NO TOY LEFT BEHIND

BEST-IN-CLASS 4x4 PAYLOAD¹ 1,600 LB

This versatile truck bed is built to carry everything to every place you dream of reaching, thanks to its Best-in-Class 4x4 payload¹ of 725 kg (1,600 lb). The 3-position tailgate, available spray-in bedliner, tonneau cover and 115-volt power outlet all add more function to your fun.

TRAILER HITCH ZOOM Get a close-up view of your trailer hitch when you're connecting or releasing your load via your Uconnect[®] screen. Works in tandem with the ParkView[®] Rear Back-Up Camera.² Available.

BEST-IN-CLASS 4x4 TOWING¹ 7,650 LB

Those who aspire to truly do more now have the means to make it happen with Best-in-Class 4x4 towing¹ of 3,469 kg (7,650 lb). Bring along your family camper, loaded-up trailer or boat. Then extend the adventure and make your dreams a reality.

Lower the gate and take advantage of a 206.5 x 113.8-cm (81.3 x 44.8-inch) load floor (with tailgate down) that can accommodate a whole lot of ATV fun. Well-positioned tie-downs help secure your load. LED bed lighting illuminates nighttime on- and off-loading.

Properly secure all cargo.

Properly secure all cargo.

LET'S BE HONEST ... SOME FUN THINGS CAN'T FIT IN ANY TRUCK BED. SO PUT WHEELS ON THEM, OR UNDER THEM, AND TOW THEM WITH STYLE AND CONFIDENCE IN A MADE-TO-PULL GLADIATOR.

MAX TOW PACKAGE WITH 4.10 AXLE RATIO Tow the maximum Best-in-Class 3,469 kg (7,650 lb)¹ with the help of this must-have package. It includes a 240-amp alternator, Dana® M210 wide front axle, Dana M220 wide rear axle, 4.10 axle ratio, heavy-duty engine cooling, Class IV hitch receiver, wide moulded-in-colour fender flares and Trailer Hitch Zoom². Available on Sport S models equipped with 8-speed automatic transmission.

PARKVIEW® REAR BACK-UP CAMERA WITH TRAILER HITCH ZOOM² Helps you align your hitch and see what you're doing while backing up to hook up a trailer. You can also keep an eye on anything in tow while in motion. Included with Max Tow Package with 4.10 Axle Ratio and Trailer Tow Package.

TRAILER TOW PACKAGE When you don't quite need the extreme capability of the Max Tow Package with 4.10 Axle Ratio, opt for this helpful system. Includes a 240-amp alternator, heavy-duty engine cooling, Class IV hitch receiver and Trailer Hitch Zoom.² Available on all models.

TRAILER SWAY CONTROL When you're towing valuable toys, it's critical to keep things under control. Trailer Sway Control helps improve handling should crosswinds or traffic become challenging. The system continuously monitors vehicle movement and adjusts brake pressure to individual wheels until you're moving safely forward once again. Standard.

TRAILER BRAKE CONTROL Raise or lower the brake pressure of your trailer brakes with the turn of a dial. Late availability.

Properly secure all cargo.

FEARLESS POWER GO EVERYWHERE. NOW.

3.6L PENTASTAR™ ENGINE This Award-Winning engine has worn the crown of Canada's Best-Selling Engine for six consecutive years⁵. It's designed to deliver powerful pull with welcome efficiency. Economies are realized via enhancements, including a two-step variable-valve-lift system specifically designed to remain predominantly in low-lift mode until more power is demanded, when it will quickly move into high-lift mode for improved combustion. Its cooled exhaust-gas recirculation and innovative weight-reduction strategies also aid efficiencies and power output while maintaining the smooth performance that's a recognized hallmark of the Pentastar™ engine.

8-SPEED AUTOMATIC TRANSMISSION The launch ratios for all eight gears have been optimized, tuning this 8-speed transmission to the exact structure, size and weight of Gladiator. Advanced software adjusts performance on the fly, based on variables such as temperature, cornering, hill grades, 4WD gears and towing. Smooth and virtually seamless shifts, both up and down, deliver a consistently smooth ride. Available.

