

# MASERATI

CERTIFIED PRE-OWNED

CERTIFIED PRE-OWNED PROGRAM BY MASERATI

# UNRIVALLED PERFORMANCE, EXCLUSIVITY AND STYLE PROPEL EACH MASERATI. AND HAVE DONE SO FOR ALMOST A CENTURY.

To see one on the road is to witness rolling sculpture envied by all – the appeal of thoroughbred engines mated with legendary Italian design and exquisite interiors. Assembled with the craftsmanship of artisans, a Maserati – new or pre-owned – makes for a singular automotive experience.

A Certified Pre-Owned Maserati is a rarity. It demonstrates a love for distinction, an affinity for art in design. It's that often-forgotten thrill of having an automotive dance partner that moves with you.

The Maserati story began more than 95 years ago, during the glory days of the grand European races. The story is even more compelling today. The Maserati renaissance of modern, award-winning automobiles is now available in Certified Pre-Owned models, providing greater opportunity and more choices for you to enjoy a unique brand of automotive passion. Each example has undergone a full inspection, and comes through with a **champion's pedigree**.

**All Certified Pre-Owned Maserati automobiles must fulfill** a litany of requirements in order to qualify.

You will only see Maserati automobiles with less than 50,000 miles, cars from model-year 2007 and newer, and only cars that clear a report from a nationally-known provider of background and ownership history. Vehicles that have been modified or tampered with at any point do not qualify.

Every Certified Pre-Owned Maserati graduates from an exhaustive test regimen performed exclusively by factory-trained technicians. The engine is the beating heart and soul of a Maserati, and these 4.2- and 4.7-liter, 400-plus-horsepower Ferrari-engineered V8 marvels start the test process off with checks for idle quietness, smoothness of operation and power delivery. Points for evaluation then include seven separate paint characteristics, 23 body requirements, 15 specific interior grading points and 21 distinct verifications during road testing. Technicians remove any sub-par part or system, and recondition the car to factory standards. Otherwise, the vehicle simply does not pass the test and cannot become Certified.

Even after each Maserati is Certified and even after the sales papers are drawn up, there is yet another six-point delivery preparation before you drive your car home. Plus, you will drive home with an additional 2 years or 50,000 miles of driving under the security of a factory-backed limited warranty.

---

**Only vehicles originally imported by Maserati North America, Inc.** and serviced under the factory guidelines are eligible to participate in the Certified Pre-Owned program. Each authorized Maserati dealer enrolls its own candidates for Certification, ensuring that your dealer controls the enrollment, inspection, reconditioning, inventory, sale and delivery of your vehicle from start to finish. Your authorized Maserati dealer knows that car inside and out, so that you can enjoy even greater confidence in your purchase.

Maserati Certified Pre-Owned Warranty coverage provides an additional 2 years or 50,000 miles to any balance of existing New-Car Warranty coverage that remains, for a total of 6 years or 100,000 miles. Engine, transmission, suspension, steering and systems for braking, cooling, fuel delivery, electrical and climate control are all covered under the Maserati Certified Pre-Owned Warranty. In addition, the Maserati Certified Pre-Owned Warranty can be transferred to subsequent owners, representing added value to your purchase. As well, Maserati Roadside Assistance provides exactly the same services to Certified Pre-Owned vehicle owners as for new Maserati vehicle owners. **Clearly, the beauty here is more than skin deep.**

---

## QUATTROPORTE

---

**The Maserati flagship.** The Quattroporte is a masterstroke of design from Pininfarina that transcends mere fashion. Phenomenal power, inspired handling and sumptuous, custom-tailored interiors conspire to produce day-in and day-out driving exhilaration. Six airbags and numerous other safety engineering features help provide a high degree of confidence. Remarkably, the Quattroporte offers the seemingly impossible: The uncompromised performance of a true Grand Touring car in what some have called the most beautiful sedan in existence. Powered by either a 4.2-liter 400-horsepower V8, or a 4.7-liter 425-horsepower V8, Maserati double-overhead camshaft, 32-valve engines almost make the sophisticated Bose® audio system superfluous.

## GRANTURISMO

---

The award-winning **GranTurismo** is a modern, four-seat coupe that continues the Maserati tradition of combining high performance and dramatic style. The GranTurismo's power and elegance, strikingly contemporary design in a world of sameness, its rarity, and yes, even practicality, are unique in the automotive pantheon. The race-bred engines – either the 4.2-liter 405-horsepower V8 or the 4.7-liter 433-horsepower V8 – deliver the power of a competition motor, yet reward the driver with everyday refinement. Indeed, Poltrona Frau™ leathers, authentic wood and luxurious interior trim make the GranTurismo experience much more than just an exotic fling.

THE CERTIFIED PRE-OWNED INSPECTION REGIMEN INCLUDES THE FOLLOWING (THOUGH NOT A COMPLETE LISTING):

---

**EXTERIOR**

- Chips, scratches, dents in paint
- 12 unibody points of inspection including inner fenders, engine rails, roof pillars, rockers, quarter panels, axle mountings, floor pan, tail panel, etc.
- 11 body inspections including bumpers, hood, doors, sunroof, antenna, trunk, battery well, fuel-filler door, body panel alignment, etc.
- Wheels/tires
- All exterior lights
- Windshield, side, rear and mirror glass

**MECHANICAL**

- Brake rotors/calipers
- All fluids
- Exterior mechanical items including wipers/washers, keys, power windows, door handles and hinges, locks, alarm, child locks, trunk lid and engine hood gas shock
- Undercarriage including suspension, steering, exhaust system

**INTERIOR**

- Weather seals, carpeting/floor mats, wood trim, cupholders, glovebox, seats and seat functions, seatbelt assemblies, headliner, airbags, hood release

**STATIONARY ROAD TEST**

- Stationary road test including driver's seat functions, mirrors, multi-media system, navigation system, on-board computer, steering wheel, pedal function, gearshift function, parking brake function, ventilation system

**DYNAMIC ROAD TEST**

- Dynamic road test including engine performance, transmission shifting, cruise control, handling performance, braking performance, gauges, parking sensors

## YOUR MASERATI AWAITS

---

At Maserati Financial Services, we understand the allure and mystique of Maserati ownership, and take pride in delivering financial products that help make the vision of ownership a reality. We offer a complete line of competitive financing packages. Choose from flexible financing programs that support full ownership at the end of a contract, or leasing options with lower monthly payments. Maserati Financial Services can even tailor a unique financing package to your needs.

With Maserati North America's database of eligible 2007 and newer models, Maserati Certified Pre-Owned vehicles are exclusive to authorized Maserati dealers. We are eager to work with you to locate the car of your dreams. Let our team of experienced professionals help bring your vision to reality today.

Consult your authorized Maserati dealer so that you can enjoy the drive, **share the passion** and become part of the renowned marque's colorful history.

“I ALWAYS HAD A SPECIAL RELATIONSHIP WITH MASERATI:  
NOT ONLY WERE THE CARS...RELIABLE AND ALWAYS  
ABSOLUTELY TECHNICALLY AVANT-GARDE, BUT THERE WAS  
A VERY SPECIAL FRIENDSHIP AND ATMOSPHERE BETWEEN  
MYSELF AND THE MARQUE.”

JUAN MANUEL FANGIO
