Confidence

Aren't all Certified programs the same?

hile most manufacturers offer some type of certified program for pre-owned vehicles, this does not mean that they are all the same. Far from it. Major differences can be found in the inspection list, vehicle condition, and most importantly, the warranty. With an Acura Certified Pre-Owned Vehicle, you can rest assured that your vehicle meets only the most stringent qualifications, backed by a lengthy comprehensive warranty.

Acura Care

or even greater peace of mind, you might want to consider purchasing Acura Care Certified Additional Coverage. One program extends the non-powertrain equipment coverage for a total of 7 years, 100,000 miles from the date the vehicle was sold as new—the same as the powertrain coverage. Or you can increase your confidence interval further and extend both powertrain and non-powertrain coverage for a total of 8 years, 100,000 miles or even 8 years, 120,000 miles. It's your choice.*

The Inspection

Your Acura dealership considers only well-maintained, late-model Acura vehicles for certification

he search for your Certified Pre-Owned Vehicle starts with only the best late-model Acuras. CARFAX° Vehicle History Reports are carefully screened, then each candidate vehicle is put through a comprehensive 150-point inspection. Virtually every part of the vehicle is checked by Acura-trained dealer service technicians. A meticulous appearance inspection scrutinizes fit and finish—inside and out. Several of the key components checked include:

- Brakes
- Engine and drivetrain
- Steering and suspension
- Tires and wheels
- Exhaust system

CarFax®

A Vehicle History Report is provided with each Certified vehicle

Very Acura Certified Pre-Owned Vehicle comes with a free CARFAX* Vehicle History Report as standard equipment. Since its inception in 1986, CARFAX has built a database of more than 7-billion records that document whether a vehicle is a lemon buyback, has been salvaged, damaged by a flood, used as a taxi or rental car, had its odometer rolled back, as well as other pertinent facts that may affect the vehicle's safety and value. In addition, CARFAX will buy back any vehicle that turns out to have a severe problem reported by a state Department of Motor Vehicles that is not included on its Vehicle History Report.* It's a guarantee that makes buying a used car virtually as risk-free as buying a new car.