6-SPEED MANUAL TRANSMISSION For those who prefer to really put themselves into every shift, this one's for you. It hands you low 1st and Reverse gears, which are great for off-roading, with a vent tube that can be moved to help safely traverse higher water-fording levels.⁶ It comes standard, matched to either a Command-Trac® 4WD system on Sport S and Overland® or paired with the Rock-Trac® 4WD system on Rubicon®.

WEATHERPROOF PUSH-BUTTON START The standard push-to-start button is protected by a water-resistant shield, so you're always able to start up and head out should the weather outside accidentally come inside.

REMOTE START SYSTEM⁷ Climb into a pleasantly pre-heated or pre-cooled Gladiator – 91-m (300-foot) range. Available.

REMOTE PROXIMITY ENTRY Keep the key fob in your pocket, and you can simply open the door, get comfortably seated with your foot on the brake, press the Start button and head out. Available.

TAKE IT ALL ON

NEVER AGAIN BE LIMITED BY WHAT YOU CAN BRING ALONG. EVERY CARGO-CARRYING DETAIL HAS BEEN DESIGNED TO MAXIMIZE CONVENIENCE, SIMPLICITY AND POSSIBILITY.

MORE THAN ENOUGH TOUGH A traditional steel bed utilizes four steel crossmembers to reinforce the load floor while the aluminum tailgate is damped. Utility and versatility are maximized with strong integrated tie-downs, under-rail bed lighting and an optional covered external power source.

SPRAY-IN BEDLINER This durable and attractive liner is available from the factory, helping to protect the cargo bed from whatever you can throw at it.

CARGO GROUP WITH TRAIL RAIL™ SYSTEM Keep cargo organized, secure and easily at hand. Three embedded rails with adjustable tie-down sliders run along the inside of the truck bed and behind the cab. This Group also includes a 240-amp alternator, lockable rear underseat storage, exterior 115-volt AC outlet and 400-watt inverter. The tie-downs allow you to mount a variety of available Mopar® add-ons, ranging from first-aid kits to pet kennels to secure storage bins and more. Available.

ROLL-UP TONNEAU COVER Keep valuables stored in your truck bed covered and protected. Made of extremely sturdy, water-resistant material, this cover rolls out from the cab and secures at the tailgate. You can flip back the last section to easily reach inside the bed without having to open the entire cover. Durable straps secure the tonneau in its rolled position. Available.

3-POSITION SOFT-OPEN TAILGATE

The lightweight aluminum tailgate is damped for safe and smooth opening and closing. It can be set in three different positions, allowing you to securely transport items of various sizes, including 4 x 8-foot (1.2 x 2.4-m) sheet goods.

ESSENTIALS

Every Gladiator comes equipped with integrated LED lights in the cargo bed, along with tie-down rings located at each corner. For added functionality, opt for the available 115-volt power outlet/400-watt converter with weatherproof cover.

JEEP® PERFORMANCE PARTS Forged by Mopar® and the Jeep® Brand, these factory-engineered products are specifically designed to enhance the off-road performance of 4WD Jeep Brand vehicles. From bumpers to axles to off-road lights, they're crafted to meet the needs of enthusiasts who demand the very best in capability and style. Find out more at mopar.ca

WHEN THINGS GET TECHNICAL

COLD WEATHER GROUP Outsmart low temps and chilly nights with this available group of essentials that includes Remote Start System,⁷ climate control system initiation, heated front seats with three levels of warmth and heated steering wheel. Available.

HILL START ASSIST
Travel uphill with confidence, knowing this standard feature will help keep Gladiator from rolling backward when starting on an uphill gradient.

SELEC-SPEED® CONTROL
During challenging off-road manoeuvres, Selec-Speed® Control helps drivers maintain a targeted speed of 0.96 km/h to 8 km/h while travelling in 4LO without requiring them to control the throttle or the brake, so they can better focus on their line. Included with automatic transmissions.

