MERCEDES-BENZ IN-VEHICLE HOTSPOT

Take the Internet Anywhere on the Road

01 Mercedes-Benz In-Vehicle Hotspot

Checking your email and browsing the web is not a problem when you're in the office or from the convenience of your home. However, this is a different story when you're traveling on the road. With the Mercedes-Benz In-Vehicle Hotspot you can add internet connectivity to your vehicle. The In-Vehicle Hotspot allows you to connect up to four wireless end devices such as a laptop, tablet PC, or mobile device at the same time for a fast and secure internet connection. The router is securely installed in the vehicle's trunk. An encrypted password ensures limited access to your wireless connection.

May require an initial activation fee and monthly service subscription. Only available for Sedan.

The hotspot allows you to connect up to four wireless end devices such as a laptop, tablet PC, or mobile device at the same time for a fast and secure internet connection.

IPAD® DOCKING STATION

02 iPad® Docking Station

Mobile entertainment with your C-Class Sedan and your iPad®: Watch movies, play music, view pictures, play games, surf the internet, all from the convenience of your iPad® without having to hold it in your hands. The Mercedes-Benz iPad® Docking Station securely holds your iPad® in place behind the passengers' headrests. Enjoy a high-speed connection in conjunction with the Mercedes-Benz In-Vehicle Hotspot. (iPad® Docking Station and In-Vehicle Hotspot sold separately.) Not only will your iPad® be held securely in place, the docking station also provides charging capability to ensure you stay connected on the road. For optimum viewing, the iPad® Docking Station can be rotated up to 90 degrees and be tilted.

Docking station sold individually for one iPad®. Not in conjunction with Rear-Seat Entertainment System (Code 864) or Pre-Wiring (Code 866). iPad® is a registered product of Apple Computer. All devices sold separately. iPad® Docking Station also charges iPad® devices which support USB charging only. Only available for Sedan.

REAR-SEAT ENTERTAINMENT

Being a passenger has never been so entertaining.

A range of multimedia connections, two sets of infrared headphones and a remote control included – the Rear-Seat Entertainment System offers everything you need for in-car entertainment.

03 Rear-Seat Entertainment System

This high-performing entertainment system allows the rear passengers to watch DVDs, look at their favorite pictures and even play video games. Two superb 7" LCD color screens are mounted to the back of the seat just behind the headrest to eliminate driver distraction, function independently with integrated DVD players and are able to play two different movies or music choices simultaneously, allowing each rear passenger to select their own individual entertainment. Wireless noise-reduction headphones allow for tangle-free operation, easy storage and less noise distraction for the driver. A wide range of popular media formats are supported for image, music and video files. The USB and SD card interfaces allow further storage media to be connected with the Rear-Seat Entertainment System. No factory-fitted pre-installation required. Only available for Sedan.

04 SD Memory Card

The COMAND system and Rear-Seat Entertainment System in your C-Class feature a slot for SD Memory Cards. Use the SD Memory Card as a convenient way to play music. Can also be used in other compatible devices such as digital cameras.

Card capacity: 2GB | Read speed: 12.5 MB/s | Write speed: 5.5 MB/s

ACCESSORY NAVIGATION SYSTEM

Your Vehicle is Navigation Ready.

01

01 Accessory Navigation System

The Accessory Navigation System from Mercedes-Benz allows the Standard Audio 20 Radio and 5.8-inch display in the C-Class to be upgraded to an innovative, multifunctional navigation system. In addition to the advantages of 3D GPS map navigation and included lifetime traffic, the Accessory Navigation System offers a variety of many other navigation functions such as recommendations for choosing the optimal lane. Additionally, highway signs and exit ramps are displayed on the navigation screen, as well as actual road signs and lane information. The destination can easily be selected by moving the cursor to a location on the map or simply by using the ZIP code or address entry. All of these functions can be accessed and operated using the vehicle's conveniently located central controller.

MERCEDES-BENZ NAVIGATION MAP UPDATE

More than a Map™

02 Navigation Map Update

The Mercedes-Benz COMAND Navigation System is a fully integrated system that combines Global Positioning System (GPS) technology with electronic mapping software to help you plan trips, navigate detours and avoid getting lost. GPS satellites continuously track your vehicle's location and the system relies on mapping information in order to give you the most accurate and efficient routes. Notice however, how quickly the surroundings change: roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data the system relies on changes every year. That is why Mercedes-Benz offers reliable, and updated navigation data to help get you where you need to go effortlessly.

