

2014
Subaru Life

Love. It's what makes a Subaru, a Subaru.

SUBARU

Confidence in Motion

Live by the moment. **Love by the mile.**

Life is for exploring. Whether you're hitting your favorite trail, taking a favorite road or tackling your daily adventures, Subaru vehicles are uniquely built to get you out, keep you going, and help you embrace more of life's opportunities. And, because of the way they're engineered for control, you're able to confidently drive where you want, when you want, to do whatever you want. Smart features to help you do more of what you live for. And the reassurance of award-winning safety for peace of mind. It's why we hear again and again, "I love my Subaru."

Love. It's what makes a Subaru, a Subaru.

Passionate people do passionate things.

True commitment shows through. For Subaru owners, it shows in kayak scuffs and mud-coated boots. It can take the form of dog hair that just won't come out, fresh coats of dust, or extra coats of wax. For many, the Subaru Badge of Ownership lets them show their commitment to the life they live and the confidence that has inspired them to fully embrace it. Owners can order badges online for free, stick them on, and let everyone know how they experience the world. Which one would you get?

Subaru Badge of Ownership

More miles, more milestones.

One thing you'll notice about Subaru owners is how long they hang on to them. Terry Prine remembers the day he brought his 2003 Subaru Forester home, and all of the great moments he's had with it by his side. Memories like passing the 100,000 mark on the odometer. With devoted owners like Terry, it only makes sense that 96% of all Subaru cars built in the last 12 years are still on the road today! Terry loves his Forester so much that he even plans on handing it down to his son Miles (that's really his name).

A memory in every mile.

000475

Going on tour with my band in '03, the Forester was my bus. I could load in all of my buddies and gear and still had room to pick things up on the way. An amazing time.

038000

Packing up the family and taking our first road trip. I tried never to take the same road twice and the kids loved it. They especially enjoyed seeing all the different landscapes through the big windows and giant moonroof.

102000

The joy of having two healthy kids is only surpassed by having our third. With a growing family, I know that they're always safe in my Subaru, and that one day, my son Miles will get the Forester to make his own memories.

127000

This past weekend, the kids and I set out for one last trip before they had to go back to school. In search of California's state fish, the golden trout, we car-camped with friends near Mono Pass and day-hiked into this incredible string of lakes known as Little Lakes Valley. We caught 25 fish within 3 hours. Rainbows, brookies and yes, the elusive golden trout! The kids were in heaven.

Some things are worth doing.

Subaru drivers display their passions on their sleeve, on their car and in the way they live. At Subaru, we support this by giving you the capability to go anywhere your passions may lead. But also by getting out there with people that get involved and make a difference in your world. Because what matters to you most, matters to us.

Our Commitment to Staying Green

Getting out there and protecting it is at the heart of all we do. This year we've introduced our first hybrid, the new 2014 Subaru XV Crosstrek Hybrid, as part of our commitment to staying green. Also available in every state, every 2014 XV Crosstrek and select Impreza, Forester, Outback and Legacy models are certified Partial Zero Emission Vehicles (PZEV).² A hard to achieve rating that means these vehicles are among the cleanest on the road. Plus, all our models are built in zero-landfill plants.

We try not to waste a thing.
Even waste.

In 2004, Subaru of Indiana Automotive, Inc. (SIA) became the first manufacturing facility in the U.S. to reach zero-landfill status and be designated a Backyard Wildlife Habitat. And every Subaru plant continues to use green suppliers, reduce manufacturing wastes and CO2 emissions. Subaru is also headquartered in a zero-landfill office in Cherry Hill, NJ.

In 2003, Subaru of Indiana Automotive, Inc. became the first automotive assembly plant to be designated as a Backyard Wildlife Habitat by the National Wildlife Federation. SIA's 800+ acres serve as a home for a wide variety of animals.

We've spent decades building relationships with those who believe in building a cleaner and greener world as much as we do. That's why we support organizations like Leave No Trace Center for Outdoor Ethics, United By Blue and Greensgrow Philadelphia Project.

Through our Share the Love sales events, new Subaru owners have helped us donate nearly \$25 million over the last five years to charities such as the Alzheimer's Association®, ASPCA®, Make-A-Wish®, Meals on Wheels Association of America® and USO. We look forward to continuing the trend in the years to come.

We are dedicated to supporting and improving surrounding communities through the Subaru of America Foundation (SOAF) and corporate contributions. Our combined efforts support youth-based initiatives in the areas of education, teen safe driving, environment, and local community projects. Established in 1984, SOAF has awarded more than \$7.8 million to programs across the United States.

Subaru hunger initiatives provided more than 330,800 pounds of food and fresh produce last year alone, with over 880,800 pounds over the last four years.