FORWARD-FACING OFF-ROAD TRAILCAM²

See what lies directly ahead of your vehicle with this front-facing camera.² The image is displayed on your radio screen, so you'll see bolder boulders in time to react. A washing nozzle helps keep the lens clean and view clear. Available on Rubicon.[®]

OFF-ROAD PAGES

Access real-time performance data and in-depth diagnostics. See how Gladiator is performing during challenging situations. Stats include data on axle lockers, pitch/roll angles, transfer case, coolant and oil temps, and much more. Available.

OFF-ROAD ELECTRONICS

The Gladiator Rubicon gives you optimal control when you ride the trails. Its Electronic Front Sway Bar Disconnect System operates with the flip of a switch, allowing the front suspension to articulate up to 30 percent more at speeds below 28 km/h (18 mph). Tru-Lok[®] locking differentials in the front and rear help maintain forward momentum on challenging terrain.

RUBICON IN BILLET SILVER METALLIC

EVERY GLADIATOR ROLLS OFF THE LINE WITH THE GOODS TO ROLL OVER JUST ABOUT ANY TERRAIN YOU MAY ENCOUNTER. EACH ONE CARRIES THE TRAIL RATED® DESIGNATION AS PROOF OF RIGOROUS DESIGN SPECS AND TESTING WHILE OFFERING AN UNMATCHED LIST OF STANDARD AND AVAILABLE 4x4 GEAR.

CAPABILITY

TRU-LOK® DIFFERENTIALS

Front and rear electronic-locking differentials deliver maximum torque to both wheels, maintaining forward momentum for the ultimate in 4WD traction. An instrument panel-mounted rocker switch can lock either the rear or both axles. Paired with the Rock-Trac® 4WD system on Rubicon®

ROCK-TRAC® 4x4 SYSTEM

Rubicon rides with this extreme 4WD system. Its 4:1 low-gear-ratio transfer case allows Gladiator Rubicon to crawl at a low speed for greater control and increases the amount of torque available at the wheels. Standard on Rubicon.

OFF-ROAD+ This advanced system will automatically adjust performance parameters for the terrain Gladiator is travelling on, whether you're driving in 4HI (Sand/Mud) or 4LO (Rock Crawling). The system allows Gladiator to drive at high speeds in high range with the rear axle differential locker engaged. Press the Off-Road+ button, and the system communicates with the vehicle to identify the terrain you're travelling over and then modifies ride specs so you're travelling at optimum levels. Standard on Rubicon.

FRONT SWAY BAR DISCONNECT SYSTEM

Flip a switch and the sway bar can be disconnected in 4LO, allowing the front suspension to travel up to an additional 30 percent. It automatically reconnects at speeds above 29-km/h (18-mph) optimum levels. Standard on Rubicon.

FOX® SHOCKS Race-proven and factory-tuned precision valving provides a comfortable on-road ride and predictable off-road handling in even the toughest conditions. Standard on Rubicon.

33-INCH FALKEN® TIRES Gladiator Rubicon arrives with Falken® Wildpeak A/T tires that perform well on- or off-road and in all weather conditions. The available Falken Wildpeak M/T tires are designed to excel in the most extreme off-road situations. In addition, the spare tire storage under the truck bed can hold a tire of up to 35 inches in size.

SELECTABLE TIRE-FILL ALERT When removing air from tires for off-road situations, the system will chirp the horn when a pre-selected air-down pressure is reached. When adding air back to tires, it chirps the horn upon reaching the recommended pressure. Available on Rubicon.

COMMAND-TRAC® 4x4 SYSTEM

For off-road and all-weather capability, this part-time, shift-on-the-fly system divides torque 50/50 between front and rear axles for tough traction. The transfer case shifts smoothly from 2WD to 4WD at speeds up to 72 km/h (45 mph). For serious rock-crawling, its 2.72:1 low range ensures confidence. Standard on Sport S and Overland®

SELEC-SPEED® CONTROL

Manages vehicle speeds of 0.96 km/h to 8 km/h (0.6 mph to 5 mph) in 4LO while traversing off-road terrain without requiring the driver to control the throttle or the brake, allowing the driver to focus on steering the vehicle in off-road situations. Included with 8-speed automatic transmission.

