it is an absolute pleasure to drive. And that's just the beginning. We're also committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a Buick. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It's so thorough it covers your vehicle from the roof right down to the tires. So when you drive off the lot of your Buick dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ Warranty:[†]

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Buick LeSabre for 3 years or 60,000 km*. Complete vehicle repairs are covered,** including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first.

**To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:[†]

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during warranty period
- **GM Protection Plan (GMPP)** – the only extended service contract backed by the resources and commitment of General Motors; GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.