More than 33,000 teens have received training annually on dangers of impaired and distracted driving through the Subaru partnership with StreetSafe Driving Academy, New Jersey State Safety Council and Bryn Mawr Rehab Hospital.

Subaru recognizes and rewards the academic achievements of children of Subaru of America, Inc. employees and encourages them to further their higher education. Since 1996, SOAF's Scholarship Program has awarded 308 scholarships to employees' children totaling \$628,000.

Because it's not always what you give, sometimes it's what you hold back, Subaru builds fuel-efficient vehicles in ecologically minded plants. Subaru of Indiana Automotive, Inc. (SIA) is the first manufacturing facility in the U.S. to reach zero-landfill status. Subaru is also headquartered in a zero-landfill office in Cherry Hill, NJ.

Challenge met. Victory claimed.

Subaru Rally and RallyCross Racing

There has been no more punishing—and exciting—way to prove our engineering than rally racing. Challenging terrain from snow to gravel to tarmac and sometimes even air, has resulted in six World Rally Championships and seven in Rally America, including six in the last seven years. We've also added a Subaru PUMA RallyCross Team to take on new terrain.

Enthusiasm is contagious.

The love for a Subaru goes way beyond a wave to a fellow owner on the road. All over the world and all over the internet, loyal enthusiasts—united by their passion for life and for Subaru—gather for rallies, events, or just to talk about their favorite subjects.

Come on out. Happiness loves company.

Subaru owners are a unique bunch of people who tend to have one thing in common—they live life to the fullest. Being part of the Subaru family introduces you to all sorts of opportunities to get out there with others who share common interests and passions. Here are just a few of the events we've got planned.

See you there!

- Subaru Master the Mountain
- Northwest Flower & Garden Show
- Philadelphia Flower Show
- Subaru Cherry Blossom Festival
- Subaru and United By Blue River Cleanups
- Merrell Down and Dirty National Mud and Obstacle Series presented by Subaru
- Dining Out for Life
- Asian Heritage Street Celebration
- Mount Washington Observatory – Seek The Peak

- Pilots N Paws Animal Rescue
- Subaru Fall Festival at Greensgrow Farms
- Rally America National Championship Series
- Global RallyCross Championship
- Subaru Love-A-Pet Adoption Drive
- Reno River Festival
- Destination Wine Races – Wine Country Half Marathon Series
- Iceman Cometh Challenge Bike Race
- Run For Your Lives 5K Obstacle Race

Do a lot **on very little.**

MPG + AWD

Capable and fuel-efficient, Subaru vehicles are proof that you can have fun and great MPG, too. Just look at the Impreza, the most fuel-efficient AWD car in America,³ and the XV Crosstrek, the most fuel-efficient AWD crossover in America.⁴ Now more than ever Subaru vehicles help you do more with less impact on your wallet and the environment.

This brochure was printed with vegetable-based inks and produced using a "Green Printing Process" and FSC® standards. The Forest Stewardship Council™ (FSC) is an international organization that brings people together to find solutions which promote responsible stewardship of the world's forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 11 trees preserved for the future; 5,110 gallons of wastewater flow saved; 343 lbs solid waste not generated; 942 lbs net greenhouse gases prevented; 5,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

1. Based on Polk U.S. Vehicles in Operation registration information for MY 2001-2013 as of January 2013. 2. 2014 Subaru Impreza and XV Crosstrek 2.0i, Outback Forester, Outback and Legacy 2.5i, non-turbo models achieving a Partial Zero Emission Vehicle (PZEV) rating by the California Air Resources Board are available in all 50 states. Only those registered in California, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Rhode Island and Vermont will be eligible for the 15 years/150,000 mile emission warranty. Delaware, Oregon, Pennsylvania and Washington vehicles are not covered by the PZEV emissions control warranty. See your warranty maintenance booklet for additional information. 3. EPA estimated fuel economy for 2013 Subaru Impreza CVT at 36 highway MPG. Comparison based upon EPA estimated highway fuel economy for all 2012 AWD vehicles. Actual mileage may vary. 4. Based on EPA estimated highway fuel economy for 2013 Subaru XV Crosstrek CVT models compared to AWD vehicles within Polk's CUV segments. Actual mileage may vary. 5. Availability varies by trim level. See your dealer. 6. EPA estimated fuel economy for 2014 Subaru Outback 2.5i CVT models at 32 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 7. Activation and required monthly subscription sold separately. Includes 4-month trial subscription. See your dealer. 8. Compatible smartphone and free Aha app required. For Aha to operate, latest version of Aha application and optional integrated audio and navigation system unit required. Data provided by smartphone is displayed on navigation screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when vehicle is safely parked. Aha is a trademark of HARMAN International Industries, Incorporated. Your wireless carrier's rates may apply. 9. EPA estimated fuel economy for 2014 Forester 2.5i CVT at 32 highway MPG. Actual mileage may vary. 10. EPA estimated fuel economy for 2014 Subaru Legacy 2.5i CVT models at 32 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 11. EPA estimated fuel economy for 2014 Subaru Impreza CVT at 36 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 12. EPA estimated fuel economy for 2014 Subaru XV Crosstrek CVT at 33 highway MPG. Actual mileage may vary. Visit fuelconomy.gov for more information. 13. Ratings based on Insurance Institute for Highway Safety's (IIHS) 40-mile-per-hour moderate overlap frontal crash test, 31-mile-per-hour side-impact test, 20-mile-per-hour rear-impact test, and roof-strength test. For more information, contact IIHS or visit their website at www.iihs.org. 14. EyeSight is a driver assist system which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash.