[A] FORWARD-FACING TRAILCAM® Mounted within the grille, provides an up-close view of the trail directly in front of your vehicle, helping you navigate over and around obstacles. Available on Rubicon®

[B] OFF-ROAD PAGES Access real-time performance data, like suspension travel or keep an eye on your pitch-and-roll. In-depth vehicle diagnostics, including wheel turn, articulation and transmission temperature, all help to provide an optimized experience. Available.

[C] HILL START ASSIST Works to prevent Gladiator from rolling when starting on an uphill gradient. Standard.

[C] UNDER ARMOUR Heavy-gauge steel rock rails provide additional rocker panel and bed protection on Rubicon, while up to four skid plates/bars, made from lightweight high-strength steel, protect the underbody. Standard.

[D] TOW HOOKS Gladiator Sport S and Overland get two up front and one in back – all painted Black. Rubicon has two in front and two in the rear – all painted Red.

STEEL BUMPERS Built with ultra-strong steel to take the punishment of the trails. The front bumper can accept a winch, features integrated LED fog lamps, and has removable end caps to help manoeuvre through tight spots. Available on Rubicon.

[E] JEEP PERFORMANCE PARTS Just when you thought it wasn't possible to add more capability. Discover a full range of add-ons at mopar.ca

- JEEP PERFORMANCE PARTS WITH RUBICON WINCH
- GRILLE AND WINCH GUARD HOOP
- 7-INCH OFF-ROAD LED LIGHT KIT
- 2-INCH LIFT KIT WITH FOX® SHOCKS
- SNORKEL KIT

WELL-PREPARED FOR EVERY QUEST

RIDE EASY, EVERYWHERE

Sit back and really enjoy the drive thanks to the many thoughtful touches designed into this cabin. Gladiator gives you lots of cushioned support, smart tech elements and an array of clever storage features that add enjoyment to every ride, whether it's a long haul or a quick spin to the corner store.

SEATBACK MOLLE GRID (RUBICON® ONLY)

*Available.

*Available.

Properly secure all cargo.

HEATED FRONT SEATS

You have three adjustments to choose from for each seat, so you can tailor your level of warmth to weather conditions and personal preference. Available.

HEATED STEERING WHEEL

Set this optional feature to automatically warm the full 360° circumference of the wheel when temps dip. Available.

HEATED MIRRORS

Keep ice from building up and blocking your view with the safety and security of heated side mirrors. Standard.

ALPINE® PREMIUM AUDIO SYSTEM

Experience immersive sound with nine speakers that include an overhead sound bar, a rear subwoofer and a 552-watt amplifier. Available.

[A] WASH-OUT INTERIOR

Not only is the carpet weather-resistant, it can be removed to reveal drain plugs that, when removed, allow the floor to be easily hosed out. Standard.

[B] AUXILIARY SWITCH GROUP

This bank of four switches is pre-wired from the factory to accept accessories like off-road lights and a winch. Available.

[C] LOCKABLE REAR UNDERSEAT STORAGE BIN

Hidden areas under and behind the rear-seat bench offer secure, lockable, removable, out-of-sight storage for valuables. They include two independently locking doors, movable dividers and a carry handle. Available.

[D] JEEP UTILITY GRID SYSTEM™

Built into the seatbacks of Gladiator Rubicon® are exclusive grids that support the addition of flexible storage. Strong nylon-woven straps will accommodate standard MOLLE-style bags. Available.

[E] PORTABLE BLUETOOTH® SPEAKER

Tucked behind the rear seat is a removable, weather-resistant, 10 x 5.5 x 2.75-inch Bluetooth® speaker you can take outside the cabin. Control buttons allow volume control, play/pause and pairing, while a USB charging port and auxiliary cable input extend functionality. Great for tailgating and camping. Available.