The Navigation Map Updates are available for purchase from your authorized Mercedes-Benz dealer. The system can route you through more than 6.2 million miles of navigable roads in the United States and Canada. Just enter the address on the intelligent destination input screen, and the system takes over, guiding you audibly and with a clear and detailed 7" LCD map display. Do you need an idea where to go? The Navigation System also offers 2.3 million Points of Interest in 70 categories including ATMs, restaurants, hotels, airports, museums and more.

Navigation system data includes the United States, Canada, Puerto Rico, Hawaii and Virgin Islands. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place. See your authorized Mercedes-Benz dealer for availability and details.

This seat is BabySmart* compatible and LATCH* compatible with provided LATCH belt*.

*Please consult your owner’s manual or dealer for proper installation of your child seat. BabySmart/OCS Safety Information: Most Mercedes-Benz vehicles from MY 1998 through 2003, select models from 2004 through 2006, and current G-Class vehicles are equipped with BabySmart™. Mercedes-Benz vehicles equipped with BabySmart™ have a device that recognizes the presence of BabySmart™-equipped child seat when properly installed in the front passenger seat and deactivates the passenger front air bag (check your vehicle’s Operator’s Manual or labels located on the sides of your dashboard to verify). All current Mercedes-Benz models are equipped with the Occupant Classification System (OCS) (with exception of the G-Class) which is designed to turn off the front passenger’s front airbag when the system senses the weight of a typical child 12 months old or less plus the weight of a standard child restraint. See vehicle’s operators manual for important additional information on this system and further information regarding the transportation of children heavier than a typical 12 month old. All Mercedes-Benz child safety seats meet or exceed U.S. Department of Transportation standards. They are also suitable for use in older vehicles that do not have integrated LATCH (Lower Anchors and Tethers for Children) attachment points. Visit the National Highway Traffic Safety Administration’s website at <http://www.NHTSA.gov> for additional information about child safety seat laws and proper use.

I. Design & Development

Genuine Mercedes-Benz Accessories make your dream car a reality - while ensuring that it remains a Mercedes-Benz through and through:

- ▶ Individualization options are developed in accordance with the Mercedes-Benz car design philosophy.
- ▶ The use of CAD data from Mercedes-Benz Vehicle Development ensures precision-fit accessories.

II. Quality & Safety

When it comes to Mercedes-Benz vehicles, quality and safety are paramount. You can feel equally safe with Genuine Mercedes-Benz Accessories as a result of:

- ▶ Stringent safety measures and extensive load testing, including the use of crash test facilities and the wind tunnel.
- ▶ Harmonized development of both vehicle and Genuine Mercedes-Benz Accessories.

Mercedes through and through

Quality & Safety

When you drive a Mercedes-Benz, you do so for the best of reasons. Why should your choice of accessories be governed by different standards? Pioneering when it comes to design and technology, Genuine Mercedes-Benz Accessories deliver on the promises of a major brand.

III. Function & Operation

Genuine Mercedes-Benz Accessories form part of the vehicle concept from the outset. This results in impressive functional solutions:

- ▶ Fully integrated telematics products can be operated safely and conveniently using the multifunctional steering wheel.
- ▶ Roof-mounted carrier systems can be fitted quickly and without the use of additional tools.
- ▶ Instructions and manuals are in standard format and easy to understand.

IV. Advice & Fitting

No one is as familiar with the ins and outs of your vehicle as our dealers. And the same goes for Genuine Mercedes-Benz Accessories:

- ▶ Contact your authorized Mercedes-Benz dealer for expert advice.
- ▶ Trust Mercedes-Benz specialists when it comes to fitting Genuine Mercedes-Benz Accessories.

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-U.S. equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require professional installation and/or additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories. Speak with a representative at your local authorized Mercedes-Benz dealership for current pricing on Genuine Mercedes-Benz Accessories. Visit accessories.mbusa.com to shop online or call 1-800-FOR-MERCEDES (367-6372) to obtain the Lifestyle Collection catalog.