14-LIFEBOOK.025 (S-14162-2, 65K, 7/13, CG)

Confidence is at our core.

Everywhere you turn.

Subaru Symmetrical All-Wheel Drive

A confident drive is the signature of every Subaru vehicle, especially when it's equipped with Subaru Symmetrical All-Wheel Drive. This unique system offers better balance for stability and a more efficient flow of power than other AWD systems, providing greater grip and giving you better traction and control.

All-weather Conditions

Traction and stability helps keep you connected to the road in adverse conditions.

Accident Avoidance

Being more responsive to the unexpected takes natural agility.

Spirited Handling

Dynamic steering and intuitive control comes from a near-perfect side-to-side symmetry.

Subaru Boxer Engine

The SUBARU BOXER® engine is remarkably different because it generates more than power. The pistons are laid flat in a horizontally opposed design, providing powerful yet smooth acceleration. And better yet, its design helps lower the vehicle's center of gravity for increased handling stability.

Horizontally Opposed Design → Smoother Operation

Durable Construction → Increased Reliability

Lower Center of Gravity → Greater Handling Agility

Now your safe Subaru is even safer.

"The only manufacturer with IIHS Top Safety Picks for all models, four years running (2010–2013)."¹³
—Insurance Institute for Highway Safety (IIHS)

 For more on EyeSight®
visit Subaru.com

The most important thing a Subaru can do is protect the people in it. We're always looking for better ways to do it, and now the 2014 Forester, along with 2014 Outback and Legacy, is available with an innovative driver-assist system that's watching the road with you: EyeSight.^{®14} Like a second pair of eyes for the road ahead, it watches for potential danger, warns you when it spots it, and can even apply brakes to help you avoid it.

Scan this QR code with your smartphone to see Subaru EyeSight® in action or go to subaru.com/eyesightvid

2014 Tribeca

You'll always remember the little things. The perfect restaurant you found in that tiny town. Ice cream victory celebrations with the kids. Sundays at the park with the dog. And your Tribeca is built to make them all happen, with room for up to seven and storage for all your belongings. And because no two road conditions are ever the same, the Subaru Symmetrical All-Wheel Drive system sends power to all wheels for maximum traction. Wherever you're headed, time spent together will be the time of your life.

2014 Outback

Not all who wander are lost. The Outback has what you need to explore whenever and wherever with confidence. Ample headroom and legroom, over 71 cubic feet of cargo space and adjustable roof rails with retractable cross bars, are just a few ways the Outback offers up the versatility you seek to take on any adventure. And with its SUBARU BOXER® engine, and Lineartronic® Continuously Variable Transmission (CVT) and rugged Subaru Symmetrical All-Wheel Drive, you get up to 30 highway MPG⁶ and car-like handling with SUV capabilities. So grab some gear, a few fellow adventurers and go make some stories.

"A 2013 IIHS Top Safety Pick Plus and Top Safety Pick
for four years running (2010–2013)."^{**}

—Insurance Institute for Highway Safety (IIHS)

^{**} Top Safety Pick Plus winners must earn good ratings for occupant protection in at least 4 of 5 evaluations, with no less than acceptable in the fifth test. Ratings based on Insurance Institute for Highway Safety's (IIHS's) 40-mile-per-hour moderate overlap frontal crash test, 40-mile-per-hour small overlap frontal crash test, 31-mile-per-hour side-impact test, 20-mile-per-hour rear-impact test, and roof-strength test. For more information, contact IIHS or visit their website at www.iihs.org.

Welcome to the family.

"Subaru has racked up more endorsements by independent arbiters of automotive quality and safety than just about any other manufacturer."