Properly secure all cargo.

Apple CarPlay shown on touchscreen.

INSPIRED BY JEEP® BRAND HERITAGE, THIS INTERIOR IS INFUSED WITH MODERN DESIGN, PREMIUM AND RUGGED MATERIALS, CREATURE COMFORTS AND THE LATEST LEAPS IN MUST-HAVE TECHNOLOGY.

UCONNECT® 4C NAV WITH 8.4-INCH DISPLAY

A large high-definition touchscreen offers smartphone integration, navigation, real-time stats with Off-Road Pages, and a full range of SiriusXM services, like music, weather and traffic. Available on Overland® and Rubicon®.

7-INCH DRIVER INFORMATION DISPLAY

Front and centre in the gauge cluster, you'll find a wealth of scrollable vehicle data in full colour that you safely control via steering-wheel buttons. Standard on Overland and Rubicon. Available on Sport S.

DUAL-ZONE AUTOMATIC TEMPERATURE CONTROL

Constantly adjusts air temperature inside the cabin to create separate customized environments for driver and front passenger. Standard on Overland and Rubicon. Available on Sport S.

Properly secure all cargo.

Uconnect®

UCONNECT® BRINGS A WIDE RANGE OF COMMUNICATION AND ENTERTAINMENT SERVICES STRAIGHT INTO YOUR VEHICLE, ALL BUNDLED TOGETHER WITHIN A ROBUST SYSTEM. WITH SO MANY CONVENIENT OPTIONS TO CHOOSE FROM, DISCOVER HOW YOU WOULD LIKE TO CONNECT AT DRIVEUCONNECT.CA

NAVIGATION Dinner reservations at the new place in town? Uconnect employs GPS Navigation⁹ for audible turn-by-turn directions, and detailed 3D maps help ensure you arrive on time. Use Integrated Voice Command¹⁰ and say the complete address to get directions quickly. Available.

ENTERTAINMENT Listen to your favourite playlist from your connected device, then flip to SiriusXM satellite radio⁸ and enjoy the best commercial-free music, plus every major sport and the biggest names in entertainment, news and comedy. You'll get over 120 channels, all at the press of a button. Available.

TOUCHSCREEN CONTROLS Set temperature controls, activate heated seats and steering wheel, and so much more – all from the touchscreen. A drag-and-drop menu allows you to highlight your top six favourite features and services so they're always in sight on your 8.4- or 7-inch Uconnect touchscreen display. Available.

4G WIFI HOTSPOT¹¹ All along the way, you can upload and download, post and search. Uconnect with available WiFi¹¹ links compatible devices to the Web so passengers can stay in play. Available.

EMERGENCY HELP In the event of an incident, push the SOS button.¹² You'll be connected to a SiriusXM Guardian¹³ agent who contacts 9-1-1, provides your location and stays on the line with you until help arrives. Roadside Assistance Call¹⁴ puts you in touch with an agent who can get you help while you're out on the road. Both safety features are available with SiriusXM Guardian¹³.

NEW HOME-TO-CAR CONTROL WITH AMAZON ALEXA With SiriusXM Guardian¹³ services, you can command your Jeep[®] Gladiator using your voice with the Jeep skill¹⁵ for Amazon Alexa. Just ask Alexa on an Alexa built-in device from the comfort of your home.

"Alexa, ask Jeep Gladiator to start my car."

"Alexa, ask Jeep Gladiator how much gas is in my car."

"Alexa, ask Jeep Gladiator to find the nearest gas station."

"Alexa, ask Jeep Gladiator to send (address) to my car."

SIRIUSXM SATELLITE RADIO⁸ With SiriusXM⁸ you get over 120 channels, including commercial-free music, plus sports, news, talk and entertainment. You can also listen wherever you go on your portable devices with the SiriusXM App⁸ which is included with your one-year trial subscription. Available.

