BUICK RAINIER

Exploring the backwaters of Nubia. Off-roading in the Outback. Climbing into the foothills of the Himalayas. Lots of SUVs use exotic locations to prove their prowess. Buick designed Rainier for a more demanding scenario: trekking through the landscape of 21st century America. So Rainier has the size and strength to easily haul a face cord of firewood* or tow the family ski boat. But it also has a smooth, controlled ride to help you navigate pothole-filled urban pavement. A luxuriously refined interior with leather-appointed seats to make the trip to the cottage a pleasure. And a peaceful, quiet-tuned cabin to make anything from a freeway jam-up to being passed by a motorcycle gang a lot less stressful. If you're not planning a foray into the Himalayas, Rainier could well be the premium SUV that's precisely right for you.

*Cargo and load capacity limited by weight and distribution. See your Buick dealer for additional details. Buick Rainier shown in Black Onyx with optional equipment.

1 Official EPA estimates not yet available. Estimates based on GM testing. 2 Cargo and load capacity limited by weight and distribution. 3 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Buick dealer for additional details. 4 With available 4.10 rear axle ratio. 5 Always use safety belts and the correct child restraints for your child's age and size. Even in vehicles equipped with Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See the vehicle Owner's Manual and child safety seat instructions for more safety information. 6 Head-curtain side-impact air bags are designed to help reduce the risk of head injuries to outboard front- and rear-seat occupants during certain side-impact collisions. 7 Call 1-888-4ONSTAR (1-888-466-7827) or visit onstar.com for system limitations and details. 8 XM is available only in the 48 contiguous United States. Service fees apply. Visit gm.xmradio.com for more details. 9 Requires Bose speaker system. Navigation map only covers the 48 contiguous United States and portions of Canada and does not cover Alaska, Hawaii, Puerto Rico, or the U.S. Virgin Islands. 10 RDS functions only where stations broadcast RDS information. 11 Not available with Sun, Sound and Entertainment Package.