SIRIUSXM TRAVEL LINK⁸ Access useful information when you need it, right at your fingertips. Get detailed weather maps, five-day forecasts and severe weather alerts, as well as sports scores and in-game weekly schedules on your favourite teams, information on fuel prices in your area, and more. Your first five years of SiriusXM Travel Link⁸ are included. Available.

WITH YOU WHEREVER YOU GO Trips are enhanced with informative and entertaining apps. Access them on your Uconnect® touchscreen as well as your smartphone. Connected technology keeps you linked to a whole new world.

PHONE/TEXT

Make hands-free phone calls¹⁰ or use your voice to send a text. Pair up to 10 Bluetooth®-enabled phones. See a visual prompt of incoming calls or texts and send an automated reply.

Bring the best of Google™ along with you in your Uconnect system.²⁰ Easy touchscreen navigation and voice recognition let you access Google Play Music, get directions with Google Maps™ and ask your Google Assistant any question on the go, at any time. Available.

Display your favourite iPhone apps right on your Uconnect touchscreen.²⁰ Access your iTunes library, call anyone in your contacts list or just ask Siri²¹ to help you out while you drive. Get directions, make calls and send messages, and connect to Apple Music, all without pausing your journey. Available.

SIRIUSXM GUARDIAN¹³ Drive worry-free with SiriusXM Guardian¹³ – a premium suite of safety and convenience services that can be accessed in-vehicle or through the Uconnect App. Includes a one-year trial. Available.

SIRIUSXM GUARDIAN¹³ SERVICES + UCONNECT® APP

NO OTHER TRUCK SHEDS ITS INHIBITIONS LIKE GLADIATOR. IT HAS AN IMPRESSIVE LIST OF FEATURES THAT BRING THE OUTSIDE IN, PROVING THAT GLADIATOR TRULY IS OPEN FOR ANYTHING.

WE'RE BLOWING THE DOORS, ROOF AND WINDSHIELD OFF THE MID-SIZE TRUCK CATEGORY

SUNRIDER® SOFT TOP

Choose your mood: remove the rear window to retain shade from the sun, flip back the upper section for a fully open roof or remove the entire top altogether.⁴ With a spring-assisted and zipperless design, Sunrider® allows you to become one with the sun or stars. Also available with premium fabric that is thicker, richer in colour and easier to clean. Sunrider is crafted from heavy-duty waterproof cloth material and available in Black. Standard on Sport S and Rubicon.[®]

FOLDING WINDSHIELD⁴

Feel the wind on your face and get a clearer view of the trail by removing just four bolts, folding the windshield down⁴ and securing it with available straps.

DESIGNED FOR EASY TRANSFORMATIONS

Every open-air feature was developed with ease and convenience in mind so you can spend more time enjoying fresh air. That's why the windshield only requires four bolts to lower⁴ and why the doors have the size of the required Torx® bit debossed into the hinges. Gladiator includes a tool kit and storage for all bolts under the rear seat. When you get the available Freedom Top®, a Freedom Panel storage bag is included for the removable panels.⁴

EASY-TO-REMOVE FREEDOM TOP® 3-PIECE MODULAR HARDTOP⁴

Lightweight and easy to take off, you can remove just the two front panels or all three sections.⁴ The rear glass incorporates a defroster and manual-sliding window. Also comes with a Freedom Panel storage bag and can be optioned with insulating headliner panels. Standard on Overland.[®] Available in Black on Sport S and Rubicon[®] or in body-colour on Overland and Rubicon.

JEEP PERFORMANCE PARTS

Add even more open-air options with a variety of accessories displayed at mopar.ca

OPEN-AIR ACCESSORIES INCLUDE:

- TUBE DOORS
- SUN BONNET
- MESH SUN BONNET

Properly secure all cargo.

GLADIATOR ENVELOPS YOU WITH MORE THAN 80 STANDARD AND AVAILABLE SAFETY AND SECURITY FEATURES. REMAIN CONFIDENT DRIVING IN ALL WEATHER CONDITIONS, THANKS TO THE STRENGTH OF A DESIGN THAT EMPLOYS BOTH PASSIVE AND ACTIVE SAFETY SYSTEMS.

BLIND-SPOT MONITORING AND REAR CROSS-PATH DETECTION²

Maintain a safe perimeter with the help of these sensor systems. Chimes and illuminated icons notify you when side or rear blind spots are encroached. Available.

PARKVIEW[®] REAR BACK-UP CAMERA²

When the vehicle is in Reverse, the Uconnect[®] screen displays a wide-angle view of what's immediately behind your vehicle. On-screen dynamic grid lines help you see your back-up path or line up a trailer to your hitch. Standard.

PARK-SENSE[®] REAR PARK ASSIST SYSTEM²

Works in tandem with the ParkView[®] Rear Back-Up Camera² to bring previously hidden objects to your attention with an audible warning so you have time to react. Available.

ELECTRONIC STABILITY CONTROL (ESC)^{2,22}

A vehicle-wide network of safety sensors helps maintain vehicle control, providing instant aid should it detect you veering off your intended path. ESC²² coordinates a range of safety systems, sending them into action when needed. Standard.

TRAILER SWAY CONTROL (TSC)

Crosswinds and traffic hold no sway over you and your payload. As part of ESC,²² TSC helps keep you and the toys you tow safely on course. Standard.

FORWARD COLLISION WARNING PLUS²

Utilizes radar and sensors to video-detect when you may be approaching another vehicle too rapidly. An audible and visual alert is given, or assists the driver in mitigating a potential collision. Available.

ADAPTIVE CRUISE CONTROL WITH STOP²

The system automatically adjusts cruising speed to maintain a pre-set distance between you and the vehicle ahead, and can bring Gladiator to a complete stop without driver intervention to help avoid a collision. Available.

LED LIGHTING GROUP

Maintain a unique – and safe – presence after dark, and add extra visual security during the day. The traditional round headlamps are equipped with striking daylight running lamps (DRLs), and the Group's LED headlamps, taillamps and front LED fog lamps enhance visibility. Available.

ULTRASONIC AND ANTI-TILT SECURITY SYSTEM

The alarm is activated by virtually any unauthorized movement, such as wheel removal or towing; illegal opening of a door, hood or swing gate; ignition start; cutting of battery leads; or motion inside the cabin. Available.

BODY STRENGTH

The exceptionally solid safety cage consists of high-strength steel paired with lightweight aluminum, making Gladiator lighter in weight while still providing a very strong chassis. Standard.

FORWARD-FACING OFF-ROAD TRAILCAM²

This front-mounted camera gives you a close-up view of the trail directly in front of Gladiator so you can spot challenging objects in time to outmanoeuvre them. A "Clean Camera" button in the radio helps keep the lens free of dirt. Available on Rubicon.[®]

HILL START ASSIST (HSA)

Take to the hills fully loaded with confidence and a bed filled with goods. HSA works to prevent Gladiator from rolling back when starting on an uphill gradient. Standard.

UCONNECT[®] INTEGRATED VOICE COMMAND¹⁰ WITH BLUETOOTH[®]

Multitasking is the way of today's world, even when you're on the road. This important safety and security feature allows drivers to safely send, reply or listen to a text, take or make phone calls and more, while keeping both hands on the wheel!¹⁰ Standard.

SIRIUSXM GUARDIAN^{1,3} WITH SOS CALL^{1,2} AND ROADSIDE ASSISTANCE CALL^{1,4}

Provides help in the event of an emergency while out on the road. Press the SOS button on the rearview mirror to be connected to an agent who can direct emergency assistance to your location.^{1,2} Press the Assist button on your rearview mirror followed by the Roadside Assistance button on your touchscreen to speak to an agent who can send roadside help.^{1,4} Available.

ANTILOCK BRAKE SYSTEM (ABS) WITH HEAVY-DUTY BRAKES

Senses and helps prevent wheel lockup while braking, offering improved steering control in slippery conditions. When rough road is detected, ABS adjusts to maximize braking on a loose surface. Standard.

BRAKE-LOCK DIFFERENTIAL SYSTEM

Allows the vehicle to maintain forward motion if up to three wheels lose traction by selectively and aggressively applying brakes to the spinning wheels. Standard.

Properly secure all cargo.

INSPIRED DESIGN

Jeep®

(1) Based on the *WardsAuto* Small Pickup 4x4 Crew Cab segmentation. When properly equipped. (2) This is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of his/her surroundings and be prepared to take corrective action to avoid collisions. (3) Based on the *WardsAuto* Small Pickup 4x4 Crew Cab segmentation. Based on available front and rear locking differentials, cab and bed rock rails, disconnecting sway bar, two front and two rear tow hooks, 4:1 transfer case, 33-inch off-road tires, skid plates and off-road camera. (4) Be sure to follow all instructions in the Owner's Manual for removal of top and doors, and lowering of windshield. Driving with doors off and windshield down is for off-road use only. (5) Based on IHSMarket Automotive Canadian New Vehicle Total Registrations for combined years 2013 to CYTD August 2018. (6) Do not attempt water fording unless depth is known to be less than 76 cm (30 inches). Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (7) Only available with automatic transmissions. (8) Requires SiriusXM radio subscriptions governed by SIRIUS terms and conditions available at www.siriusxm.ca. (9) Never program while driving. GPS mapping and available 3D navigation may not be detailed or available in all areas or reflect current road regulations. (10) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Voice commands of phone require a Bluetooth-compatible phone. (11) Three-month/1GB trial included with the purchase or lease of a new vehicle. Upon expiration of the trial period, purchase of a subscription is required. WiFi Hotspot available through third-party subscription. Requires Internet-enabled mobile device. See retailer for details. This feature is not intended for use by the driver while the vehicle is in motion. Always drive carefully. (12) In the event of a medical or other emergency, press the SOS button to be connected to a Customer Care agent who can direct emergency assistance to your vehicle's location. (13) All SiriusXM Guardian-equipped vehicles come with a 12-month trial effective on the date of purchase or lease of a new vehicle. Enrollment in the trial is required to receive service. Upon expiration of the trial period, purchase of a subscription is required to continue SiriusXM Guardian. Services can only be used where cellular coverage is available. See Uconnect and SiriusXM Guardian Terms of Service for complete service limitations. (14) Roadside Assistance Call provides direct calling to Roadside Assistance Service. Vehicle must be within the United States, Puerto Rico or Canada and have network coverage. Additional roadside assistance charges may apply. Check warranty for details. (15) Compatible with properly equipped Uconnect systems on eligible vehicles. Requires registration of vehicle to SiriusXM Guardian-connected devices and fulfillment of minimum subscription requirements. Late availability. Amazon, Alexa and all related logos and marks are trademarks of Amazon.com, Inc. or its affiliates. (16) To use Vehicle Finder, you must have the Uconnect App with SiriusXM Guardian installed on a compatible smartphone and have an active subscription to SiriusXM Guardian. (17) Send & Go requires a vehicle equipped with Uconnect 8.4 NAV or Uconnect 4C NAV unit. To use Send & Go, you must have the Uconnect App with SiriusXM Guardian installed on a compatible smartphone and have an active subscription to SiriusXM Guardian. (18) Theft Alarm Notification is compatible with factory-installed alarms only. (19) Stolen vehicle police report required. (20) Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice controls, when it is safe to do so. Apple CarPlay requires a compatible iPhone connected via USB cable to the Uconnect system. Android Auto requires the Android Auto App on Google Play and an Android-compatible smartphone running Android 5.0 (Lollipop) or higher. Data plan rates may apply. (21) Requires compatible iPhone. See retailer for phone compatibility. Data plan rates apply. (22) No system can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behaviour to prevailing road conditions.
